The Radical Nature of Christianity Waldo J. Werning, 1975 *The Radical Nature of Christianity* Waldo J. Werning, 1975 **Outrageous Mercy** William P. Farley, 2004 Discover powerful life transforming truths conveyed by one of the most visible yet least explored objects of all time the cross of Christ *The Shape of Christian History* Scott W. Sunquist, 2022-06-28 How should thoughtful Christians especially historians and missiologists make sense of global Christianity as an unfolding historical movement Highlighting both the continuity and the diversity within the Christian movement over the centuries this comprehensive resource from Scott Sunquist offers a framework for how to read and write church history **The Nature of Christian Doctrine** Alister E. McGrath, 2024 Alister E McGrath provides a fresh and engaging account of the origins development and abiding importance of Christian doctrine The book explores why Christianity developed doctrines in the first place and why doctrines continue to be vital to the present and future of Christian communities *Christianity, Plasticity, and Spectral Heritages* Victor E. Taylor, 2017-07-20 This book is an interdisciplinary study of the cultural representations of Jesus in the context of contemporary religious theory and continental philosophy It looks at Jesus in view of an updated Derridean hauntology and spectrality with an emphasis on the inherent plasticity of the Christian heritage While the work engages with the recent Jesus centered writings of Slavoj i ek Fran ois Laruelle and Giorgio Agamben it places a greater and much needed emphasis on the philosophical theological and cultural links between a plastic hauntological Christian heritage and Jesus s historically evolving plural subjectivity with the latter explored in texts of popular culture It is a multidisciplinary study of Jesus as well as a dynamic Christian heritage that simultaneously constructs and deconstructs Jesus s philosophical political and cultural centrality *The Neo-Orthodox Theology of W.W. Bryden* John A Vissers, 2011-11-24 Walter W Bryden was Principal of Knox College Toronto after the Second World War and one of the leading Presbyterian theologians of the period from the 1920s to the 1950s In *The Neo Orthodox Theology of W W Bryden* John Vissers makes an important contribution by analysing Bryden s thought placing it in the context of contemporary European and American theology Vissers emphasises in particular Bryden s role in introducing and popularising the ideas of Karl Barth in North America prior to the translation of Barth s *Commentary on Romans* into English and his Neo Orthodox theology owed much to Barthian ideas In his most important work *The Christian s Knowledge of God* Bryden challenged the modernist emphasis on the rational arguing for a Christocentric doctrine of Revelation Vissers brings a wealth of scholarship and research to his subject revealing Bryden s pivotal role in the development of neo orthodoxy within the Protestant tradition in North America a role that previous studies have often failed to explore *Christianity, Its True Nature* Samuel Spahr Laws, 1903 **The Thinking Christian** Gene Wesley Marshall, 2020-04-13 The practice of Christianity is going through a transition that is deeper than the Reformation *The Thinking Christian* explores two main questions 1 What is religion as a general social process that can link humans to Profound Reality and 2 what is a

meaningful and appropriate mode of Christian theologizing communal life and mission to this planet for a viable and vital next Christian practice These are profound probes and they are communal and activist guidelines for general readers Such union of the profound and the practical pertains to the needs of scholars as well

Nature, Grace, and Secular Culture Christian C. Irdi, 2024-09-13 The relationship between nature and grace is a key debate in Fundamental theology The understanding of how nature and grace relate to each other is also a critically important part in comprehending the underpinnings of Western secular culture and therefore how best to evangelise it This book compares John Milbank and Joseph Ratzinger two relatively recent theologians who have both drawn from the insights of Henri de Lubac and have attempted to address the challenge that secular culture presents to the mission of the church In demonstrating and comparing how each author's approach to the nature grace couplet consequently determines their respective approach to secular culture it is hoped that responses to the challenge of secular culture might be more comprehensively considered
