be considered as embodied expressions of the quest for existential meaning For practitioners the achievement of existential meaning requires the inclusion implication and mediation of the ancestors When gestures in ancestor rites are analyzed from this perspective it is possible to appreciate their essence as constitutive of ancestor religion This book uses an inquisitive method that investigates the discrepancies between foreign and local explanations and proposes another hermeneutic framework for ancestor related praxes

Being the Church Edward Rommen,2017-07-18 If the divine liturgy really is as beautiful as we claim wouldn t more people attend Wouldn t the church grow Driven by our desire for growth we count we analyze we make charts and we strategize but often with few discernible results That is probably the result of focusing on secondary aspects of church life As we know the very existence of a church is a gift of God s presence and not the result of any particular actions taken by human beings For that reason church is primarily about being something rather than doing or achieving something So the growth of the church is not reflected in ever increasing numbers dollars and activities but rather in steadily growing conformity to the divine ideal So in order to evaluate ecclesial growth we will first have to ask what the church is supposed to be One answer to that question is captured in the four marks of the church given in the creed Oneness Holiness Catholicity and Apostolicity These four characteristics serve as a matrix or framework within which we can focus on the primary aspects of ecclesial being and help it grow and become what it was intended to be

Lord, That I May See: Fundamentals of Christian Philosophy Matthew Robinson,2017-12-04 In Lord That I May See Fundamentals of Christian Philosophy Robinson surveys the most important concepts in classical philosophy and offers the student a solid foundation in reason In recent times the Catholic Church has been urging all of the faithful to come to a renewed appreciation and understanding of genuine philosophy The pedagogical method of this book is one that widens one s intellectual and spiritual lives in the faith Beautiful prayers and artwork are offered to help you elevate your hearts and minds to the things of God Since God has revealed Himself supernaturally by Divine Revelation and naturally by creation arguments are employed that make use of those avenues of knowledge of God Scripture and Tradition are cited to help ground you in the context of the Catholic Church a Church which is the pillar and ground of the truth 1 Tim 3 15
