The Soldier Image and State-Building in Modern China, 1924-1945 Yan Xu, 2019-02-15 Based on groundbreaking research this book is the first of its kind to provide a close examination in English of the extensive imagery of the soldier figure in the war culture of early twentieth century China This study moves away from the traditional military history perspectives and focuses on the neglected cultural aspect of the intersection of war and society in China during a crucial period that led to the eventual victory of the Chinese Communist Party over the Nationalist Party Integrating history literature and arts this appealing narrative reveals multiple meanings of the soldier figure created by different political social and cultural forces in modern China Drawing from a wide range of sources including government documents speeches newspaper articles memoirs military textbooks and yangge drama Yan Xu recounts stories of unforgettable Chinese political leaders including Chiang Kai shek

and Mao Zedong She also examines the wartime experiences of previously marginalized social groups including women soldiers wounded soldiers student soldiers military writers and vocational education professionals giving voice to those largely forgotten by military historians This book opens up a new area in modern Chinese history and Chinese military history by revealing that the cultural discourse on the soldier image is essential to understanding Chinese nationalism state building and civil military relations in the early twentieth century *The Marshall Mission to China, 1945-1947* Roger B. Jeans,2011-08-28 This book breaks new ground in our understanding of a pivotal period in the history of American foreign policy the early Cold War and the struggle for dominance in China between the Nationalists and Communists The famous Marshall Mission to China has been the focus of intense scrutiny ever since General George C Marshall returned home in January 1947 and full scale civil war consumed China Yet until recently there was little new to add to the story of the failure to avert war between the Chinese Nationalists under Chiang Kai shek and the Chinese Communists led by Mao Zedong Drawing on a newly discovered insider s account Roger B Jeans makes an invaluable contribution to our understanding of Marshall s failed mediation effort and the roles played by key Chinese figures Working from the letters and diary of U S Army Colonel John Hart Caughey Jeans offers a fresh interpretation of the mission From beginning to end Caughey served as Marshall s executive officer in effect his right hand man assisting the general in his contacts with the Chinese and drafting key documents for him Through his writings Caughey provides a rare behind the scenes view of the general s mediation efforts as well as intimate glimpses of the major Chinese figures involved including Chiang Kai shek Madame Chiang and Zhou Enlai In addition to daily contact with Marshall Caughey often rubbed shoulders with these major Nationalist and Communist figures As a meticulous eyewitness to history in the making Caughey offers crucial insight into a key moment in post World War II history **The History of China , Twentieth Century China** James H. Cole,2004 Emphasizing reference works published since 1964 these volumes cover books periodicals and inclusions i e chapters in edited volumes on the 1911 Revolution the Republic of China 1949 post 1911 Taiwan post 1911 Hong Kong and Macao and post 1911 overseas Chinese **Culture, Music Education, and the Chinese Dream in Mainland China** Wai-Chung Ho,2018-01-04 This book focuses on the rapidly changing sociology of music as manifested in Chinese society and Chinese education It examines how social changes and cultural politics affect how music is currently being used in connection with the Chinese dream While there is a growing trend toward incorporating the Chinese dream into school education and higher education there has been no scholarly discussion to date The combination of cultural politics transformed authority relations and officially approved songs can provide us with an understanding of the official content on the Chinese dream that is conveyed in today s Chinese society and how these factors have influenced the renewal of values based education and practices in school music education in China **Securitizing Balance of Power Theory** Ilai Z. Saltzman,2011-12-22 *Securitizing Balance of Power Theory A Polymorphic Reconceptualization* by Ilai Z Saltzman examines different reactions to changes in the balance of power and the

way different states formulate their grand strategies in order to engage these changes Saltzman offers a neoclassical realist interpretation of the balance of power theory making the case for a more inclusive theory which considers balance of security as well The text empirically examines this new theory using two sets of historical cases the British and Soviet responses to Nazi Germany and the American and Chinese responses to the rise of Imperialist Japan both during the interwar period The second set of cases considers the Russian North Korean Chinese and European Union s response to post Cold War America
