Men Of The Constitution:

Men of the Constitution Kathie Billingslea Smith, Pamela Bradbury, 1987 Facts about the men who created our Constitution The Men Who Made the Constitution John R. Vile, 2013-10-10 Few events in the history of the United States were of greater consequence than the Constitutional Convention of 1787 Although most histories have focused on the issues and compromises that dominated the debates the exchanges were also shaped by the dynamic personalities of the fifty five delegates who attended from twelve of the thirteen states In The Men Who Made the Constitution constitutional scholar John R. Vile explores the lives and contributions of all delegates to the 1787 Constitutional Convention including those who left before the Convention ended and those who stayed until the last day but refused to sign Each biography records the delegate's birth education previous positions or public service roles homes family life life after the Convention death and resting place Drawing directly from Convention debates and a vast array of secondary sources Vile covers the positions of each delegate at the Convention on both major and minor issues and describes his service on committees and afterward at state ratification conventions The Men Who Made the Constitution includes a bibliography of key sources engravings of delegates for whom portraits were created a quiz on key facts and a transcript of the Constitution of the United States This work is the perfect reference for students and scholars as well as professional and amateur historians of colonial and early American history constitutional law and American jurisprudence *Plain, Honest Men* Richard Beeman, 2009-03-17 In May 1787 in an atmosphere of crisis delegates met in Philadelphia to design a radically new form of government Distinguished historian Richard Beeman captures as never before the dynamic of the debate and the characters of the men who labored that historic summer Virtually all of the issues in dispute the extent of presidential power the nature of federalism and most explosive of all the role of slavery have continued to provoke conflict throughout our nation's history This unprecedented book takes readers behind the scenes to show how the world's most enduring constitution was forged through conflict compromise and fragile consensus As Gouverneur Morris delegate of Pennsylvania noted While some have boasted it as a work from Heaven others have given it a less righteous origin I have many reasons to believe that it is the work of plain honest men Signing Their Rights Away Denise Kiernan, Joseph D'Agnes, 2011 Book jacket unfolds to reveal a full color reproduction of the U S Constitution **The Summer of 1787** David O. Stewart, 2008-05-20 A true life suspense story The Summer of 1787 takes readers into the sweltering room in which delegates struggled for four months to produce the flawed but enduring document that had come to define the nation then and now *Men of Destiny* Robert Pelton, 2011-09-27 When the Constitutional Convention assembled in Philadelphia in 1787 William Jackson 1759 1828 applied for the position as its secretary The friendships he'd made with many of the delegates during the Revolutionary War especially Alexander Hamilton helped this gifted writer and orator edge out Benjamin Franklin's grandson for the position He was thereby able to utilize his considerable organizational talents in the service of the new republic Jackson was sworn to protect the secrecy of the

deliberations After the final draft of the Constitution was signed he destroyed all records except for the official journal Jackson was given orders to do this by the delegates John Jay showed promise of an extraordinary life at a very young age indeed John Jay was the second youngest member at age 28 Samuel Chase was selected in 1774 to represent Maryland at the Continental Congress In 1796 he was appointed a judge of the Supreme Court of the United States by George Washington Both George Mason and Elbridge Gerry played most influential roles at the Constitutional Convention Each man's attendance record was nearly perfect Although Gerry had signed the Declaration of Independence he as did Mason refused to sign the Constitution Why Because both objected to the fact that it contained no Bill of Rights For Mason the last straw came on September 12 1787 when his proposal to include a Bill of Rights in the new Constitution was defeated 10 states to none He offered to rewrite the material Not even this turned out to be enough to sway the delegates who were impatient who were more interested in finishing the task at hand and then getting back home Mason adamantly declared that he could not support the final version A few of Robert Livingston's most often forgotten claims to fame One is the fact that it was he who administered the Presidential Oath of Office to George Washington He was also the man who successfully negotiated the Louisiana Purchase from the French And lastly he was a sponsor of Robert Fulton who man who refined the steam engine President Washington appointed him Secretary of State in 1795 but Henry declined the office In 1799 President Adams appointed him envoy to France but failing health required him to decline this office as well Yes Patrick Henry Also Declined to Serve Patrick Henry represented Virginia in the First Continental Congress in 1774 where he continued in the role of firebrand At the outbreak of the Revolution he returned to his native state and lead militia in defense of Virginia's store of gunpowder He wasn't a member of the Continental Congress when the Declaration of Independence was voted on and accepted in 1776 Although a man of high reputation as a patriot in the colonies he hadn't been elected to be a delegate His personality was decidedly different when compared to the stern honor of Washington the refined logic of Jefferson and the well tempered industry of Franklin He was a kid that no one thought would amount to anything He appeared to have little ambition and was a notorious time waster though everyone knew he was sharp minded Henry showed no interest in schooling as a youngster and didn't want to farm Apparently pressure from his young family he had married at the age of eighteen caused him to study for a few weeks and to take the bar exam He easily passed and begin to work as a lawyer Here are a number of important bits of trivia about Patrick Henry Henry's reputation as a passionate and fiery orator exceeded even that of Samuel Adams Why Did Washington Not Sign the Declaration George Washington was not in attendance at the Continental Congress when the Declaration was signed He was at the time Commander in Chief of the Continental Army and serving in this capacity *Bridge Men's Magazine* ,1920 Bulletin of the First Training Regiment [The Business and Professional Men's Military Training Camps, Plattsburg, N.Y. 1915] ,1915 **When Men Revolt and Why** Harold J. Bershad,2020-03-26 The environment within which humans interact has changed dramatically since the Industrial

Revolution However their expectations stem from the same hopes and dreams people have had from the beginning of humankind When Men Revolt and Why encourages readers to look closer and more deeply into the relationships between humans and the institutions that have originated to help them realize their full potential The contributors not only examine people but also the need to change institutions that have outworn their usefulness When institutions inhibit rather than facilitate everyone's desire to live a full life the result is likely to be violence This book offers the ideas of many people who have tried to dig deeper into basic causes of violence Included in this volume are selections by Aristotle Tocqueville Marx and Engels and Brinton The ideas they espoused still hold vitality In his new introduction James Davies talks about the circumstances under which this book was originally published In Vietnam a people were fighting for their autonomy In the United States many Americans were protesting against American involvement in the Vietnam War Blacks were marching for their civil rights Women were fighting for equality Time has tempered these conflicts Davies maintains that we remain ignorant of the elemental forces that impel people and nations to resort to violence We are usually surprised by their anger and shocked by their violence Davies asserts that we need to learn more about how humans respond to change so as to prepare ourselves for such responses to change When Men Revolt and Why is as timely as ever as we deal with uncertainty in various areas of the world the former Yugoslavia the Middle East and Ireland among others It is especially pertinent for political scientists historians and sociologists The American Annual Cyclopedia and Register of Important Events of the Year ... ,1870 **Plain, Honest Men** Richard R. Beeman,2014-05-09 A full scale account of the deliberations of the Founding Fathers at the Constitutional Convention Beeman goes beyond the debates to show how the world's most important constitution was forged through conflict compromise and eventually fragile consensus **A History of the People of the United States** John Bach McMaster,1914 The Bible Study Department of the Student Young Men's Christian Association John Raleigh Mott,1901 **Collaboration of Women's and Men's Leadership** Edith Khakasa Chemorion,2023-02-24 Moving from Hegemony to Partnership in Leadership When God created women and men the intention was for them to be partners with each other and to serve in the world as cocreators with God The story of human beings however has been impacted with culture and other social factors to create different forms of hegemonies These hegemonies have been key in values that create social injustices that are in all spheres of life but more so in women and men relationships In cases of leadership and in many cultures men have adopted attitudes that justify exclusion of women from leadership In religious circles it is justified by the ways texts are read and interpreted through the lens of culture If we begin from the premises of justice and believing in a God of justice then hegemonic ways of understating leadership should be null and void Acknowledging that human beings are created in the image and likeness of God demands that we act differently What this has meant is to challenge injustice in leadership by men and women in partnership The circle of concerned African women theologians in Africa where Rev Edith Chemorion is a member has over the years provided safe spaces for mentoring women

to research and write about the experiences of women but much more so to call for justice in all areas including the study of theological education and for leadership in the churches This has borne results because of the partnership of men and women Reverend Edith s contributions to the rallying call is that society moves from hegemony to partnership in all fronts but especially in offering leadership by all We are strong when we partner and we image God s will for society in partnership Prof Esther Mombo Lecturer Faculty of Theology St Paul s University Limuru Kenya **American Journal of Agriculture and Science** ,1846 **Stone Cutters' Journal** ,1914 *House Documents, Otherwise Publ. as Executive Documents* United States. Congress. House, **What Hath God Wrought** Daniel Walker Howe,2007-10-29 A panoramic history of the United States ranges from the 1815 Battle of New Orleans to the end of the Mexican American War interweaving political and military events with social economic and cultural history A Concise History, of the Efforts to Obtain an Extension of Suffrage in Rhode Island Jacob Frieze,1842 *Library of Congress Subject Headings* Library of Congress,1992
