Modern American Spiritualism 1869

Barbara Weisberg

Modern American Spiritualism 1869:

Spiritualism in Nineteenth-Century New Orleans Melissa Daggett, 2016-12-02 Modern American Spiritualism blossomed in the 1850s and continued as a viable faith into the 1870s Because of its diversity and openness to new cultures and religions New Orleans provided fertile ground to nurture Spiritualism and many s ance circles flourished in the Creole Faubourgs of Trem and Marigny as well as the American sector of the city Melissa Daggett focuses on Le Cercle Harmonique the francophone s ance circle of Henry Louis Rey 1831 1894 a Creole of color who was a key civil rights activist author and Civil War and Reconstruction leader His life has so far remained largely in the shadows of New Orleans history partly due to a language barrier Spiritualism in Nineteenth Century New Orleans focuses on the turbulent years between the late antebellum period and the end of Reconstruction Translating and interpreting numerous primary sources and one of the only surviving registers of s ance proceedings Daggett has opened a window into a fascinating life as well as a period of tumult and change She provides unparalleled insights into the history of the Creoles of color and renders a better understanding of New Orleans s complex history The author weaves an intriguing tale of the supernatural of chaotic post bellum politics of transatlantic linkages and of the personal triumphs and tragedies of Rey as a notable citizen and medium Wonderful illustrations reproductions of the original spiritual communications and photographs many of which have never before appeared in published form accompany this study of Rey and his world [The Politics of Anxiety in Nineteenth-Century American Literature](#) Justine S. Murison, 2011-04-21 For much of the nineteenth century the nervous system was a medical mystery inspiring scientific studies and exciting great public interest Because of this widespread fascination the nerves came to explain the means by which mind and body related to each other By the 1830s the nervous system helped Americans express the consequences on the body and for society of major historical changes Literary writers including Nathaniel Hawthorne and Harriet Beecher Stowe used the nerves as a metaphor to re imagine the role of the self amidst political social and religious tumults including debates about slavery and the revivals of the Second Great Awakening Representing the romance of the nervous system and its cultural impact thoughtfully and at times critically the fictional experiments of this century helped construct and explore a neurological vision of the body and mind Murison explains the impact of neurological medicine on nineteenth century literature and culture *Fits, Trances, and Visions* Ann Taves, 2020-03-31 Fits trances visions speaking in tongues clairvoyance out of body experiences possession Believers have long viewed these and similar involuntary experiences as religious as manifestations of God the spirits or the Christ within Skeptics on the other hand have understood them as symptoms of physical disease mental disorder group dynamics or other natural causes In this sweeping work of religious and psychological history Ann Taves explores the myriad ways in which believers and detractors interpreted these complex experiences in Anglo American culture between the mid eighteenth and early twentieth centuries Taves divides the book into three sections In the first ranging from 1740 to 1820 she examines the debate over trances visions and

other involuntary experiences against the politically charged backdrop of Anglo American evangelicalism established churches Enlightenment thought and a legacy of religious warfare In the second part covering 1820 to 1890 she highlights the interplay between popular psychology particularly the ideas of animal magnetism and mesmerism and movements in popular religion the disestablishment of churches the decline of Calvinist orthodoxy the expansion of Methodism and the birth of new religious movements In the third section Taves traces the emergence of professional psychology between 1890 and 1910 and explores the implications of new ideas about the subconscious mind hypnosis hysteria and dissociation for the understanding of religious experience Throughout Taves follows evolving debates about whether fits trances and visions are natural and therefore not religious or supernatural and therefore religious She pays particular attention to a third interpretation proposed by such mediators as William James according to which these experiences are natural and religious Taves shows that ordinary people as well as educated elites debated the meaning of these experiences and reveals the importance of interactions between popular and elite culture in accounting for how people experienced religion and explained experience Combining rich detail with clear and rigorous argument this is a major contribution to our understanding of Protestant revivalism and the historical interplay between religion and psychology , [The American Catalogue of Books: 1866-1871 ... with Supplement containing names of learned societies and ... their publications, 1866-1871](#) ,1871

Music and the Paranormal Melvyn J. Willin,2022-01-18 Exploring the paranormal through musical phenomena this encyclopedia covers a range of anomalies from musical mediumship to locations throughout the world where music has been heard with no obvious source Other manifestations such as the abilities of musical savants and the anesthetic use of music during surgical procedures are included with a focus on parapsychical aspects Entries describe examples from earliest history up to the present interpretation is left to the reader Broader themes and concepts are discussed in appendices with additional references provided for further study **Radical Spirits** Ann Braude,2020-05-25 Braude has discovered a crucial link between the early feminists and the spiritualists who so captured the American imagination Los Angeles Times In *Radical Spirits* Ann Braude contends that the early women s rights movement and Spiritualism went hand in hand Her book makes a convincing argument for the importance of religion in the study of American women s history In this new edition Braude discusses the impact of the book on the scholarship of the last decade and assesses the place of religion in interpretations of women s history in general and the women s rights movement in particular A review of current scholarship and suggestions for further reading make it even more useful for contemporary teachers and students It would be hard to imagine a book that more insightfully combined gender social and religious history together more perfectly than *Radical Spirits* Braude still speaks powerfully to unique issues of women s creativity spiritual as well as political in a superb account of the controversial nineteenth century Spiritualist movement Jon Butler Howard R Lamar Professor Emeritus of American Studies History and Religious Studies at Yale University Continually rewarding The New York Times Book Review

A fascinating well researched and scholarly work on a peripheral aspect of the rise of the American feminist movement

Talking to the Dead Barbara Weisberg, 2009-10-13 Barbara Weisberg's *Talking to the Dead* blends biography and social history in this revelatory story of the family responsible for the rise of Spiritualism A fascinating story of spirits and conjurors skeptics and converts in the second half of nineteenth century America viewed through the lives of Kate and Maggie Fox the sisters whose purported communication with the dead gave rise to the Spiritualism movement and whose recanting forty years later is still shrouded in mystery In March of 1848 Kate and Maggie Fox sisters aged eleven and fourteen anxiously reported to a neighbor that they had been hearing strange unidentified sounds in their house From a sequence of knocks and rattles translated by the young girls as a voice from beyond the Modern Spiritualism movement was born *Talking to the Dead* follows the fascinating story of the two girls who were catapulted into an odd limelight after communicating with spirits that March night Within a few years tens of thousands of Americans were flocking to séances An international movement followed Yet thirty years after those first knocks the sisters shocked the country by denying they had ever contacted spirits Shortly after the sisters once again changed their story and reaffirmed their belief in the spirit world Weisberg traces not only the lives of the Fox sisters and their family including their mysterious Svengali like sister Leah but also the social religious economic and political climates that provided the breeding ground for the movement While this is a thorough compelling overview of a potent time

in US history it is also an incredible ghost story Carnival Art, Culture and Politics Michaeline Crichlow, 2013-09-13

Drawing on rich insights from cultural post structural and postcolonial studies this book demands that we rethink Carnival and the carnivalesque as not just celebratory moments or even as critical subtext but also as insightful performatives of social life anywhere given the entangled times and spaces of these performances The authors review Carnival s performative aspects not merely as a calendrical festival but rather center attention on the relationship between carnival and everyday life and on how people negotiate their social spaces and possibilities in the context of modern power The book therefore seeks to highlight the knotted time spaces of power and to demonstrate the dynamic interplay between state spaces and people s spaces that are being weaved by carnival s interlocutors It demonstrates how Carnival and the Carnivalesque become analytic optics through which the relations of power in the social and political life of subjects who seek to tacitly or strategically vary their given identities can be productively engaged This book was originally published as a special issue of Social Identities Journal for the Study of Race Nation and Culture

Modern American Spiritualism 1869 Introduction

In today's digital age, the availability of Modern American Spiritualism 1869 books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Modern American Spiritualism 1869 books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Modern American Spiritualism 1869 books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Modern American Spiritualism 1869 versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Modern American Spiritualism 1869 books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Modern American Spiritualism 1869 books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Modern American Spiritualism 1869 books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Modern American

Spiritualism 1869 books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Modern American Spiritualism 1869 books and manuals for download and embark on your journey of knowledge?

FAQs About Modern American Spiritualism 1869 Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Modern American Spiritualism 1869 is one of the best book in our library for free trial. We provide copy of Modern American Spiritualism 1869 in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Modern American Spiritualism 1869. Where to download Modern American Spiritualism 1869 online for free? Are you looking for Modern American Spiritualism 1869 PDF? This is definitely going to save you time and cash in something you should think about.
