A New Deal for Native Art Jennifer McLerran, 2022-08-16 As the Great Depression touched every corner of America the New Deal promoted indigenous arts and crafts as a means of bootstrapping Native American peoples But New Deal administrators' romanticization of indigenous artists predisposed them to favor pre-industrial forms rather than art that responded to contemporary markets In *A New Deal for Native Art* Jennifer McLerran reveals how positioning the native artist as a pre-modern Other served the goals of New Deal programs and how this sometimes worked at cross purposes with promoting native self-sufficiency She describes federal policies of the 1930s and early 1940s that sought to generate an upscale market for Native American arts and crafts And by unraveling the complex ways in which commodification was negotiated and the roles that producers consumers and New Deal administrators played in that process she sheds new light on native art's commodity status and the artist's position as colonial subject In this first book to address the ways in which New Deal Indian policy specifically advanced commodification and colonization McLerran reviews its multi-pronged effort to improve the market for Indian art through the

Indian Arts and Crafts Board arts and crafts cooperatives murals museum exhibits and Civilian Conservation Corps projects Presenting nationwide case studies that demonstrate transcultural dynamics of production and reception she argues for viewing Indian art as a commodity as part of the national economy and as part of national political trends and reform efforts McLerran marks the contributions of key individuals from John Collier and Rene d Harnoncourt to Navajo artist Gerald Nailor whose mural in the Navajo Nation Council House conveyed distinctly different messages to outsiders and tribal members Featuring dozens of illustrations A New Deal for Native Art offers a new look at the complexities of folk art revivals as it opens a new window on the Indian New Deal

Drawing Back Culture Ann M. Tweedie, 2015-08-17 The Makah Indians of Washington State briefly in the national spotlight when they resumed their ancient whaling traditions in 1999 have begun a process that will eventually lead to the repatriation of objects held by museums and federal agencies nationwide *Drawing Back Culture* describes the early stages of the tribe's implementation of what some consider to be the most important piece of cultural policy legislation in the history of the United States the Native American Graves Protection and Repatriation Act NAGPRA NAGPRA was passed by Congress in 1990 to give Native people a mechanism through which they could reclaim specific objects of importance to the tribe Because NAGPRA definitions were intended for widespread applicability each tribe must negotiate a fit between these definitions and their own material culture The broad range of viewpoints within any given tribal community creates internal negotiations over NAGPRA surrounding the identification and eventual return of such objects Negotiations also arise concerning the nature of ownership At the heart of this ongoing struggle are themes relevant to indigenous studies worldwide the central role of material culture in cultural revitalization movements concerns with intellectual property rights and self representation and the trend towards professional cultural resource management among indigenous peoples The conception of ownership lies at the heart of the Makahs struggle to implement NAGPRA Tweedie explores their historical patterns of ownership and demonstrates the challenges of implementing legislation which presumes a concept of communal ownership foreign to the Makahs highly developed and historically documented patterns of personal ownership of both material culture and intellectual property *Drawing Back Culture* explores how NAGPRA implementation has been working at the tribal level from the perspective of a tribe struggling to fit the provisions of the law with its own sense of history ownership and the drive for cultural renewal

Chicano Folklore Rafaela Castro, 2001-11-15 Originally published under title *Dictionary of Chicano folklore* Santa Barbara Calif ABC CLIO c2000 *Exhibiting Mestizaje* Karen Mary Davalos, 2001 In this authoritative study Davalos challenges the sometimes hidden sometimes blatant assumptions that underlie the practice of creating museum exhibits and asks what happens when people of Mexican American descent put themselves in command of the collection display and interpretation of their cultural products Advancing a Chicana feminist interpretation Davalos carefully explores both the history of nineteenth and twentieth century museum practices and the more recent phenomenon of physically locating Mestizo Chicano art within insider spaces such as ethnically or racially specific cultural institutions and alternative galleries Just as public museums instruct visitors about who does and who does not belong to a nation's cultural legacy Davalos makes clear that exhibitions in so called minority museums are likewise shaped by notions of difference and nationalism and by the politics of identity and race Davalos pays particular attention to

museum and cultural centers in major Mexican diaspora communities including the Mexican Fine Arts Museum in Chicago and Galeria de la Raza in San Francisco Throughout she critically examines Chicano Mexican Mestizo and Mexican American subjectivities as they are expressed in curatorial decisions and practices in educational materials and catalog texts and in the performances and other public events that accompany museum exhibits That practice what Davalos calls exhibiting mestizaje produces complex representations of Mexican Americans Davalos s analysis shows clearly that the value of mestizaje and diaspora lies in their ability to create a cultural poetics from fluidity and conflict Davalos accomplishes the difficult task of discussing Chicano art as both aesthetic and political work She does not reduce artistic expression to political propaganda but neither does she examine aesthetic issues in isolation from the social processes that give them shape and meaning
