To the Limit Marc Eliot, 2024-08-06

The definitive unauthorized biography of The Eagles by the New York Times bestselling biographer. *To the Limit* is the unauthorized account of the group from its earliest years through the breakup solo careers and reunions. Blending the country and folk music of the late sixties with the melodic seductiveness of Detroit style roots rock the Eagles brought a new sound to a stagnant music scene. Under the brilliant management of David Geffen the Eagles projected a public image of unshakable camaraderie embodied by the cerebral brooding Don Henley and the intuitive self destructive Glenn Frey bolstered by the gorgeous harmonies of their songs. Behind the scenes however there was another story. At turns revealing inspiring funny and shocking *To the Limit* is the

chronicle of a time a place and a group that succeeded in changing forever the world of popular music **Buzz Me In** Martin Porter, David Goggin, 2025-06-17 Strap yourself in and take a helter skelter ride through more than a decades worth of high drama hedonism high tech and musical genius as told by the insiders at the heart of Record Plant studios one of the most prolific recording factories of all time founded in 1968 by charismatic audio engineer Gary Kellgren and ace businessman Chris Stone In the 1970s Record Plant was everywhere there was music In 1976 alone the studios produced three No 1 albums Stevie Wonders Songs In The Key Of Life The Eagles Hotel California and Fleetwood Macs Rumours Based on the memoirs and archives of Chris Stone as well as interviews with over 100 studio employees music producers and recording artists Buzz Me In tells the incredible story of Record Plants evolution and the making of more than a decades worth of Gold and Platinum albums tape by tape Illustrated throughout with behind the scenes images archive photos of artists recording and performing live and album cover art this revelatory and extensively researched book explores and celebrates the way the studios were designed to cater to every rocknrollers fancy From the living room style studio in New York where Jimi Hendrixs Electric Ladyland was recorded and where John Lennon later encamped to the VIP clubhouse studio in Los Angeles where Stevie Wonder produced his classic hits and the destination recording venue in Sausalito where Sly Stone Bob Marley and Fleetwood Mac holed up each studio location had its own inherent character but all showcased the founders proven formula of combining state of the art audio fantasy bedrooms and group Jacuzzis with sex drugs and celebrity jams Was Record Plant the real Hotel California The Republic of Rock Michael J. Klinenberg,2007-01-09 A groundbreaking investigative work by a critically acclaimed sociologist on the corporate takeover of local news and what it means for all Americans For the residents of Minot North Dakota Clear Channel Communications is synonymous with disaster Early in the morning of January 18 2002 a train derailment sent a cloud of poisonous gas drifting toward the small town Minot s fire and rescue departments attempted to reach Clear Channel which owned and operated all six local commercial radio stations to warn residents of the approaching threat But in the age of canned programming and virtual DJs there was no one in the conglomerate s studio to take the call The people of Minot were taken unawares The result one death and more than a thousand injuries Opening with the story of the Minot tragedy Eric Klinenberg s *Fighting for Air* takes us into the world of preprogrammed radio shows empty television news stations and copycat newspapers to show how corporate ownership and control of local media has remade American political and cultural life Klinenberg argues that the demise of truly local media stems from the federal government s malign neglect as the agencies charged with ensuring diversity and open competition have ceded control to the very conglomerates that consistently undermine these values and goals Such big media may not be here to stay however Eric Klineberg s *Fighting for Air* delivers a call to action revealing a rising generation of new media activists and citizen journalists a coalition of liberals and conservatives who are demanding and even creating the local coverage they need and deserve Do You Believe in Rock and Roll?
