The Social World of Deuteronomy Don C Benjamin, 2017-04-27 The book of Deuteronomy is not an orphan It belongs to a diverse family of legal traditions and cultures in the world of the Bible The Social World of Deuteronomy A New Feminist Commentary brings these traditions and cultures to life and uses them to enrich our understanding and appreciation of Deuteronomy today Don C Benjamin uses social scientific criticism to reconstruct the social institutions where Deuteronomy developed as well as those that appear in its traditions He uses feminist criticism to better understand and appreciate how powerful elite males in Deuteronomy view not only the women daughters mothers wives and widows in their households but also their powerless children liminal people slaves prisoners outsiders livestock and nature Through the lens of feminist theory Benjamin explores important aspects of the daily lives of these often overlooked peoples in ancient Israel

From Bourgeois to Boogie Vershawn Ashanti Young, Bridget Harris Tsemo, 2011 Vershawn Ashanti Young and Bridget Harris Tsemo collect a diverse assortment of pieces that examine the generational shift in the perception of the black middle class from the serious moniker of bourgeois to the more playful sardonic boogie Including such senior cultural workers as Amiri Baraka and Houston Baker as well as younger scholars like Damion Waymer and Candice Jenkins this significant collection contains essays poems visual art and short stories that examine the complex web of representations that define the contemporary black middle class

Sounding the Color Line Erich Nunn, 2015 *Sounding the Color Line* explores how competing understandings of the U S South in the first decades of the twentieth century have led us to experience musical forms sounds and genres in racialized contexts Yet though we may speak of white or black music rock or rap sounds constantly leak through such barriers A critical disjuncture exists then between actual interracial musical and cultural forms on the one hand and racialized structures of feeling on the other This is nowhere more apparent than in the South Like Jim Crow segregation the separation of musical forms along racial lines has required enormous energy to maintain How asks Nunn did the protocols structuring listeners racial associations arise How have they evolved and been maintained in the face of repeated transgressions of the musical color line Considering the South as the imagined ground where conflicts of racial and national identities are staged this book looks at developing ideas concerning folk song and racial and cultural nationalism alongside the competing and sometimes contradictory workings of an emerging culture industry Drawing on a diverse archive of musical recordings critical artifacts

and literary texts Nunn reveals how the musical color line has not only been established and maintained but also repeatedly crossed fractured and reformed This push and pull between segregationist cultural logics and music's disrespect of racially defined boundaries is an animating force in twentieth century American popular culture **Outrageous Fortune** Joe Cleary, 2007 Did Ireland produce a more radical and ambitious literature in the straitened circumstances of the first half of the twentieth century than it has managed to do since it began to modernize and become more affluent from the 1960s onwards Has Irish modernism ceded place to a prevailing naturalism that seems gritty and tough minded but that is aesthetically conservative and politically self thwarted Does the fixation with de Valera's Ireland in recent narrative represent a necessary settling of accounts with a dark abusive history or is it indicative of a worrying inability on the part of Irish artists and intellectuals to respond to the very different predicaments of the post Cold War world These are some of the questions addressed in *Outrageous Fortune* Scanning literature theatre film and music Joe Cleary probes the connections between capital culture and criticism in modern Ireland He includes readings of James Joyce and the Irish modernists the naturalists Patrick Kavanagh John McGahern and Edna O'Brien and comments too on what he terms the neo naturalism of Marina Carr Patrick McCabe and Martin McDonagh He concludes with a provocative analysis of the cultural achievement of the Pogues
