The Open Economy Macromodel: Past, Present and Future Arie Arnon, Warren Young,2012-12-06 The impetus for the conference that was the basis for this volume emanated from the influence of two brilliant minds Egon Sohmen and Adam Klug who both died at an early age leaving their families and the professions of economics and economic history with major voids In the course of research on the origins of Open Economy Macroeconomics the significant contributions of Egon Sohmen came to the fore After correspondence with some of those involved in the early development of the Open Economy Macromodel we turned to Adam Klug for his views on the matter as he had dealt with the history of intertemporal trade models in his Ph D thesis And it was Adam who suggested the idea of a conference bringing together economists and economic historians At this point we want to acknowledge the very generous grant from the Egon Sohmen Foundation and the active participation of Dr Helmut Sohmen and Mrs Renee Sohmen at the conference We also want to thank Prof Sir Aaron Klug Nobel Laureate and the Klug family for their support and the financial contribution of the Adam Klug Memorial Lecture Fund at Ben Gurion University Other institutions that contributed to the conference were the Gianni Foundation Bank of Israel University of North Carolina Department of Economics Faculty of Social Science and Aharon Meir Center for Banking Bar Ilan University Department of Economics and Faculty of Social Science Ben Gurion University of the Negev **Revised and Enlarged Edition** Charles P. Kindleberger,1986-04-22 The World in Depression is the best book on the subject and the subject in turn is the economically decisive decade of the century so far John Kenneth Galbraith *The World in Depression, 1929-1939* Charles Poor Kindleberger,1986 The World in Depression is the best book on the subject and the subject in turn is the economically decisive decade of the century so far John Kenneth Galbraith Comparative Advantage, Growth, and the Gains from Trade and Globalization Robert Mitchell Stern,2011 Alan Deardorff was 65 years old on June 6 2009 To celebrate

this occasion a Festschrift in his honor was held on October 23 2009 in the Rackham Amphitheater at the University of Michigan This title includes reprints of many of Professor Deardorff's most important papers that underlie the reflections on his work by the Festschrift panelists The Globalization Of Strategy Research Joel Baum, Joseph Lampel, 2010-07-02 This volume brings together various emerging perspectives in strategy research for further interaction and debate Contributions address a range of issues related to the globalization of strategy research and chapters examine strategy theory methods and research as well as strategy as practice discourse and reflexive design *Joseph Alois SCHUMPETER* Massimo M. Augello, 2012-12-06 This book is the outcome of a bibliographical research and historical analysis of the evolution of the international literature on J A Schumpeter The research has been carried out in the last few years with the organizational support of the International Joseph A Schumpeter Society and through the establishment of connections with libraries universities and research institutes throughout the world Schumpeter's papers at the Harvard University archives have also been scrutinized The volume includes a historical and critical assessment of the literature on the Austrian economist according to the most important and specific Schumpeterian categories biography methodology development money cycle sociology politics and history The book is characterized by the completeness and richness of its information and by the homogeneous treatment of all the possible sources which could have provided news on Schumpeter Besides Europe and the US the research has been extended to the USSR Latin America Eastern Europe and above all to Japan where the Schumpeterian tradition is very deep rooted **Austrian Economics in Transition** H. Hagemann, T. Nishizawa, Y. Ikeda, 2010-05-28 This book analyzes both the consistent and changing elements in the Austrian School of Economics since its foundation in the late 19th Century up to the recent offspring of this School It investigates the dynamic metamorphosis of the school mainly with reference to its contact with representatives of history of economic thought **The Routledge Handbook of Heterodox Economics** Tae-Hee Jo, Lynne Chester, Carlo D'Ippoliti, 2017-07-28 The Routledge Handbook of Heterodox Economics presents a comprehensive overview of the latest work on economic theory and policy from a pluralistic heterodox perspective Contributions throughout the Handbook explore different theoretical perspectives including Marxian radical political economics Post Keynesian Sraffian economics institutionalist evolutionary economics feminist economics social economics Regulation theory the Social Structure of Accumulation approach and ecological economics They explain the structural properties and dynamics of capitalism as well as propose economic and social policies for the benefit of the majority of the population This book aims firstly to provide realistic and coherent theoretical frameworks to understand the capitalist economy in a constructive and forward looking manner Secondly it delineates the future directions as well as the current state of heterodox economics and then provides both heat and light on controversial issues drawing out the commonalities and differences among different heterodox economic approaches The volume also envisions transformative economic and social policies for the majority of the population and explains why economics is and should be treated as a

social science This Handbook will be of compelling interest to those including students who wish to learn about alternative economic theories and policies that are rarely found in conventional economics textbooks or discussed in the mainstream media and to critical economists and other social scientists who are concerned with analyzing pressing socio economic issues

Balance of Payments Adjustment Augustine C. Arize, Theologos H. Bonitsis, Ioannis Kallianiotis, Krishna Kasibhatla, John Malindretos, 2000-01-30 The five parts of this collection of essays systematically and thoroughly examine the two competing theories of balance of payments and adjustment namely the Keynesian and the Monetary approaches Each part deals with specific aspects of the two approaches Part I surveys the theories behind these two approaches looking at the presuppositions main theory and policy recommendations which they include Part II examines the empirical literature and describes the numerous models which have been proposed Part III critiques the two theories on their assumptions policy advice and empirical modeling Part IV compares and contrasts the two views both theoretically and empirically Empirical studies on different countries are performed to emphasize the differing set of accounts and variables of the two approaches Part V considers the approaches in a regime of flexible exchange rates Scholars students and researchers will find this collection of great help in understanding the two approaches to balance of payments and adjustment [A New Construction of Ricardian Theory of International Values](#) Yoshinori Shiozawa, Toshihiro Oka, Taichi Tabuchi, 2017-03-30 This is the first book published in English on the new international value theory presented by Yoshinori Shiozawa in 2007 Shiozawa submitted a solution to the question on international values since Ricardo by constructing a Ricardo Sraffa model on trading economies with M countries and N commodities including intermediate inputs normally M N The new theory is based on the assumption that prices are determined by production costs which is the property derived from the classical value theory The papers collected here deal with the following introducing readers to the new theory presenting diagrammatic illustrations of the new theory analysing efficient patterns of specialization allowing intermediate inputs examining how the new theory gives a new horizon to the Neo Ricardian trade theory investigating competitiveness the long period method and potentiality from the perspectives of the new theory discussing Mill s conversion toward neoclassical revolution scrutinizing how the concept of comparative advantage has developed and diverged from Ricardo s trade theory discussing the purification of Marshall s value theory through Mill s influence reviewing the controversies on international values among Japanese economists considering the value added trade based on the Ricardian value theory and lastly giving a mathematical explanation of the definitions and theorems of the new theory pp **The International Adjustment Mechanism** L. Gomes, 1993-07-20 This book is about the history of thought and policy on the international adjustment mechanism Economics emerged as a discipline in its own right largely out of the accumulated reflections analyses and judgements of a group of writers from the sixteenth to the early nineteenth century who shared a common perspective on matters relating to the adjustment of the balance of payments The present survey starts with the development of the doctrine at that time and continues the story up

to the present debate on economic and monetary union in Europe *International Income Inequality* Alan Freeman, Nobuharu Yokokawa, 2022-11-28 What causes inequality This book features an international discussion on the economic causes of inequality between nations and addresses the causes and effects of world inequality and its possible remedies Inequality has acquired the iconic status once accorded to Full Employment Growth and Inflation It is not a new issue being a major preoccupation of welfare state literature and the development debates of the 1950s and intersects with debates among economic historians on The Great Divergence The revivals of these two intersecting controversies go beyond a minor dispute on the margins of economics to the heart of the question how far can we trust the market The chapters in this book were originally published as a special issue of The Japanese Political Economy **International Trade Theory** Murray Kemp, 2008-05-12 Murray C Kemp is one of Australia's foremost economists He has held positions across the world including London School of Economics U C Berkeley Columbia University McGill University MIT and latterly Macquarie University Kemp was a Member of Council for the Econometric Society and was a Distinguished Fellow of the Economics

New Perspectives on Economic Development Fu-Lai Tony Yu, 2011-04-27 This book is the first of its kind to use Austrian subjectivism to analyze issues in economic development Unlike scholars in mainstream neoclassical economics who explain economic development by quantitative growth models this book attempts to understand economic progress in human agency perspective In this approach human agency is placed at the centre of economic analysis This book begins with a review of the theories of economic development in the history of Austrian economics with the intention of extending the contributions of major Austrian economists to development economics After pointing out the weaknesses in the orthodox neoclassical approach to economic growth the book then puts forward a subjectivist methodology which integrates the contributions of Max Weber Alfred Schutz and Austrian Economists to interpret economic phenomena and policies This chapter also serves as a methodological foundation for arguments elaborated in subsequent chapters The rest of the book discusses important issues in economic development namely entrepreneurial process national capabilities innovation trade government transition and catching up strategies for firms in latecomer economies The book ends with concluding remarks and a proposal for a new research agenda in economic development This book is well written free from mathematics and is highly readable It adds new insights not only in economics but also in management politics and social sciences It will be useful to scholars policy makers and students in economic development entrepreneurship theory of the firm management of innovation government policy economic sociology Austrian and evolutionary economics *Palgrave Handbook of International Trade* David Greenaway, R. Falvey, U. Kreickemeier, 2016-11-09 International trade is the core foundation of globalisation This current and up to date volume brings together the finest academics working in the field today containing contributions in key areas of policy research such as modelling frameworks trade policy trade and migration trade and the environment trade and unemployment
