Modern Descriptive English Grammar

Bernard O'Dwyer

Modern Descriptive English Grammar:

A Descriptive Grammar of English Andrew Rossiter, 2023-07-13 Revised and updated version 2023 Recommended in IATEFL Voices The magazine of the International Association for Teachers of English as a Foreign Language Andrew Rossiter's *A Descriptive Grammar of English by Example* should be included on your list of reference materials It reviews language as it is not only written but also spoken and will cater for learners from upper intermediate to advanced levels For the invested student this book is a huge step forward and having the English language laid out in such a user friendly approach is a welcome treat for non native teachers and learners Reviewed in TESOLANZ bulletin New Zealand All good useful stuff and made very user friendly with clear formatting and colour coding a useful compact grammar reference especially for those who want to improve their confidence in teaching grammar Reviewed in EFL Magazine This is a useful reference book to have on hand when planning for and teaching grammar lessons The clarity of explanations and wealth of examples alongside helpful visual keys provide both new and experienced teachers with something easy to dip into regardless of the language level they are teaching Reviewed in ELTAF Online bulletin Germany This book is very extensive without being too deep or analytical The author seems to have a great understanding of many of the challenges that teachers and learners have and tries to combat these challenges to make the English language more accessible for all This is a compact pedagogical reference Grammar of English for the 2020s thorough complete original clearly explained and accessible to all It covers in detail all the essential points of English grammar with abundant and carefully chosen examples and clear explanations avoiding the confusing jargon that is common to many books on English grammar Approaching grammar as a semantic system rather than from the more technical morphosyntactic approach currently favoured in the world of linguistics this book not only takes the mystery out of English grammar but also answers questions that students and teachers ask providing explanations that teachers can use and students can understand It pays particular attention to the tricky questions that often baffle speakers of other languages and even native speakers such as the use of articles and determiners or of conjunctions and connectors or when to use an s or an of for possession which past tense to use and other sometimes confusing points As a descriptive and pedagogical grammar it shows by example how English is used today and explains the principles or rules that define this usage Descriptive grammar does not mean grammar without rules but grammar with rules that reflect widely accepted contemporary usage While these rules are largely based on the norms of written English they apply too to spoken English and this book points out significant differences where they exist *A Descriptive Grammar of English* is designed to cater specifically to the needs of teachers and students in the real life situations of school university home study or language classes crucially it sets out to demonstrate how simple the underlying rules of basic English grammar really are not to show how complicated they can be It provides clear explanations of the many aspects of English grammar that native speakers seem to master intuitively but are at a loss to explain How is it that native speakers seem to know by intuition how to put

adjectives in the right order What s the difference between couldn t have and wasn t able to and so on Coherently organised and with a detailed table of contents it is a very useful handbook for teachers and students from B1 level **Modern Descriptive English Grammar** Hulon Willis,1972 *A Descriptive Grammar of English* Andrew Rossiter,2022-06-27 A Descriptive Grammar of English is a concise pedagogical reference grammar highlighting the fundamentals of contemporary English grammar clearly illustrated with unambiguous and pertinent examples of modern usage **English Grammar** Richard Hudson,2002-09-11 English Grammar helps users to understand grammatical concepts encourages the reader to practise applying newly discovered concepts to everyday texts teaches students to analyze almost every word in any English text provides teachers and students with a firm grounding in a system which they can both understand and apply The Structure of Modern English Laurel J. Brinton,2000 This text is designed for undergraduate and graduate students interested in contemporary English especially those whose primary area of interest is English as a second language Focus is placed exclusively on English data providing an empirical explication of the structure of the language **Descriptive English Grammar** Homer Clyde House,Susan Emolyn Harman,1931 **Reference Grammars and Modern Linguistic Theory** Gottfried Graustein,Gerhard Leitner,2011-11-21 Over the past few decades the book series Linguistische Arbeiten Linguistic Studies comprising over 500 volumes has made a significant contribution to the development of linguistic theory both in Germany and internationally The series will continue to deliver new impulses for research and maintain the central insight of linguistics that progress can only be made in acquiring new knowledge about human languages both synchronically and diachronically by closely combining empirical and theoretical analyses To this end we invite submission of high quality linguistic studies from all the central areas of general linguistics and the linguistics of individual languages which address topical questions discuss new data and advance the development of linguistic theory Modern English Structures - Second Edition Bernard O'Dwyer,2006-06-14 Modern English Structures is a clear and accessible text that follows a structural approach to teaching basic English grammar The book is divided into three parts what a sentence constituent is what a sentence constituent does and where a sentence constituent goes Form Function and Position The objective of the book is to bring students to a better understanding of sentence constituents and sentence structures providing them with appropriate terminology to discuss these forms and relationships This second edition has been revised and updated throughout The accompanying Modern English Structures Workbook parallels the text and provides useful training both in memorization and in higher order thinking skills *Multi-word Verbs in Early Modern English* Claudia Claridge,2016-10-11 The topic of this book fits in with the recently growing interest in phraseology and fixedness in English It offers a description of multi word verbs in the language of the 17th and 18th centuries an important formative period for Modern English For the first time multi word verbs are treated together as a group as it is argued that phrasal verbs prepositional verbs phrasal prepositional verbs verb adjective combinations and verbo nominal combinations share defining characteristics These characteristics are

also reflected in similar possibilities of usage in particular the subtle modification of verbal meaning and these verbs potential for topicalization structures both leading to a greater expressiveness Using a new text collection the Lampeter Corpus of Early Modern English Tracts 1640 1740 the study provides a description of the multi word verb types found their syntactic behaviour and their semantic structure The composition of the corpus also allowed the examination of the development of these verbs over time and in different registers The corpus study is supplemented by an investigation of attitudes towards multi word verbs with the help of contemporary works on language leading to a more speculative discussion of the factors influencing the choice between multi word and simplex verbs

The Linguistic Structure of Modern English Laurel J. Brinton, Donna Brinton, 2010 This text is for advanced undergraduate and graduate students interested in contemporary English especially those whose primary area of interest is English as a second language primary or secondary school education English stylistics theoretical and applied linguistics or speech pathology The emphasis is on empirical facts of English rather than any particular theory of linguistics the text does not assume any background in language or linguistics In this newly revised edition numerous example sentences are taken from the Corpus of Contemporary American English A full glossary of key terms an additional chapter on pedagogy and new sections on cognitive semantics and politeness have been added Other changes include completely updated print references web links to sites of special interest and relevance and a revised reader friendly layout A companion website that includes a complete workbook with self testing exercises and a comprehensive list of web links accompanies the book The website can be found at the following address <http://dx.doi.org/10.1075/z.156.workbook> Students completing the text and workbook will acquire a knowledge of the sound system of contemporary English an understanding of the formation of English words a comprehension of the structure of both simple and complex sentence in English a recognition of complexities in the expression of meaning an understanding of the context and function of use upon the structure of the language and an appreciation of the importance of linguistic knowledge to the teaching of English to first and second language learners Laurel J Brinton is Professor of English Language at the University of British Columbia Donna M Brinton is Senior Lecturer in TESOL at the University of Southern California s Rossier School of Education The Linguistic Structure of Modern English is a revised edition of The Structure of Modern English by Laurel J Brinton 2000

Whispering the Secrets of Language: An Psychological Journey through **Modern Descriptive English Grammar**

In a digitally-driven world where monitors reign supreme and instant connection drowns out the subtleties of language, the profound secrets and psychological subtleties concealed within words usually get unheard.
