Modern Japanese Novelists:

Five Modern Japanese Novelists Donald Keene, 2005-06-22 The New Yorker has called Donald Keene America's preeminent scholar of Japanese literature. Now he presents a new book that serves as both a superb introduction to modern Japanese fiction and a memoir of his own lifelong love affair with Japanese literature and culture. **Five Modern Japanese Novelists** profiles five prominent writers whom Donald Keene knew personally: Tanizaki Jun'ichirō, Kawabata Yasunari, Mishima Yukio, Abe Kōbo, and Shiba Ryōtarō. Keene masterfully blends vignettes describing his personal encounters with these famous men with autobiographical observations and his trademark learned literary and cultural analysis. Keene opens with a confession: before arriving in Japan in 1953, despite having taught Japanese for several years at Cambridge, he knew the name of only one living Japanese writer, Tanizaki. Keene's training in classical Japanese literature and fluency in the language proved marvelous preparation though for the journey of literary discovery that began with that first trip to Japan, as he came into contact, sometimes quite fortuitously, with the genius of a generation. It is a journey that will fascinate experts and newcomers alike.

Modern Japanese Novels and the West Donald Keene, 1961 **Modern Japanese Writers and the Nature of Literature** Makoto Ueda, 1976 **Revival: Reality and Fiction in Modern Japanese Literature (1980)**

Noriko Mizuta Lippit, 2017-07-28 This title was first published in 1980. In twentieth-century Japanese literature, the opposition and interaction of realism and romanticism on the level of literary concepts and of Marxism and aestheticism, including in part modernism on the level of literary ideology, supplies a most vital basis for writers searching for new methods of literary expression, fostering debates among the writers and creating the setting for active experimentation with style, form, and language. This study is a result of an extended stay in the United States by the author, who turned increasingly toward questioning and evaluating my own relation to Japan's literary heritage. For Japanese who have witnessed at least intellectually the violent attraction to and rejection of foreign cultures of many of their predecessors in the Meiji, Taishō, and Shōwa eras, and their final, often sentimental and abstract glorification of the Japanese cultural heritage, *nihon kaiki* (return to Japan) still presents enormously complex intellectual as well as emotional problems.

Modern Japanese Writers Jay Rubin, 2001 This is the first encyclopedia in the Scribner Writers Series to focus on Asian writers and genres. It highlights 25 of the most widely translated Japanese authors, such as Yukio Mishima, Kōbo Abe, Junichirō Tanizaki, and Fumiko Enchi.

Modern Japanese Novelists John Lewell, 1993 Extending beyond the Western definition of novelist to include authors of works in the autobiographical, I Novel tradition, and some of the most eminent practitioners of short fiction, this excellent author-by-author survey of Japanese fiction from 1885 to the present, with individual entries on 57 writers, was created especially with the reader of translations in mind. Appended to each essay is a complete and up-to-date list of English translations and critical studies. Includes a photograph of each author. Annotation copyright by Book News Inc. Portland, OR.

Accomplices of Silence Masao Miyoshi, 1974 *Writers and Society in Modern Japan* Irena Powell, 1983-06-18

Japanese Women Novelists in the 20th Century Sachiko Shibata Schierbeck, 1994 It was not until Kawabata Yasunari won the 1968 Nobel Prize for literature that the average Western reader became aware of contemporary Japanese literature. A few translations of writings by Japanese women have appeared lately yet the West remains largely ignorant of this wide field. In this book Sachiko Schierbeck profiles the 104 female winners of prestigious literary prizes in Japan since the beginning of the century. It contains summaries of their selected works and a bibliography of works translated into Western languages from 1900 to 1993. These works give insight into the minds and hearts of Japanese women and draw a truer picture of the conditions of Japanese community life than any sociological study would present. Schierbeck's 104 biographies constitute a useful reference work not only to students of literature but to anyone with an interest in women's studies, history or sociology.

The Columbia Anthology of Modern Japanese Literature J. Thomas Rimer, Van C. Gessel, 2005-04-13

This comprehensive anthology collects works of fiction, poetry, drama, and essay writing from a pivotal time in Japanese history. In addition to their literary achievements, the texts reflect the political, social, and intellectual changes that occurred in Japanese society during this period, including exposure to Western ideas and literature, the rise of nationalism, and the complex interaction of traditional and modern forces. The volume offers outstanding, often new translations of classic texts by such celebrated writers as Nagai Kafu, Shimazaki Toson, Natsume Soseki, Kawabata Yasunari, and Yosano Akiko. The editors have also unearthed works from lesser-known women writers, many of which have never been available in English. Organized chronologically and by genre within each period, the volume reveals the major influences in the development of modern Japanese literature: the Japanese classics themselves, the example of Chinese poetry, and the encounter with Western literature and culture. Modern Japanese writers reread the classics of Japanese literature, infused them with contemporary language, and refashioned them with an increased emphasis on psychological elements. They also reinterpreted older aesthetic concepts in light of twentieth-century mentalities. While modern ideas captured the imagination of some Japanese writers, the example of classical Chinese poetry remained important for others. Meiji writers continued to compose poetry in classical Chinese and adhere to a Confucian system of thought. Another factor in shaping modern Japanese literature was the example of foreign works, which offered new literary inspiration and opportunities for Japanese readers and writers. Divided into four chapters, the anthology begins with the early modern texts of the 1870s, continues with works written during the years of social change preceding World War I, and the innovative writing of the interwar period, and concludes with texts from World War II. Each chapter includes a helpful critical introduction situating the works within their literary, political, and cultural contexts. Additionally, there are biographical introductions for each writer.
