Modelli Di Santità E Modelli Di Comportamento:

Holy Bishops in Late Antiquity Claudia Rapp, 2013-05-01 Between 300 and 600 Christianity experienced a momentous change from persecuted cult to state religion. One of the consequences of this shift was the evolution of the role of the bishop as the highest Church official in his city from model Christian to model citizen. Claudia Rapp's exceptionally learned innovative and groundbreaking work traces this transition with a twofold aim: to deemphasize the reign of the emperor Constantine, which has traditionally been regarded as a watershed in the development of the Church as an institution, and to bring to the fore the continued importance of the religious underpinnings of the bishop's role as civic leader. Rapp rejects Max Weber's categories of charismatic versus institutional authority that have traditionally been used to distinguish the nature of episcopal authority from that of the ascetic and holy man. Instead, she proposes a model of spiritual authority, ascetic authority, and pragmatic authority in which a bishop's visible asceticism is taken as evidence of his spiritual powers, and at the same time provides the justification for his public role. In clear and graceful prose, Rapp provides a wholly fresh analysis of the changing dynamics of social mobility as played out in episcopal appointments.

Santità, culti, agiografia Autori Vari, 2011-07-18 T00:00:00+02:00 Gli studi sulla santità sui culti e sull'agiografia hanno rappresentato negli ultimi decenni uno dei settori più innovativi della ricerca storiografica. Particolarmente significativo è stato il confronto con interessi e metodi di discipline diverse da quelle tradizionalmente limitate alla storia religiosa: iconografia, liturgia, ad altre con le quali i rapporti sono stati più dialettici: antropologia, sociologia, storia politica e sociale, storia della letteratura e dell'arte. Il volume offre una messa a punto metodologica e storiografica e insieme affronta nuovi problemi e indica nuove prospettive di ricerca. Le sezioni in cui articolato riflettono questa impostazione. La prima, Cronologia e geografia, risponde alla necessità di far interagire nuove coordinate temporali, dalla tarda antichità fino all'età contemporanea, e geografiche, tradizioni religiose diverse anche non cristiane, in particolare l'Islam. La seconda, Scritture e immagini, propone una rinnovata attenzione alle testimonianze agiografiche tradizionali, considerate nella loro complementarità e nelle loro intersezioni. La terza, infine, Carismi, canonizzazioni, devozioni, prospetta nuovi percorsi nel rapporto tra costruzione della santità, riconoscimento ufficiale e pratiche del culto.

Crossing Confessional Boundaries John Renard, 2020-01-28 Arguably the single most important element in Abrahamic cross-confessional relations has been an ongoing mutual interest in perennial spiritual and ethical exemplars of one another's communities. Ranging from Late Antiquity through the Middle Ages, *Crossing Confessional Boundaries* explores the complex roles played by saints, sages, and Friends of God in the communal and intercommunal lives of Christians, Muslims, and Jews across the Mediterranean world, from Spain and North Africa to the Middle East to the Balkans. By examining these stories in their broad institutional, social, and cultural contexts, *Crossing Confessional Boundaries* reveals unique theological insights into the interlocking histories of the Abrahamic faiths.

alla santità nella società contemporanea l'esito di una lunga storia. Il culto dei santi fin dai primi secoli del cristianesimo ha rivestito un ruolo centrale dal punto di vista non solo religioso ma anche sociale, politico e culturale. Se nel periodo delle origini si trattava di un fenomeno esteso all'intera area del Mediterraneo a partire dal medioevo in particolare per il ruolo svolto dalla Chiesa romana nel riconoscimento ufficiale della santità, il culto dei santi ha acquisito in Occidente caratteristiche sempre più specifiche destinate ad accentuarsi nel mondo cattolico dopo la Riforma protestante e il Concilio di Trento coinvolgendo il continente americano e le altre terre di missione e in maniera crescente in età contemporanea in particolare durante il pontificato di Giovanni Paolo II. Affidandosi a sei dei maggiori specialisti del settore, il volume propone una trattazione sistematica della santità e del culto dei santi considerati nella loro interazione mettendo a fuoco i prodotti culturali letterari e artistici che essi hanno ispirato e che nello stesso tempo li hanno propagandati e perpetuati. **Terze Pagine.**

Biografismi e storie all'ombra di Clio Roberto Bonuglia, 2023-03-27 Il volume raccoglie una serie di articoli selezionati per offrire agli studenti e ai laureandi un saggio di metodo orientato a una delle più nobili tradizioni giornalistiche oggi scomparsa: quella della Terza pagina. Biografismi e storie culturali diversi tra loro ma legati al contempo da un sottile filo rosso: l'esigenza provata in un'epoca di imperante destoricizzazione della cultura di ricordare, trasmettere e in parte ricostruire episodi e protagonisti degli stessi che da cronaca, l'inesorabile passaggio del tempo ha fatto divenire storia portandoli entro i confini del regno di Clio. Il volume, un omaggio a Lei, Musa e fedele compagna di ormai un ventennio di ricerca e didattica.

Patristic Theories of Biblical Interpretation Tarmo Toom, 2016-06-16 This volume provides an in-depth analysis of patristic hermeneutics for those who research, teach or study the early church and the interpretation of Scripture. It focuses exclusively on Latin authors such as Jerome, Augustine and Gregory whose writings contain substantial discussion of hermeneutics and who were known, read and cited in the Middle Ages and beyond. In this collection of essays, leading international experts in the field identify key passages on patristic hermeneutical theory and demonstrate how the works of these authors have been fundamental for Latin traditions of biblical interpretation. *Patristic Theories of Biblical Interpretation* offers a selective yet comprehensive guide to a previously understudied area. **Wives, Widows, Mistresses, and Nuns in**

Early Modern Italy Katherine A. McIver, 2016-12-05 Through a visually oriented investigation of historical invisibility in early modern Italy, the essays in this volume recover those women: wives, widows, mistresses, the illegitimate who have been erased from history in modern literature, rendered invisible or obscured by history or scholarship, as well as those who were overshadowed by male relatives, political accident or spatial location. A multi-faceted invisibility of the individual and of the object is the thread that unites the chapters in this volume. Though some women chose to be invisible, for example the cloistered nun, these essays show that in fact their voices are heard or seen through their commissions and their patronage of the arts, which afforded them some visibility. Invisibility is also examined in terms of commissions which are no longer extant or are inaccessible. What is revealed throughout the essays is a new way of looking at works of art, a new way to visualize the

past by addressing representational invisibility the marginalized or absent subject or object and historical in visibility to discover who does the looking and how this shapes how something or someone is visible or invisible The result is a more nuanced understanding of the place of women and gender in early modern Italy
