A Modern Legal History of England and Wales 1750-1950 A. H. Manchester, 1980      **An Introduction to English Legal History** John Hamilton Baker, 2019 This is a comprehensively revised and updated fifth edition of the definitive history of the development of the common law in England      **A Modern Legal History of England and Wales, 1750-1950 [and] Essays and Articles** A. H. Manchester, 1980      Crime, Policing and Punishment in England, 1750-1914 David Taylor, 1998-12-14 One of the fastest growing and most exciting areas of historical research in recent years has been the study of crime and the criminal The intrinsic fascination of the subject is enhanced by the fact that between the mid eighteenth century and early twentieth century the English criminal justice system was fundamentally transformed as a new disciplinary state emerged Drawing on recent research this book provides a comprehensive and up to date synthesis of these important changes      **Family Law in the Twentieth Century** Stephen Michael Cretney, 2003 The law governing family relationships has changed dramatically in the course of the 20th century and this book drawing extensively on both published and archival material and on legal as well as other sources gives an account of the processes and problems of reform      **The Encyclopedia of British Literature, 3 Volume Set** Gary Day, Jack Lynch, 2015-03-09 Provides a comprehensive overview of all aspects of the poetry drama fiction and literary and cultural criticism produced from the Restoration of the English monarchy to the onset of the French Revolution Comprises over 340 entries arranged in A Z format across three fully indexed and cross referenced volumes Written by an international team of leading and emerging scholars Features an impressive scope and range of subjects from courtship and circulating libraries to the works of Samuel Johnson and Sarah Scott Includes coverage of both canonical and lesser known authors as well as entries addressing gender sexuality and other topics that have previously been underrepresented in traditional scholarship Represents the most comprehensive resource available on this period and an indispensable guide to the rich diversity of British writing that ushered in the modern literary era 3 Volumes [www.literatureencyclopedia.com](http://www.literatureencyclopedia.com)      **Making Legal History** Anthony Musson, Chantal Stebbings, 2012-01-26 The first book to address the way that the broad and inclusive subject of legal history is researched and written      Combating London's Criminal Class Matthew Bach, 2020-07-09 The criminal class was seen as a violent immoral and dissolute sub section of Victorian London s population Making their living through crime and openly hostile to society the lives of these criminals were characterised by drunkenness theft and brutality This book explores whether this criminal class did indeed truly exist and the effectiveness of measures brought against it Tracing the notion of the criminal class from as early as the 16th century this book questions whether this sub section of society did indeed exist Bach discusses how unease of London s notorious rookeries the frenzy of media attention and a word deleted here panic among the general public enforced and encouraged the fear of the criminal class and perpetuated state efforts of social control Using the Habitual Criminals Bills this book explores how and why this legislation was introduced to deal with repeat offenders and assesses how successful its

repressive measures were Demonstrating how the Metropolitan Police Force and London s Magistrates were not always willing tools of the British state this book uses court records and private correspondence to reveal how inconsistent and unsuccessful many of these measures and punishments were and calls into question the notion that the state gained control over recidivists in this period *European Law in the Past and the Future* R. C. van Caenegem,2002 R C van Caenegem considers the historical reasons behind European legal diversity **Poisoned Lives** Katherine D. Watson,2006-08-23 Here is a valuable and fascinating piece of social history Watson sheds new light on a macabre yet frequently misunderstood subject The Criminal Jury Old and New John Hostettler,2004 This book is an account of the evolution of the jury and jury trial from early times to the present day including changes brought in by the Criminal Justice Act 2003 that widen the categories of people undertaking jury service The Criminal Jury Old and New traces the genesis of the historic system of trial by peers from its roots as a replacement for trial by ordeal through all its great legal and political landmarks It shows how the jury changed and developed across the centuries to become a key democratic institution capable of resisting monarchs governments pressure and interference and on occasion the plain words of the law It also looks at such intriguing concepts as jury nullification perverse verdicts and pious perjury BOOK JACKET Essays in the History of Canadian Law David H. Flaherty,1981-12-15 This volume containing ten essays is the first of two designed to illustrate the wide possibilities for research and writing in Canadian legal history and reflecting the current interests of those working in that area Topics covered include historical aspects of company law the law and the economy legal reform in Ontario custody law the law of master and servant the law of nuisance origins of the Canadian Criminal Code and women s rights in Quebec Professor Flaherty supplies an introduction to the writing of Canadian legal history and with his contributors provides an important building block on which a significant tradition of indigenous legal history in Canada may grow and flourish

**Reconstructing Judicial Review** Sarah Nason,2016-12-01 This book offers a new interpretation of judicial review in England and Wales as being concerned with the advancement of justice and good governance as opposed to being concerned primarily with ultra vires or common law constitutionalism It is developed both from examining the functions and values that ought to be served by judicial review and from analysis of empirical social facts about judicial review primarily as experienced in the Administrative Court Based on ground up case law analysis it constructs a new taxonomy on the grounds of judicial review mistake procedural impropriety ordinary common law statutory interpretation discretionary impropriety relevant irrelevant considerations breach of an ECHR protected right or equality duty and constitutional allocation of powers constitutional rights or other complex constitutional principles It explains each of these grounds what academic and judicial support there might be for them outside case law analysis and their similarities and differences when viewed against popular existing taxonomies It concludes that Administrative Court judges are engaged in ordinary common law statutory interpretation in approximately half of all cases and that where discretionary judgement is involved on the part of the initial

decision maker judges do indeed consider their task to be one of determining whether the challenged decision was justified by reasoning of adequate quality It finds that judges apply ordinary common law principles of statutory interpretation with historical pedigrees including assessing the initial decision maker's reasoning with reference to statutory purpose and sifting relevant from irrelevant considerations including moral considerations The result is a ground breaking reassessment of the grounds of judicial review in England and Wales and the practice of the Administrative Court

**The Gothic Bequest** R. J. Smith, 2002-06-20 This book examines the use of medieval precedent in political and ecclesiastical debate during the period between the Revolution of 1688 and the mid nineteenth century reforms that ultimately made the tradition of historical apologetic obsolete The book will appeal to those concerned with historiography and political theory and to those interested in the intellectual history secular and religious of those years

**Morality and the Market in Victorian Britain** Geoffrey Russell Searle, 1998 In this lively and interesting study G R Searle tackles the conundrum at the heart of Victorian life how could capitalist values be harmonized with Christian beliefs and with concepts of public morality and social duty Middle class Victorians who broadly welcomed industrial growth and embraced the doctrines of political economy were sensitive to the charge that theirs was a selfish and materialistic creed Consequently if public morality was to be reconciled with the market wage labour had to be distinguished from slavery investment from speculation and entrepreneurial acumen from dishonesty and fraud These ideas about citizenship and public virtue offered a greater challenge to rampant capitalism than any pressing need to alleviate poverty Through its exploration of Victorian values this book provides lessons for all those engaged in the present day debate about the moral and social consequences of unleashing free market forces

*Lawyers' Medicine* Imogen Goold, Catherine Kelly, 2009-09-16 This book investigates how the requirements limitations and intellectual structure of the British legal process have shaped medicine and medical practice The story of this inter relationship is greatly under researched which is particularly concerning given that the legal system remains a significant and pervasive influence on medicine and its practice to this day The question which unifies the series of historical studies presented here is whether legal consideration of medical practice and concepts has played a part in the construction of medical concepts and affected developments in medical practice in other words how the external legal gaze has shaped the way medicine itself conceptualises some of its practices and classifications The majority of the chapters consider this question in the context of the development and application of legislation but the influence of court processes is also considered Other themes which emerge from the book include the nature and exclusivity of medical expertise the impact of public opinion on the development of medical legislation and the difficulty the legal system has faced in dealing with new medical developments The chapters are arranged chronologically with an introduction drawing out themes that emerge from the chapters as a whole

Policy Networks in Criminal Justice M. Ryan, S. Savage, D. Wall, 2001-09-05 Policy Networks in Criminal Justice is a comprehensive and challenging collection of studies on the workings of pressure groups in criminal justice and the

articulation of pressure group politics and criminal justice policymaking Against a back cloth of policy networks theory the authors examine the role and activities of professional associations in the areas of policing probation law and the courts together with campaigning groups such as those in the areas of penal reform civil liberties and victims In addition the book includes a study of the growing role of local authorities in the world of criminal justice

**Encyclopedia of Historians and Historical Writing** Kelly Boyd, 2019-10-09 The Encyclopedia of Historians and Historical Writing contains over 800 entries ranging from Lord Acton and Anna Comnena to Howard Zinn and from Herodotus to Simon Schama Over 300 contributors from around the world have composed critical assessments of historians from the beginning of historical writing to the present day including individuals from related disciplines like Jürgen Habermas and Clifford Geertz whose theoretical contributions have informed historical debate Additionally the Encyclopedia includes some 200 essays treating the development of national regional and topical historiographies from the Ancient Near East to the history of sexuality In addition to the Western tradition it includes substantial assessments of African Asian and Latin American historians and debates on gender and subaltern studies

**Studies in the History of Tax Law, Volume 10** Peter Harris, Dominic de Cogan, 2021-08-26 These are papers from the 10th Cambridge Tax Law History Conference which took place in July 2020 The papers fall within the following basic themes UK tax administration issues UK tax reforms in the 20th century History of tax in the UK The UK's first double tax treaty The 1982 Australia US tax treaty The legacy of colonial influence Reform of Dutch excises and Canadian tax avoidance

Women Before the Bar Cornelia Hughes Dayton, 2012-12-01 Women before the Bar is the first study to investigate changing patterns of women's participation in early American courts across a broad range of legal actions including proceedings related to debt divorce illicit sex rape and slander Weaving the stories of individual women together with systematic analysis of gendered litigation patterns Cornelia Dayton argues that women's relation to the courtroom scene in early New England shifted from one of integration in the mid seventeenth century to one of marginality by the eve of the Revolution Using the court records of New Haven which originally had the most Puritan dominated legal regime of all the colonies Dayton argues that Puritanism's insistence on godly behavior and communal modes of disputing initially created unusual opportunities for women's voices to be heard within the legal system But women's presence in the courts declined significantly over time as Puritan beliefs lost their status as the organizing principles of society as legal practice began to adhere more closely to English patriarchal models as the economy became commercialized and as middle class families developed an ethic of privacy By demonstrating that the early eighteenth century was a crucial locus of change in law economy and gender ideology Dayton's findings argue for a reconceptualization of women's status in colonial New England and for a new periodization of women's history
