Railroad Passenger Car An Illustrated History Of The First 100 Years:

Railroad Passenger Car August Mencken, 1957 **The Railroad Passenger Car** August Mencken, 1957 Railroad travel in the nineteenth century was often dangerous dirty uncomfortable and uncertain Yet at the same time most of the inventions associated with the luxury of a later era from sleeping cars and dining cars to streamlining and even an early form of air conditioning had already made their appearance by the time of the Civil War In *The Railroad Passenger Car* August Mencken offers a fascinating look at the achievements and contradictions of this key period in railroad history **Riding Jane Crow** Miriam Thaggert, 2022-06-28 Miriam Thaggert illuminates the stories of African American women as passengers and as workers on the nineteenth and early twentieth century railroad As Jim Crow laws became more prevalent and forced Black Americans to ride Jim Crow on the rails the train compartment became a contested space of leisure and work *Riding Jane Crow* examines four instances of Black female railroad travel the travel narratives of Black female intellectuals such as Anna Julia Cooper and Mary Church Terrell Black middle class women who sued to ride in first class ladies cars Black women railroad food vendors and Black maids on Pullman trains Thaggert argues that the railroad represented a technological advancement that was entwined with African American attempts to secure social progress Black women's experiences on or near the railroad illustrate how American technological progress has often meant their ejection or displacement thus it is the Black woman who most fully measures the success of American freedom and privilege or progress through her travel experiences **Railroad Nation** Carlos Arnaldo Schwantes, 2025-05-15 From passenger tickets wall calendars and advertising posters to train orders and bills of lading railroads have left a colorful paper trail across America In *Railroad Nation* historian Carlos Arnaldo Schwantes examines a fascinating array of these materials showcasing the railroad industry's incredible variety of eye catching illustrations to enliven their timetables and promotional brochures Schwantes traces the evolution of railroad commercial art from drab black and white broadsides and text only advertisements that the early railroads placed in local newspapers to the riotous m lance of color graphics in the early twentieth century when the visual appeal of public timetables and their thousands of different brochures enticed settlers to create farms ranches and towns alongside newly laid tracks *Railroad Nation* offers readers an unparalleled look at the ephemera of the railroad industry highlighting the vibrant history of railroading in America through its rich tapestry of visual materials **Railways: a Readers Guide** Eric Thomas Bryant, 1968 **The Publishers' Trade List Annual** , 1980 **Adult Catalog: Subjects** Los Angeles County Public Library, 1970 **Railway Age** , 1950 [An Illustrated History of Athearn Advertising](#) Tim Blaisdell, 2023-12-13 The production of Athearn Trains models has been very well documented in several books over the years even since its quite early days In this work the progression of the company's advertising is likewise well documented Since 1947 there have literally been thousands of pages of advertising presented to magazine readers *The Illustrated History of Athearn Advertising* brings out the many styles of ads the most colorful and likely some of the best brought to the attention of

model railroaders everywhere This work is the result of years of scouring the many ads printed in many model railroading magazines since the founding of Athearn Trains The selected pages of advertising shown in these pages share the many messages detailing the virtues of Athearn models and in many cases follows the pricing of their models over the years The very first work documenting Athearn advertising from the very beginning through the company s seventieth anniversary this book is a must have for all model railroaders for deeper insight into the history of Athearn advertising and the company itself

Gilded Age Entrepreneur illuminates the fascinating and chaotic business world of Albert Pullman The influential but little known older brother of George Pullman and the craftsman of the family Albert designed the first luxurious Pullman railroad cars and hosted promotional trips to show them off In those heady early days he met national business and political leaders and hired the first Pullman porters Albert and George made a formidable team but as the Pullman Company grew Albert s role shrank He turned to his own investment portfolio often with disastrous results Beginning with the industrial laundry that cleaned sleeping car linens Albert appeared before the Supreme Court after a catastrophic insurance investment ran afoul of federal banking regulations and failed in an attempt to corner wheat futures With evermore unsuccessful speculations Albert was tempted by extralegal land sales and entered the silver mining game Finally his own family in crisis and his relationship with George shattered Albert Pullman launched into one last round of adventurous investments with mixed results *Gilded Age Entrepreneur* demonstrates that Albert Pullman embodied the small time investors who were legion after the Civil War From banking and insurance to manufacturing and mining a host of hopeful dreamers like Albert Pullman fueled the circulation of capital by forging political connections creating and losing businesses issuing shares and longing for profit
