Modern Economic Growth Simon Kuznets (Wirtschaftswissenschaftler), 1967 *Modern Economic Growth* Kuznets Simon, 1966 *Modern Economic Growth* Simon Smith Kuznets, 1972 *Modern Economic Growth: Rate Structure and Spread* Kuznets Simon, 1996 **Modern Economic Growth** Institut für Spektrochemie und Angewandte Spektroskopie, 1966 *Modern Economic Growth: Rate Structure and Spread* Kuznets Simon, 1996 **Modern Economic Growth** Simon Kuznets, 1966 **Modern Economic Growth** Simon Kuznets, 1973 *Patterns of Economic Development A Comparative Study* Mr. Rohit Manglik, 2022-09-22 Analyzes economic development strategies in different countries focusing on industrialization urbanization trade income inequality and development indicators **Jewish Economies (Volume 1)** Simon Kuznets, 2017-07-28 Nobel Laureate Simon Kuznets famous as the founder of modern empirical economics pioneered the quantitative study of the economic history of the Jews Yet until now his most important work on the subject was unpublished These volumes bring to the public for the first time the most important work written on Jewish economic history since that of Werner Sombart a century ago In the first volume Kuznets uses extensive original data to trace trends in the economic life of American Jews He measures quantitatively for the first time the legendary economic success of American Jews and discusses the foundations of these achievements Tracing their distinctive concentration in the professions he exposes the causes of the extreme inequalities in American Jewish economic life The immigrant origin of nearly all American Jews offers a unique case study in the process of assimilation that made American Jewry the ultimate American success story This offers an ideal prelude to the second forthcoming volume *Comparative Perspectives on Jewish Migration* The volume's editors also provide a unique perspective on Kuznets work In the introduction Weyl shows that many of Kuznets most influential ideas were inspired by his study of the economic history of the Jews Through careful analysis of shared themes and dozens of hours of detailed interviews Lo and Weyl reveal a new dimension of Kuznets thought to historical inquiry

Jewish Economies (Volume 2) Simon Kuznets, 2017-07-05 Nobel Laureate Simon Kuznets famous as the founder of modern empirical economics pioneered the quantitative study of the economic history of the Jews Yet until now his most important work on the subject was unpublished This second collection of previously unavailable material issued by Transaction brings to the public for the first time the most important economic work written on Jewish migration since that of Werner Sombart a century ago This volume of Kuznets work includes three main essays The first titled *Immigration and the Foreign Born* was Kuznets first work on immigration and discusses the impact of the general foreign born on the U S Kuznets and his co author Ernest Rubin offer the essay as a quantitative antidote to the misinformation that led many Jews to support the restrictions ending Jewish migration in the 1920s The second *Israel's Economic Development* discusses the impact of mass immigration and other factors on Israeli productivity providing in English for the first time one of the first detailed studies of the economic development of the state of Israel The final essay on *Immigration of Russian Jews* to the

United States is the most famous of Kuznets writings and provides a clear view backed by a seminal paper that launched the contemporary social scientific study of Jewry It discusses the details of the labor force skills and general structure of Eastern European Jewish immigrants to the U S *Structural Dynamics and Economic Growth* Richard Arena, Pier Luigi Porta, 2012-05-03 Ever since Adam Smith economists have been preoccupied with the puzzle of economic growth The standard mainstream models of economic growth were and often still are based either on assumptions of diminishing returns on capital with technological innovation or on endogenous dynamics combined with a corresponding technological and institutional setting An alternative model of economic growth emerged from the Cambridge School of Keynesian economists in the 1950s and 1960s This model developed mainly by Luigi Pasinetti emphasizes the importance of demand human learning and the growth dynamics of industrial systems Finally in the past decade new mainstream models have emerged incorporating technology or demand based structural change and extending the notion of balanced growth This collection of essays reassesses Pasinetti s theory of structural dynamics in the context of these recent developments with contributions from economists writing in both the mainstream and the Cambridge Keynesian traditions and including Luigi Pasinetti William Baumol Geoffrey Harcourt and Nobel laureate Robert Solow **A Bibliography of Historical Economics to 1980** Deirdre N. McCloskey, George K. Hersh, Jr, 1990 Historians and economists will find here what their fields have in common the movement since the 1950s known variously as cliometrics economic history or historical economics A leading figure in the movement Donald McCloskey has compiled with the help of George Hersh and a panel of distinguished advisors a highly comprehensive bibliography of historical economics covering the period up until 1980 The book will be useful to all economic historians as well as quantitative historians applied economists historical demographers business historians national income accountants and social historians *Contemporary Asian Modernities* Eva Kit-Wah Man, 2010 This book is a collection of selected essays presented at the International Symposium on Contemporary Asian Modernities Transnationality Interculturality and Hybridity hosted by the Humanities Programme of Hong Kong Baptist University in September 2006 As modernity has been used to describe the cultural economic and socio political conditions in the Western worlds the time in which we now live and the Asian countries where capitalistic transformation is extensively carried out are already articulating their own descriptions The essays collected here discuss the notions of contemporary Asia and modernities as they relate to the global trend of adopting capitalism They probe into questions related to modernity as well as global modernity ranging from China in particular to Asia in general As reflected in the pluriversal meanings in the title the book endeavours to make critical inquiries into the concept of modernity modernities from different perspectives *Handbook of Cliometrics* Claude Diebolt, Michael Hauptert, 2024-05-22 This handbook is a milestone in the field of historical economics and econometric history through its emphasis on the concrete contribution of cliometrics to our knowledge in economics and history The articles in the handbook authored by the leading scholars in the fields stress the usefulness of cliometrics for

economists historians and social scientists in general The handbook offers a comprehensive coverage of topics with each article providing an overview of the contributions of cliometrics to a particular topic The handbook has set a new standard of quality in the field by offering a world wide forum of discussion in cliometrics This updated and extended third edition of the handbook of cliometrics offers a substantially enlarged collection of articles and thus stresses its unique position as authoritative reference work in this field *The Origins of Japanese Industrial Power* Etsuo Abe,Robert

Fitzgerald,2014-02-04 The recognised success of the post war Japanese economy has rested on the qualities of its manufacturing industries This book explores the origins rationale and consequences of this transformation Using theoretical insights and detailed evidence it reviews the rise of the Japanese economy and the nature causes and changing objectives of vertical and horizontal integration ownership control financing and bank industry relations and the major operational functions of production human resources distribution and marketing **The Social Science Encyclopedia** Adam

Kuper,2004-10-14 The Social Science Encyclopedia first published in 1985 to acclaim from social scientists librarians and students was thoroughly revised in 1996 when reviewers began to describe it as a classic This third edition has been radically recast Over half the entries are new or have been entirely rewritten and most of the balance have been substantially revised Written by an international team of contributors the Encyclopedia offers a global perspective on key issues within the social sciences Some 500 entries cover a variety of enduring and newly vital areas of study and research methods Experts review theoretical debates from neo evolutionism and rational choice theory to poststructuralism and address the great questions that cut across the social sciences What is the influence of genes on behaviour What is the nature of consciousness and cognition What are the causes of poverty and wealth What are the roots of conflict wars revolutions and genocidal violence This authoritative reference work is aimed at anyone with a serious interest in contemporary academic thinking about the individual in society *Colonial Exploitation and Economic Development* Ewout Frankema,Frans Buelens,2013 Since many

countries in the world at present were European colonies in the not so distant past the relationship between colonial institutions and development outcomes is a key topic of study across many disciplines This edited volume from a leading international group of scholars discusses the comparative legacy of colonial rule in the Netherlands Indies and Belgian Congo during the nineteenth and twentieth centuries Whereas the Indonesian economy progressed rapidly during the last three decades of the twentieth century and became a self reliant and assertive world power the Congo regressed into a state of political chaos and endemic violence To which extent do the different legacies of Dutch and Belgian rule explain these different development outcomes if they do at all By discussing the comparative features and development of Dutch and Belgian rule the book aims to 1 to contribute to a deeper understanding of the role of colonial institutional legacies in long run patterns of economic divergence in the modern era 2 to fill in a huge gap in the comparative colonial historical literature which focuses largely on the comparative evolution of the British French Spanish and Portuguese Empires 3 to add a focused

and well motivated comparative case study to the increasing strand of literature analyzing the marked differences in economic and political development in Asia and Africa during the postcolonial era Covering such issues as agriculture manufacturing and foreign investment human capital fiscal policy labour coercion and mineral resource management this book offers a highly original and scholarly contribution to the literature on colonial history and development economics
