Modernism on Stage Juliet Bellow, 2017-07-05 Modernism on sociology and cultural history as well as the general reader Stage restores Serge Diaghilev's Ballets Russes to its central role in the Parisian art world of the 1910s and 1920s During those years the Ballets Russes stage served as a dynamic forum for the interaction of artistic genres dance music and painting in a mixed media form inspired by Richard Wagner's Gesamtkunstwerk total work of art This interdisciplinary study combines a broad history of Diaghilev's troupe with close readings of four ballets designed by canonical modernist artists Pablo Picasso Sonia Delaunay Henri Matisse and Giorgio de Chirico Experimental both in concept and form these productions redefine our understanding of the interconnected worlds of the visual and performing arts elite culture and mass entertainment in Paris between the two world wars This volume traces the ways in which artists working with the Ballets Russes adapted painterly styles to the temporal three dimensional and corporeal medium of ballet Analyzing interactions among sets costumes choreography and musical accompaniment the book establishes what the Ballets Russes productions looked like and how audiences reacted to them Juliet Bellow brings dance to bear upon modernist art history as more than a source of imagery or ornament she spotlights a complex dialogue among art forms that did not preclude but rather enhanced artists interrogation of the limits of medium **Contemporary Art and the Home** Colin Painter, 2020-05-26 The home is for many people the location for their most intense relationships with visual things Because they are constructed through the objects we choose domestic spaces are deeply revealing of a range of cultural issues. How is our interpretation of an object affected by the domestic environment in which it is placed Why choose a stainless steel teapot over a leopard print one How do the images hanging on the walls of our homes arrive there In placing contemporary art in the context of the ordinary home this book embarks on the contentious topic of whether high art impacts on ordinary people What is the size and nature of the audience for contemporary art in Britain Do people really visit more art galleries than attend football matches What is the significance of the home in relation to such questions Indeed what constitutes art in the home This book carefully unpicks these questions as well as the troubled relationship between the home as a place of comfort and reassurance and the often unsettling and challenging images offered by contemporary art Within the art world the home has been addressed as a subject and even used as a temporary gallery and a space for installations and yet it is not common for works by todays avant garde artists to be conceived and marketed to participate in the domestic lives that most people live Handsomely illustrated this book unites contemporary art craft and design with sociology anthropology and cultural studies to provide an unusual and forthright addition to ongoing art and culture debates
