**Toward a Cognitive Framework** Hélène Trocmé-Fabre,2022-03-23T00:00:00+01:00 I for one am convinced that the essential role of all the educational actors through a genuine presence to each other is to enable the emergence of personal inquiry which contributes to the opening up of our learning space It also sets in motion the co actors the learner and those who accompany that learner toward a place where it is possible to actualize their own potential If inquiry is the true sap of the tree of knowledge and learning the different actors in the educational setting can no longer do without it on their own journey     **Partnering with Student Ambassadors to Create More Inclusive Universities** Ruxandra Foloștină,Clare Gartland,Albina Khasanzyanova,Ümit Çelen,2025-05-12 Designed to promote the social and educational inclusion of disadvantaged groups and nontraditional learners this book provides all the information needed to train networks of student ambassadors to improve student diversity and inclusion in higher education Recognising that student ambassadors can play a significant role in addressing inequalities by supporting younger students in developing social and cultural capital the book

uses evidence based information and best practices for training student ambassadors to enable them to promote social inclusion and educational progression Packed full of activities covering the topics of STEM the Arts the Social Sciences Humanities and Health each activity is presented in line with the United Nations Sustainable Development Goals and can be used in the training of student ambassadors themselves or in schools with students aged 11-14 to empower them to become active, engaged and involved in their local communities. By participating in these activities student ambassadors will be able to effectively engage with more students from disadvantaged or marginalised communities and students from these communities will be better equipped to navigate progression routes into higher education. This is a must-read book for all those interested in the theory and practicalities of making their universities more inclusive with the help of student ambassadors. It is a hands-on resource that will be particularly useful for those higher education institutions that are interested in implementing student ambassadors as well as anyone interested in promoting social justice and challenging traditional patterns of progression to higher education.

### **Constructing Postdigital Research**

Petar Jandrić, Alison MacKenzie, Jeremy Knox, 2023-08-01 This book delves into the various methods of constructing postdigital research with a particular focus on the postdigital dynamic of inclusion and exclusion as well as the interplay between method and emancipation. By answering three fundamental questions—the relationship between postdigital theory and research practice, the relationship between method and emancipation, and how to construct emancipatory postdigital research—the book serves as a comprehensive resource for those interested in conducting postdigital research. Constructing Postdigital Research: Method and Emancipation is complemented by Postdigital Research: Genealogies, Challenges, and Future Perspectives, also edited by Petar Jandrić, Alison MacKenzie, and Jeremy Knox, which explores these questions in theory.

Diriger un établissement scolaire : l'exigence du possible José Fouque, Florence Castincaud, Isabelle Klépal, 2004-11-17 Pour les collèges et les lycées qui s'engagent réellement dans la démarche de projet une situation nouvelle apparaît : les structures et les modes d'organisation des établissements ne correspondent plus aux nouveaux besoins. La volonté de faire progresser l'établissement induit désormais l'exigence de nouveaux aménagements de nouvelles méthodes de nouvelles compétences et de nouvelles fonctions. Mettant en évidence ces nouveaux savoir-faire, l'auteur s'attache à montrer comment exploiter ici et maintenant les marges de manœuvre pour utiliser les leviers pour explorer les possibles avec audace et pragmatisme.
