**Raincoast Macabre** Philip Teece,1991      **The Guide to Amateur Astronomy** Jack Newton,Philip Teece,1995-01-19  
How do you choose your first telescope Or build one from first principles What can the deep sky offer you season by season  
How do you get started in astrophotography And progress to CCD imaging The Guide to Amateur Astronomy answers the  
questions of the novice and the experienced amateur astronomer in one easy to use and comprehensive account Throughout  
the emphasis is on practical methods to get you started and then develop your skills with lavish illustrations to show you just  
what is possible This second edition of the highly successful Guide has been fully revised and updated It now takes you from  
basic piggyback astrophotography through the use of a cold camera to state of the art CCD imaging from studies of the  
planets to the most distant objects in the Universe From guidelines for the care and adjustment of your telescope through to  
lists of the spectral classification of stars amateur astronomy societies and clubs all the information you need for your voyage  
of discovery and revelation is provided in this self contained helpful guide      *International Books in Print* ,1990      **B C L A**

Laurence Ricou,2002 This lively and perceptive look at the literature of the U S and Canadian Pacific Northwest explores the  
dynamics of the cross border region using resonant quotations poetry song lyrics and art to demonstrate and enhance Laurie  
Ricou s critical readings and ideas      **Canadian Book Review Annual** Joyce M. Wilson,2001      *B C Studies* ,1991

Kay Douglas,1993      **Animals and the Environment** Lisa Kemmerer,2015-05-01 Contemporary Earth and animal activists  
rarely collaborate perhaps because environmentalists focus on species and ecosystems while animal advocates look to the  
individual and neither seems to have much respect for the other This diverse collection of essays highlights common ground  
between earth and animal advocates most notably the protection of wildlife and personal dietary choice If earth and animal  
advocates move beyond philosophical differences and resultant divergent priorities turning attention to shared goals both  
will be more effective and both animals and the environment will benefit Given the undeniable seriousness of the  
environmental problems that we face including climate change and species extinction it is essential that activists join forces  
Drawing on a wide range of issues and disciplines ranging from wildlife management hunting and the work of NGOs to ethics  
ecofeminism religion and animal welfare this volume provides a stimulating collection of ideas and challenges for anyone else  
who cares about the environment or animals      **A Lover's Quarrel** Carmine Starnino,2004 Already an award winning poet  
Carmine Starnino has also made his mark as a literary critic of great pluck probity and irreverence His highly regarded often  
highly controversial writings on poetry have enlivened and often enraged the Canadian literary scene since they first began  
appearing in the late 1990s He has tackled the careers of some of this country s most notable poets among them Irving  
Layton Michael Ondaatje Anne Carson Tim Lilburn Susan Musgrave Christopher Dewdney and done so in prose of great

subtlety and style Indeed in Starnino s literary criticism seditiousness and insight are made to live inside sentences that always square their shoulders and draw themselves to their full verbal height A Lover s Quarrel culls some of the highlights of Starnino s dissenting exploits and includes the never before published title essay an ambitious reassessment of Canadian poetry For readers unfamiliar with Starnino s criticism the release of A Lover s Quarrel furnishes the perfect opportunity to read one of the few critics in Canada who can speak his mind and speak it well *Index de Périodiques Canadiens* ,2000
