Hadley, 1995 The men and women of the Columbia Coast Mission ships legendary figures in the history of the BC coast are brought vividly to life in this readable well researched volume From 1904 to the mid 1970s the mission sent out ships in all kinds of weather delivering medical care and non sectarian spiritual support to logging camps Native villages and white settlements in 20 000 square miles of rugged coastline John Antle who founded the mission was a devout and practical Christian who measured his success in services to BC's outposts rather than material wealth or number of converts Immortalized in Margaret Craven's *I Heard the Owl Call My Name* and in the hearts and memories of families all over the coast the mission was a glad bold organization that could be as rough cut and unconventional as the individuals it served *International Books in Print*, 1991 *Canadian Books in Print. Author and Title Index*, 1975 *Canadian Books in Print*, 2001 *Upcoast Summers* Beth Hill, Francis Barrow, 1985 Francis and Amy Barrow spent the summers between 1933 and 1941 exploring the west coast in their little boat searching for and recording First Nations rock art and yarnning with the homesteaders in remote bays and inlets *Canadian Books in Print 2002* Marian Butler, 2002-02 **The Perilous Trade** Roy MacSkimming, 2012-01-11 A book that will fascinate and inform readers who love Canadian writing Part cultural history part personal memoir this accomplished sweeping yet intimate book demonstrates that the story of Canadian publishing is one of the cornerstones of our literary history In *The Perilous Trade* former publisher literary journalist and industry insider Roy MacSkimming chronicles the extraordinary journey of English language publishing from the Second World War to the present During a period of unparalleled transformation Canada grew from a cultural colony fed on the literary offerings of London and New York to a mature nation whose writers are celebrated around the world Crucial to that evolution were three generations of book publishers mavericks gamblers entrepreneurs political activists and true believers sharing a conviction that Canadians

need books of their own Canadian publishing has long made headlines be it Jack McClelland's outrageous publicity stunts American takeovers the collapse of venerable imprints or bold political moves to ensure the industry's survival Roy MacSkimming takes us behind the headlines to draw memorable portraits of the men and women who built Canada's literary renaissance With a novelist's eye for character and incident he weaves their tangled relationships with authors agents booksellers and each other into a lively narrative rich in anecdote and revealing personal recollection Canadian publishers large and small have nurtured a literature of extraordinary diversity and breadth MacSkimming argues giving us English Canada's greatest cultural achievement BCLA Reporter British Columbia Library Association,1992 *Canadian Book Review Annual* ,1993 **The Lumberjacks** Donald MacKay,2007-05-01 This is definitive history of lumbering in Canada captures the vitality of the lumber camps and documents the evolution of a major industry *BC Studies* ,1998 *Ocean of Destiny* Arthur Lower,2011-11-01 The modern history of the North Pacific began five hundred years ago when Europeans sailed into the ocean for the first time This discovery shaped the destinies of seven countries that now rim its Asiatic and North American shores Russia China Japan North Korea South Korea the United States and Canada Their history is an exciting epic of discovery the great expeditions of Marco Polo Drake and Magellan the quest for the spices of Cathay the early days of the fur trade the gold rush and the long treks westward across North America to first establish Canadian and American possessions on the Pacific shore Rivalry and confrontation were part of this epic From the sixteenth to the nineteenth century European powers contested for the riches of the East and the West the wealth of the ocean and territory to sate colonial ambitions Since that time full blooded conflicts developed between Asian states and between Asia and the Western powers As a major trading power in the Pacific with no tradition of territorial expansion and as a respected peacekeeper Canada is in a unique position to view the history of the Pacific impartially This survey is doubly valuable not only as the first history of the North Pacific dealing with the concurrent events in the East and West but also as a history reflecting Canada's international outlook **Technology and Culture** ,1995 The Forestry Chronicle ,1994 *The Canadian Historical Review* ,1983 Includes section Recent publications relating to Canada *The Archaeology of Vernacular Watercraft* Amanda M. Evans,2016-04-19 This volume presents multiple idiographic archaeological studies of vernacular watercraft from North America and the Caribbean Rather than attempt to synthesize all vernacular types this volume focuses on ship construction data recovered through archaeological investigations that has been used to make inferences about culture This collection of case studies including many examples from cultural resource management and graduate student theses presents a thematic exploration of cultural adaptation as expressed through ship construction **Flourishing and Free** Haley Healey,2021-05-25 An inspiring and eye opening collection of true stories about sixteen women who blazed their own trails in life and contributed in a fundamental way to the history of Vancouver Island and the surrounding islands In this fascinating follow up to *On Their Own Terms* author Haley Healey chronicles the lives of a whole new crop of resilient hard

Small Matters Mona Gleason, 2013-06-01 What was it like to be young and sick in the past Who taught children how to be healthy and what were they expected to learn In *Small Matters* Mona Gleason explores how medical professionals lay practitioners and parents understood young patients and how children responded During the first half of the twentieth century particularly in the interwar decades a number of changes took shape within the field of child healthcare the rise of pediatrics as a medical profession efforts to ameliorate maternal and infant mortality rates and the shift of focus from controlling contagious diseases to the prevention of illness Gleason makes use of oral histories throughout this period of health and welfare reform to shed new light on children's attitudes toward their medical treatment their largely unexplored experiences of hospitalization and disability and the importance of teachers and health curriculum to the development of healthy habits By focusing on children's medical treatment beyond the doctor's office and by paying particular attention to the experience of marginalized children Gleason makes a major contribution to the history of Canadian childhood and healthcare The first work of its kind *Small Matters* explores how children faced death endured illness and learned to be healthy in the context of their families and communities
