Courey, 2015-02-26 Global Pentecostalism is a twenty first century phenomenon Yet in North America where the movement was born it has stalled Courey uncovers the cause of this plateau in the triumphalism that is characteristic of both North American Protestantism and Pentecostalism Through the identification of parallels between Martin Luther and contemporary Pentecostals Courey detects in Luther s Theology of the Cross a potent remedy for this tension Utilising this insight Courey reflects on other faith traditions and provides a counterpoint to the triumphalism that inhibits the development of Pentecostalism in North America and around the world This work comprises of three parts The first is historical charting the antecedents and development of Pentecostal triumphalism The second is an experiment in historical theology seeking basic resonances between Luther and early Pentecostals and examining the Theology of the Cross as a means of probing Pentecostalism The final section is an effort in constructive theology applying the theologia crucis to some of the central aspects of Pentecostalism **Spiritual Capital** Michael O'Sullivan, Bernadette Flanagan, 2017-07-05 Spiritual Capital seeks to re focus discussion on core social values on individuals value systems and the internal dynamics that impel human beings to live by truth goodness and love This book defines refines and disseminates the concept of spiritual capital Contributions by practitioner scholars in applied spirituality who have practical experience of spiritual capital at work in diverse human situations provide accounts of concrete expressions of spiritual capital and create an interdisciplinary discussion between spirituality practitioners artists ecologists sociologists and others on the frontiers of change in contemporary culture **The Puritan Imagination** Todd D. Baucum, 2022-07-29 This book seeks to add a needed introduction to a way of meditation used among early modern English Protestants influenced by Bishop Joseph Hall Furthermore the major role that Hall had in his *Arte of Divine Mediation* on late

seventeenth century Protestant spirituality went beyond the practice of meditation and established a positive claim on the role of the imagination in shaping souls well into the modern period Within this context the questions related to ancient understandings of faith and the interrelationship of divine revelation are discussed with fresh insights for our own times If a revival of interest emerges again in Hall s work it would be a compelling and fresh impetus to reclaim the broken imagination evident in many parts of the Western Church

The Evangelicals Robert Krapohl, Charles H. Lippy, 1999-04-30 The different facets of American religious life are more thoroughly understood with an awareness of the Evangelical heritage that intersects the different denominational boundaries Since Evangelicalism is not confined to one religious denomination or group it has associations with a number of American religious movements such as Fundamentalism Pentecostalism the Charismatic Movement and Revivalism This study modeled after the popular Greenwood Denominations in America series analyzes the people institutions and the religious culture of modern American Evangelicals Divided into three sections the book presents a history of American Evangelicalism discusses themes and issues in modern American Evangelicalism and provides a biographical dictionary of modern American Evangelical leaders The combination of critical narrative and reference will appeal to religion scholars and American culture scholars alike Separate bibliographies unique to the history section and to the themes and issues section provide valuable resources for further research Equally helpful is the bibliographic material that completes each entry in the biographical dictionary section of the book The three part organization makes this an accessible research tool clearly organized for easy cross referencing
