Look At Egypt:

Egypt Christina Riggs, 2017-04-15 From Roman villas to Hollywood films ancient Egypt has been a source of fascination and inspiration in many other cultures But why exactly has this been the case In this book Christina Riggs examines the history art and religion of ancient Egypt to illuminate why it has been so influential throughout the centuries In doing so she shows how the ancient past has always been used to serve contemporary purposes Often characterized as a lost civilization that was discovered by adventurers and archeologists Egypt has meant many things to many different people Ancient Greek and Roman writers admired ancient Egyptian philosophy and this admiration would influence ideas about Egypt in Renaissance Europe as well as the Arabic speaking world By the eighteenth century secret societies like the Freemasons looked to ancient Egypt as a source of wisdom but as modern Egypt became the focus of Western military strategy and economic exploitation in the nineteenth and early twentieth centuries its ancient remains came to be seen as exotic primitive or even dangerous tangled in the politics of racial science and archaeology The curse of the pharaohs or the seductiveness of Cleopatra were myths that took on new meanings in the colonial era while ancient Egypt also inspired modernist anti colonial movements in the arts such as in the Harlem Renaissance and Egyptian Pharaonism Today ancient Egypt whether through actual relics or through cultural homage can be found from museum galleries to tattoo parlors Riggs helps us understand why this lost civilization continues to be a touchpoint for defining and debating who we are today [Look Japan](#) ,1988

Cole, 2018-04-17 From about 2000 BCE onward Egypt served as an important nexus for cultural exchange in the eastern Mediterranean importing and exporting not just wares but also new artistic techniques and styles Egyptian Greek and Roman craftsmen imitated one another's work creating cultural and artistic hybrids that transcended a single tradition Yet in spite of the remarkable artistic production that resulted from these interchanges the complex vicissitudes of exchange between Egypt and the Classical world over the course of nearly 2500 years have not been comprehensively explored in a major exhibition or publication in the United States It is precisely this aspect of Egypt's history however that *Beyond the Nile* uncovers Renowned scholars have come together to provide compelling analyses of the constantly evolving dynamics of

cultural exchange first between Egyptians and Greeks during the Bronze Age then the Archaic and Classical periods of Greece and finally Ptolemaic Egypt and later when Egypt passed to Roman rule with the defeat of Cleopatra Beyond the Nile a milestone publication issued on the occasion of a major international exhibition will become an indispensable contribution to the field With gorgeous photographs of more than two hundred rare objects including frescoes statues obelisks jewelry papyri pottery and coins this volume offers an essential and inter disciplinary approach to the rich world of artistic cross pollination during antiquity

The Nile and Egyptian Civilization Alexandre Moret,1927 *Hansard's Parliamentary Debates* Great Britain. Parliament,1884 **Parliamentary Debates** ,1882 *The Egyptian Press and Coverage of Local and International Events* Mohamed El-Bendary,2010-03-01 The Egyptian press has a large readership and potential influence on public opinion in Egypt and the Arab world The Egyptian Press and Coverage of Local and International Events analyzes this understudied area Written in Egypt the book is formed of five chapters and analyzes in qualitative and quantitative methods close to 300 newspaper and magazine articles It studies the Egyptian press and investigates the challenges it faces to be compatible with that in the west and evaluates the renowned book Four Theories of the press and whether today s Egyptian press can fit in one of those theories It also looks at the concepts of framing and discourse analysis adopted later The author examines how the Egyptian press framed the Sudanese refugees riot in Cairo in December 2005 by the top thirteen Egyptian national independent and party newspapers It found that independent and party newspapers enjoy more freedom than national ones in criticizing government and the way police tackled the protest However independent newspapers were more vigorous in their criticism than party ones The author observes that the weekly magazines tended to frame their coverage in a somewhat anti government slant accusing authorities and ferry owners of failure and corruption Finally the book compares coverage of the Israeli War in Lebanon in July 2006 by Egypt s giant semi official daily newspaper Al Ahram with that by two prominent non Egyptian pan Arab dailies Al Hayat and Asharq Al Awsat He finds that while Al Hayat and Asharq Al Awsat which are owned by Saudi businessmen portrayed Hizbullah in an unfavorable manner Al Ahram was somewhat favorable in its coverage of the Lebanese resistance group
