

Modern Campaigns Guadalcanal 194

Larry Schweikart,Dave Dougherty

Modern Campaigns Guadalcanal 194:

Modern China Bruce A. Elleman, S. C. M. Paine, 2019-02-18 Now in a fully updated edition this accessible text provides a balanced history of modern China in a global context Through years of living and research in China Taiwan Japan and Russia the authors are deeply qualified to understand China's internal dynamics as well as its foreign relations over centuries Arguing that modern Chinese history cannot be understood without a deep appreciation of the outside factors that have influenced the country the authors focus on China's near neighbors especially Japan and Russia They also emphasize the tragic role of almost endless warfare throughout Chinese history Providing a unique comparative approach the authors bridge the cultural divide separating Chinese history from Western readers trying to understand it Specifically geared to the teaching requirements of the semester system the book is divided into four parts and a total of twenty eight chapters corresponding either to two chapters per week in a fourteen week semester or one chapter per week in a two semester course

War in the Modern World since 1815 Jeremy Black, 2013-10-11 Conflict is central to human history It is often the cause course and consequence of social cultural and political change Military history therefore has to be more than a technical analysis of armed conflict *War in the Modern World since 1815* addresses war as a cultural phenomenon discusses its meaning in different societies and explores the various contexts of military action

Sacrifice and Modern War Writing Alex Houen, 2024-09-05 *Sacrifice and Modern War Writing* presents the most extensive study to date of twentieth and twenty first century war writing Examining works by over 110 authors Alex Houen surveys how war writing explores sacrifice in relation to major modern and contemporary conflicts from the First World War to the War on Terror Various conceptions of sacrifice are examined including Christian Jewish Islamic and secular The discussion ranges across literary portrayals of multiple sacrificial practices including ancient rituals of child sacrifice martyrdom scapegoating and suicide bombing Houen builds an innovative interdisciplinary approach to how war sacrifice and their representations interrelate and a wide range of Anglophone literature is discussed including novels memoirs short stories essays manifestoes elegies ballads and lyric poetry Whereas critics and theorists have tended to emphasize that war's reality exceeds any attempt to represent it Houen contends that political religious and cultural frames of sacrifice have continued to play a significant part in shaping how war's reality is shaped and experienced Those frames are inextricably tied to modes of representation which include symbolism and mimesis *Sacrifice and Modern War Writing* explores how sacrificial killing in war is itself riddled with symbolic transfigurations and mimetic exchanges and it builds a fresh approach by arguing that the figurative and imaginative aspects of literary writing ironically become its very means of engaging closely with the reality of war's sacrifices That approach also develops by using the literary analyses to critique and revise various prominent theories of sacrifice and war

A Patriot's History® of the Modern World, Vol. I Larry Schweikart, Dave Dougherty, 2012-10-11 America's story from 1898 to 1945 is nothing less than the triumph of American exceptionalism over liberal progressivism despite a few temporary victories by the

latter Conservative historian Larry Schweikart has won wide acclaim for his number one New York Times bestseller *A Patriot's History of the United States*. It proved that contrary to the liberal biases in countless other history books America had not really been founded on racism, sexism, greed, and oppression. Schweikart and coauthor Michael Allen restored the truly great achievements of America's patriots, founders, and heroes to their rightful place of honor. Now Schweikart and coauthor Dave Dougherty are back with a new perspective on America's half-century rise to the center of the world stage. This all-new volume corrects many of the biases that cloud the way people view the Treaty of Versailles, the Roaring Twenties, the Crash of 1929, the deployment of the atomic bomb, and other critical events in global history. Beginning with the Spanish American War, which introduced the United States as a global military power that could no longer be ignored, and continuing through the end of World War II, this book shows how a free capitalist nation could thrive when put face to face with tyrannical and socialist powers. Schweikart and Dougherty narrate the many times America proved its dominance by upholding the principles on which it was founded and struggled on the rare occasions when it strayed from those principles. The authors make a convincing case that America has constantly been a force for good in the world, improving standards of living, introducing innovations, guaranteeing liberty, and offering opportunities to those who had none elsewhere. They also illustrate how the country ascended to superpower status at the same time it was figuring out its own identity. While American ideals were defeating tyrants abroad, a constant struggle against progressivism was being waged at home, leading to the stumbles of the Great Depression, the New Deal, and the attack on Pearl Harbor. Despite this rocky entrance on the world stage, it was during this half-century that the world came to embrace all things American, from its innovations and businesses to its political system and popular culture. The United States began to define what the rest of the world could emulate as the new global ideal. *A Patriot's History of the Modern World* provides a new perspective on our extraordinary past and offers lessons we can apply to preserve American exceptionalism today and tomorrow. **Richard Tregaskis** Ray E. Boomhower, 2021-11-15

In the late summer of 1942, more than ten thousand members of the First Marine Division held a tenuous toehold on the Pacific island of Guadalcanal. As American marines battled Japanese forces for control of the island, they were joined by war correspondent Richard Tregaskis. Tregaskis was one of only two civilian reporters to land and stay with the marines, and in his notebook he captured the daily and nightly terrors faced by American forces in one of World War II's most legendary battles, and it served as the premise for his bestselling book *Guadalcanal Diary*. One of the most distinguished combat reporters to cover World War II, Tregaskis later reported on Cold War conflicts in Korea and Vietnam. In 1964, the Overseas Press Club recognized his first-person reporting under hazardous circumstances by awarding him its George Polk Award for his book *Vietnam Diary*. Boomhower's riveting book is the first to tell Tregaskis's gripping life story, concentrating on his intrepid reporting experiences during World War II and his fascination with war and its effect on the men who fought it.

The Wars for Asia, 1911-1949 S. C. M. Paine, 2014-10-09 *The Wars for Asia, 1911-1949* shows that the Western

treatment of World War II the Second Sino Japanese War and the Chinese Civil War as separate events misrepresents their overlapping connections and causes The Chinese Civil War precipitated a long regional war between China and Japan that went global in 1941 when the Chinese found themselves fighting a civil war within a regional war within an overarching global war The global war that consumed Western attentions resulted from Japan s peripheral strategy to cut foreign aid to China by attacking Pearl Harbour and Western interests throughout the Pacific in 1941 S C M Paine emphasizes the fears and ambitions of Japan China and Russia and the pivotal decisions that set them on a collision course in the 1920s and 1930s The resulting wars together yielded a viscerally anti Japanese and unified Communist China the still angry rising power of the early twenty first century **Britain, Europe and the Modern World 1918-1968** Paul Richardson,1971-05-02

War as Spectacle Anastasia Bakogianni,Valerie M. Hope,2015-10-22 War as Spectacle examines the display of armed conflict in classical antiquity and its impact in the modern world The contributors address the following questions how and why was war conceptualized as a spectacle in our surviving ancient Greek and Latin sources How has this view of war been adapted in post classical contexts and to what purpose This collection of essays engages with the motif of war as spectacle through a variety of theoretical and methodological pathways and frameworks They include the investigation of the portrayal of armed conflict in ancient Greek and Latin Literature History and Material Culture as well as the reception of these ancient narratives and models in later periods in a variety of media The collection also investigates how classical models contribute to contemporary debates about modern wars including the interrogation of propaganda and news coverage Embracing an interdisciplinary approach to the study of ancient warfare and its impact the volume looks at a variety of angles and perspectives including visual display and its exploitation for political capital the function of internal and external audiences ideology and propaganda and the commentary on war made possible by modern media The reception of the theme in other cultures and eras demonstrates its continued relevance and the way antiquity is used to justify as well as to critique later conflicts *World War II* Carl J. Schneider,Dorothy Schneider,2014-07 Firsthand accounts and brief biographies describe how Americans were affected by the events surrounding World War II [Into the Void](#) James D Kiras,Martijn Kitzen,2024-09-15 A critical analysis of how global special forces can and should evolve into a future ready capability responding to today s post War on Terror challenges
