Modern Poetry And The Idea Of Language A Critical And Historical Study

Vincent Sherry

Modern Poetry And The Idea Of Language A Critical And Historical Study:

Modern Poetry and the Idea of Language Gerald L. Bruns,1990 The Cambridge History of Modernism Vincent Sherry,2017-01-11 This Cambridge History of Modernism is the first comprehensive history of modernism in the distinguished Cambridge Histories series It identifies a distinctive temperament of modernism within the modern period establishing the circumstances of modernized life as the ground and warrant for an art that becomes modernist by virtue of its demonstrably self conscious involvement in this modern condition Following this sensibility from the end of the nineteenth century to the middle of the twentieth tracking its manifestations across pan European and transatlantic locations the forty three chapters offer a remarkable combination of breadth and focus Prominent scholars of modernism provide analytical narratives of its literature music visual arts architecture philosophy and science offering circumstantial accounts of its diverse personnel in their many settings These historically informed readings offer definitive accounts of the major work of twentieth century cultural history and provide a new cornerstone for the study of modernism in the current century

Martin Heidegger Timothy Clark,2011-03-25 Since the publication of his mammoth work Being and Time Martin Heidegger has remained one of the most influential figures in contemporary thought and is a key influence for modern literary and cultural theory This guidebook provides an ideal entry point for readers new to Heidegger outlining such issues and concepts as the limits of theory the history of being the origin of the work of art language the literary work poetry and the political Heidegger s involvement with Nazism Fully updated throughout and featuring a new section on environmental thought and ecocriticism this guidebook clearly and concisely introduces Heidegger s crucial work relating to art language and poetry and outlines his continuing influence on critical theory **Understanding Bergson, Understanding**

Modernism S. E. Gontarski,Paul Ardoin,Laci Mattison,2013-01-17 Henri Bergson is frequently cited amongst the holy trinity of major influences on Modernism literary and otherwise alongside Sigmund Freud and William James Gilles Deleuze s Bergsonism has re popularized Bergson for the 21st century so much so that perhaps our Bergson is Deleuze s Bergson Despite renewed interest in Bergson his influence remains understudied and consequently undervalued While books examining the impact of Freud and James on Modernism abound Bergson s impact though widely acknowledged has been closely examined much more rarely Understanding Bergson Understanding Modernism remedies this deficiency in three ways First it offers close readings and critiques of six pivotal texts Second it reassesses Bergson s impact on Modernism while also tracing his continuing importance to literature media and philosophy throughout the twentieth and into the 21st century In its final section it provides an extended glossary of Bergsonian terms complete with extensive examples and citations of their use across his texts The glossary also maps the influence of Bergson s work by including entries on related writers all of whom Bergson either corresponded with or critiqued *The Crossroads of American History and Literature* Philip F. Gura,2004-06-11 The Crossroads of American History and Literature collects two decades worth of the best known

essays of Philip F Gura Beginning with a definitive overview of studies of colonial literature Gura ranges through such subjects in colonial American history as the intellectual life of the Connecticut River Valley Cotton Mather's understanding of political leadership and the religious upheavals of the Great Awakening In the nineteenth century he visits such varied topics as the history of print culture in rural communities the philological interests of the Transcendentalist Elizabeth Peabody the craft and business of the early American music trades and Thoreau's interest in exploration literature and in the Native American Displaying remarkable sophistication in a variety of fields that taken together constitute the heart of American Studies this collection illustrates the complexity of American cultural history

Shakespeare's Theory of Drama Pauline Kiernan, 1998-07-23 Why did Shakespeare write drama Did he have specific reasons for his choice of this art form Did he have clearly defined aesthetic aims in what he wanted drama to do and why Pauline Kiernan opens up a new area of debate for Shakespearean criticism in showing that a radical complex defence of drama which challenged the Renaissance orthodox view of poetry history and art can be traced in Shakespeare's plays and poems This study first published in 1996 examines different stages in the canon to show that far from being restricted by the limitations of drama Shakespeare consciously exploits its capacity to accommodate temporality and change and its reliance on the physical presence of the actor This lively readable book offers an original and scholarly insight into what Shakespeare wanted his drama to do and why

Romanticism Larry Peer, Diane Hoeveler, 2016-04-14 First published in 2006 Exploring how discourse is figured in the texts of key European Romantic authors such as Wackenroder Coleridge Byron and Hugo this volume offers nuanced readings of the under explored syntactic semantic and ideological structures of Romantic works Rather than proposing a new theoretical position on the issue of what constitutes Romantic discourse studies the editors have commissioned essays that seek to capture aspects of this discursive field building on previous scholarship to offer fresh ways of seeing how Romantic discourse matrices work The volume is organized into three sections Language and Romantic Discourse Systems Women Writers and Romantic Constructions of Power and Varieties of Revisionist Discourse in Romanticism This title aims to expand the readers understanding of Romantic modes of argumentation and will be of interest to students of literature

Shelley and the Apprehension of Life Ross Wilson, 2013-08-15 Percy Bysshe Shelley in the essay On Life 1819 stated We live on and in living we lose the apprehension of life Ross Wilson uses this statement as a starting point to explore Shelley's fundamental beliefs about life and the significance of poetry Drawing on a wide range of Shelley's own writing and on philosophical thinking from Plato to the present this book offers a timely intervention in the debate about what Romantic poets understood by life For Shelley it demonstrates poetry is emphatically living melody which stands in resolute contrast to a world in which life does not live Wilson argues that Shelley's concern with the opposition between living and the apprehension of life is fundamental to his work and lies at the heart of Romantic era thought

Defining Neomedievalism(s) II Karl Fugelso, 2011 The focus on neomedievalism at the 2007 International Conference on Medievalism in ever more sessions at the annual

International Congress on Medieval Studies and by many recent or forthcoming publications has left little doubt that this important new area of study is here to stay and that medievalism must come to terms with it In response to an essay in Studies in Medievalism XVIII defining medievalism in relationship to neomedievalism this volume therefore begins with seven essays defining neomedievalism in relationship to medievalism The Psychogeography of Urban Architecture David Prescott-Steed, 2013 This praxis based book explores how an improvisational creative and embodied practice such as the derive works to defamiliarise our experience of the late modern built environment fostering new insight into routinised cultural behaviours In addition to detailing the key contexts of modernity this book includes case studies on the work of Viktor Shklovsky Craig Raine Georges Perec plus rare scholarly attention to the postcards of Jim Henson s Uncle Traveling Matt Tertiary students and early career researchers in the humanities particularly cultural theory and the creative arts will read about the work of internationally recognised artists who have responded creatively to the urban landscape in view of its habituation under advanced capitalism The research aims to provide sufficient detail for the reader to recognise a range of cultural conditions pertaining to the historical period that frames contemporary quotidian experience and that in turn informs a wide range of reflexive creative practices The book s hybridity complimenting a traditional scholarly style with auto ethnographic and journalistic writing offers the reader an authorial honesty transparency and humanity in its intellectual practical and emotional negotiation of psychogeographic ideas
