The Two Germanies and Military Security in Europe C. Bluth, 2002-10-31. This original study based on documents hitherto not discussed in literature of the Cold War adds a significant new perspective to an important episode in Cold War History. The subject of this book is the policy of the two Germanies towards the talks on Mutual and Balanced Force Reductions (MBFR) in Europe during the 1970s. Negotiations on MBFR continued for a long time without progress. There has been much speculation about the motivations of the Eastern side. This book makes use of newly declassified files and for the first time reveals the true purposes and intentions of the Warsaw Pact in those negotiations.
