## **Modern Marriage:**

**I Do (I Think)** Allison Raskin, 2024-10-15 Marriage norms in today's society are rapidly changing and it can be hard to keep up. Allison Raskin's book unpacks the questions and uncertainties around marriage that so many of us have. A must read for anyone and everyone that may be curious about the intricacies of modern marriage. Nick Viall, TV Personality Host of The Viall Files and Bestselling Author From Just Between Us, cohost and bestselling author Allison Raskin comes with a witty incisive take on modern marriage and how a new generation can navigate its uncertainties and questions. Marriage rates may be on the decline but that doesn't mean marriage is disappearing from society. In fact, as modern relationship norms and structures continue to evolve, the public discourse about marriage has never been louder or more conflicted. Divorce rates, the appeal of cohabitation, seemingly infinite options for future partners, the patriarchal roots of marriage and gender roles, and economic uncertainty are just a few factors that leave a new generation of single and dating adults wondering: What does marriage even look like now? Why do people still do it? And most importantly, is it for me? With conversational wit and compassion, bestselling author Allison Raskin draws on new research, interviews with licensed experts, and the stories of real-life couples to break down the many pieces of today's marriage conversation and to make the leap of faith a little less scary for Gen Z and millennial adults like herself. What emerges is a thoughtful investigation into our cultural assumptions about commitment, compatibility, divorce, meaningful partnership, the future of marriage, and what it really means to join your bank accounts.

**Building a Reality-Based Relationship** Liberty Kovacs, 2007-12 In 1967, as a novice marriage and family therapist counseling a growing number of troubled spouses living in unhappy marriages, Dr. Liberty Kovacs realized a need for a workable, realistic model for successful marital therapy. Drawing on her forty years of professional experience, real-world cases, and studies, Dr. Kovacs shares her model for the modern marriage. Kovacs maps the journey shared by couples across six unique and all-important marital stages: honeymoon, expectation, power struggle, seven-year itch, reconciliation, and acceptance. Along the way, they develop a clearer understanding of their identities as individuals and of their fit together. Dr. Kovacs has used her powerful marriage model with thousands of couples with an overwhelmingly positive response, and in this invaluable and interactive workbook, she delivers all the tools you and your partner need to explore and develop your own identities, further your understanding of individual couple and family dynamics, increasingly value one another, lay a foundation for a relationship based on mutual love and respect, whether you are in a relationship, want to be in a relationship, or have even failed at relationships. **China on Film**

Paul G. Pickowicz, 2013-02-28 Leading scholar Paul G Pickowicz traces the dynamic history of Chinese filmmaking and discusses its course of development from the early days to the present Moving decade by decade he explores such key themes as the ever shifting definitions of modern marriage in 1920s silent features East West cultural conflict in the movies of the 1930s the strong appeal of the powerful melodramatic mode of the 1930s and 1940s the polarizing political controversies surrounding Chinese filmmaking under the Japanese occupation of Shanghai in the 1940s and the critical role of cinema during the bloody civil war of the late 1940s Pickowicz then considers the challenging Mao years including chapters on legendary screen personalities who tried but failed to adjust to the new socialist order in the 1950s celebrities who made the sort of artistic and political accommodations that would keep them in the spotlight in the post revolutionary era and insider film professionals of the early 1960s who actively resisted the most extreme forms of Maoist cultural production The book concludes with explorations of the highly cathartic films of the early post Mao era edgy postsocialist movies that appeared on the eve of the Tiananmen demonstrations of 1989 the relevance of the Eastern European velvet prison cultural production model and the rise of underground and independent filmmaking beginning in the 1990s Throughout its long history of film production China has been embroiled in a seemingly unending series of wars revolutions and jarring social transformations Despite daunting censorship obstacles Chinese filmmakers have found ingenious ways of taking political stands and weighing in for better or worse on the most explosive social cultural and economic issues of the day Exploring the often gut wrenching controversies generated by their work Pickowicz offers a unique and perceptive window on Chinese culture and society **Love, Marriage and Intimacy among Gujarati Indians** Katherine

**Modern Marriage and how to bear it.** Maud Churton BRABY, 1918 *Chinese Marriage and Social Change* Max WL Wong, 2020-02-10 This book provides a comparative account of the abolition of concubinage in East Asia offering a new perspective and revised analysis of the factors leading to and the debates surrounding the introduction of a new Marriage Reform Ordinance in Hong Kong in 1971 It uses this law as a platform to examine how the existence of concubinage long preserved in the name of protecting Chinese traditions and customs crucially influenced family law reforms which were in response to a perceived need to create a modern marriage system within Hong Kong's Chinese community after the Second World War This was by and large the result of continued pressure from within Hong Kong and from Britain to bring Hong Kong's marriage system in line with international marriage treaties It represented one of the last significant intrusions of colonial law into the private sphere of Hong Kong social life eliminating Chinese customs which had been previously recognised by the colonial legal system's family law This book contextualizes the Hong Kong situation by examining judicial

cases interpreting Chinese customs and the Great Qing Code offering a comprehensive understanding of the Hong Kong situation in relation to the status of concubines in Republican China and other East Asian jurisdictions It will be of particular interest to teachers and students of law as well as researchers in gender studies post colonialism sociology and cultural studies
