The Oxford Handbook of Greek Drama in the Americas Kathryn Bosher, Fiona Macintosh, Justine McConnell, Patrice Rankine, 2015-11-05 The Oxford Handbook of Greek Drama in the Americas is the first edited collection to

discuss the performance of Greek drama across the continents and archipelagos of the Americas from the beginning of the nineteenth century to the present. The study and interpretation of the classics have never been restricted by geographical or linguistic boundaries but in the case of the Americas long colonial histories have often imposed such boundaries arbitrarily. This volume tracks networks across continents and oceans and uncovers the ways in which the shared histories and practices in the performance arts in the Americas have routinely defied national boundaries. With contributions from classicists, Latin American specialists, theatre and performance theorists and historians, the Handbook also includes interviews with key writers including Nobel Laureate Derek Walcott, Charles Mee and Anne Carson, and leading theatre directors such as Peter Sellars, Carey Perloff, Hector Daniel Levy and Heron Coelho. This richly illustrated volume seeks to define the complex contours of the reception of Greek drama in the Americas and to articulate how these different engagements at local, national or trans-continental levels, as well as across borders, have been distinct both from each other and from those of Europe and Asia.

The Theatre of Eugene O'Neill Kurt Eisen, 2017-11-16. Named a Choice Outstanding Academic Title of the Year 2018. The Theatre of Eugene O'Neill offers a new comprehensive overview of O'Neill's career and plays in the context of the American theatre. Organised thematically, it considers his modernist intervention in the theatre, offers readers detailed analysis of the plays and assesses the recent resurgence in his reputation and new approaches to staging his work. It includes a study of all his major plays: *The Emperor Jones*, *The Hairy Ape*, *The Iceman Cometh*, *Long Day's Journey Into Night*, *A Moon for the Misbegotten* and *Desire Under the Elms*, besides numerous other full-length and one-act dramas. Eugene O'Neill is generally credited with inventing modern American drama in a time of cultural ferment and lively artistic and intellectual change. Yet O'Neill's theatrical instincts were always shaped by American stage traditions that were inextricable from his sense of himself and his own national culture. This study shows that his theatrical modernism represents not so much a break from these traditions as a reinvention of their scope and significance in the context of international stage modernism, offering an image of national culture and character that opens new possibilities for the stage while remaining rooted in its past. Kurt Eisen traces O'Neill's modernism throughout the dramatist's work: his attempts to break from the themes, plots and moral conventions of the traditional melodramatic theatre; his experiments in stagecraft and theme; and their connection to traditional theatre and his European modernist contemporaries: the turn toward direct and indirect self-representation and his critique of the family and of American pipe dreams and the allure of success. The volume additionally features four contributed essays providing further critical perspectives on O'Neill's work alongside a chronology of the writer's life and times.
