Modern English Parts Of Speech:

Parts of speech Marcella Frank,1972 **A Grammar of Late Modern English: The parts of speech. Section I. A. Nouns, adjectives and articles** Hendrik Poutsma,1916 **The Structure of Modern English** Laurel J. Brinton,2000 This text is designed for undergraduate and graduate students interested in contemporary English especially those whose primary area of interest is English as a second language Focus is placed exclusively on English data providing an empirical explication of the structure of the language **An Introduction to Modern English Word-Formation** Valerie Adams,2016-07-01 A series to meet the need for books on modern English that are both up to date and authoritative For the scholar the teacher the student and the general reader but especially for English speaking students of language and linguistics in institutions where English is the language of instruction or advanced specialist students of English in universities where English is taught as a foreign language **Fowler's Dictionary of Modern English Usage** Henry Watson Fowler,2015 A comprehensive guide to the English language provides detailed and expert information on grammar style spelling vocabulary and punctuation with clear explanations and example sentences **A Modern English Grammar on Historical Principles** Otto Jespersen,2013-05-24 This book was first published in 1954 A Modern English Grammar on Historical Principles is a valuable contribution to the field of English Language and Linguistics **A Grammar of Late Modern English** Hendrik Poutsma,1926 *A Grammar of Late Modern English: The parts of speech: section I, A. Nouns, adjectives and articles, 1914. section I, B. Pronouns and numerals, 1916. section II. The verb and the particles, 1926* Hendrik Poutsma,1914 **Descriptive Adequacy of Early Modern English Grammars** Ute Dons,2012-04-17 The book deals with the development of descriptive models of English grammar writing during the Early Modern English period For the first time morphology and syntax as presented in Early Modern English grammars are systematically investigated as a whole The statements of the contemporary grammarians are compared to hypotheses made in modern descriptions of Early Modern English and where necessary checked against the Early Modern English part of the Helsinki Corpus Thus a comprehensive overview of the characteristic features of Early Modern English is complemented by conclusions about the descriptive adequacy of Early Modern English grammars It becomes evident that comments by contemporary authors occasionally reflect the corpus data more adequately than the statements found in modern secondary literature This book is useful for advanced university students as well as for scholars of English and grammarians in general **Fowler's Concise Dictionary of Modern English Usage** Jeremy Butterfield,2016-03-10 Fowler's Concise Dictionary of Modern English Usage is an invaluable reference work that offers the best advice on English usage Known in previous editions as the Pocket Fowler this third edition is a descendant of the original 1926 edition of A Dictionary of Modern English Usage by Henry Fowler Based on the unrivalled evidence and research of the Oxford Languages Programme the new edition answers your most frequently asked questions about language use Should you use a split infinitive or a preposition at the end of a sentence Is it

infer or imply Who or whom What are the main differences between British and American English Over 4 000 entries offer clear recommendations on issues of grammar pronunciation spelling confusable words and written style Real examples are drawn from OUP's vast database of classic and contemporary literary sources newspapers and magazines and the Internet Jeremy Butterfield has judiciously revised the text to reflect the English usage practices and con Introduction to Old English Peter S. Baker, 2012-02-20 Featuring numerous updates and additional anthology selections the 3rd edition of Introduction to Old English confirms its reputation as a leading text designed to help students engage with Old English literature for the first time A new edition of one of the most popular introductions to Old English Assumes no expertise in other languages or in traditional grammar Includes basic grammar reviews at the beginning of each major chapter and a minitext feature to aid students in practicing reading Old English Features updates and several new anthology readings including King Alfred's Preface to Gregory's Pastoral Care **An Introduction to Early Modern English** Terttu Nevalainen, 2006 Terttu Nevalainen helps students to place the language of the period 1500-1700 in its historical context whilst showing its regional and social variations He focuses on the structure of the general dialect and its spelling vocabulary grammar and pronunciation as well as its dialectal origins **Current English Grammar and Usage** Sura College of Competition, 2004-08 **Current English** Arthur Garfield Kennedy, 1970 *Routledge Library Editions: The English Language* Various, 2021-07-28 This set reissues 29 books on the English language originally published between 1932 and 2003 Together the volumes cover key topics within the larger subject of the English Language including grammar dialect and the history of English Written and edited by an international set of scholars particular volumes employ comparisons with other languages such as French and German whilst other volumes are devoted to specific English dialects such as Cockney and Canadian English or English in general This collection provides insight and perspective on various elements of the English language over a period of 70 years and demonstrates its enduring importance as a field of research English Grammar, Past and Present, in Three Parts ... John Collinson Nesfield, 1916 The plan that has been followed in preparing this book is to carry the student's mind gradually forward from the more easy to the less easy from the better known to the unknown The present book is an adaptation of a manual prepared by the same author in India where English is studied with extraordinary keenness in an attempt to find the best means of teaching it It is best to assume that the average student does not know very much to start with and that every student must be well versed in the principles of modern English before he can be qualified to begin the much more difficult task of tracing these to their sources from the preface **Cleft and Pseudo-Cleft Constructions in English** Peter C. Collins, 2015-07-03 First published in 1991 this book examines the communicative properties of cleft and pseudo cleft constructions in contemporary English The book argues that these properties cannot be ignored in any attempt to provide an adequate grammatical description of the constructions Furthermore they provide a source of explanations for the patterns of stylistic variation displayed by clefts and pseudo clefts

The book reports findings from a corpus based study of clefts and pseudo clefts in modern British English **Infinitives and Gerunds in Recent English** Juhani Rudanko, 2016-10-31 This book explores the grammar of to infinitives and gerundial ing clauses which is a central area at the interface of syntax and semantics against the background of what has been called the Great Complement Shift Over the course of six chapters the author explores the semantic properties of constructions where the general spread of gerundial ing clauses occurs at the expense of to infinitives The author draws on large electronic corpora ensuring that new perspectives are opened on the basis of authentic corpus evidence He identifies trends of variation and change in the use of the two constructions and proposes The Choice Principle an innovative perspective on the semantics of to infinitives and gerundial ing complements This book will be of interest to researchers and students working on English grammar or the recent history of English grammar **A Grammar of Late Modern English** Hendrik Poutsma, 1914 **The Routledge Handbook of Pronouns** Laura L. Paterson, 2023-12-07 This original volume provides the first state of the art overview of research on pronouns in the 21st century With its dedicated sections on grammar history and change language learning acquisition cognition and comprehension power politics and identity The Routledge Handbook of Pronouns shows that contemporary interest in pronouns and gender represents just the tip of the iceberg Led by Laura Paterson a transdisciplinary collection of experts discuss the global history of different pronoun systems synthesize the literature and contextualize the salient issues and current debates shaping research on pronouns across different spheres and via different theoretical methodological traditions The Handbook is designed to encourage readers to engage with a range of perspectives from within and beyond their immediate areas of interest with the ultimate aim of shaping the future trajectory of interdisciplinary multi-lingual research on pronouns Using data from multiple languages and engaging deeply with the social cultural political technological and psychological factors that can influence pronoun use this innovative book will be an indispensable resource to scholars and advanced students of theoretical and applied linguistics education and the social and behavioural sciences
