for love and it almost kills her literally Just settled she falls dangerously ill with double pneumonia an experience that compels her to face some serious questions about her own fragile mortality and inner spiritual void I must find peace in the only place possible in India she concludes Within Thus begins her journey of discovery through India in search of the meaning of life and death Holy Cow is Macdonald s often hilarious chronicle of her adventures in a land of chaos and contradiction of encounters with Hinduism Islam and Jainism Sufis Sikhs Parsis and Christians and a kaleidoscope of yogis swamis and Bollywood stars From spiritual retreats and crumbling nirvanas to war zones and New Delhi nightclubs it is a journey that only a woman on a mission to save her soul her love life and her sanity can survive **Cultish** Amanda Montell,2021-06-15 One of those life changing reads that makes you see or in this case hear the whole world differently Megan Angelo author of Followers At times chilling often funny and always perceptive and cogent Cultish is a bracing reminder that the scariest thing about cults is that you don t realize you re in one till it s too late Refinery29 com The New York Times bestselling author of The Age of Magical Overthinking and Wordslut analyzes the social science of cult influence how cultish groups from Jonestown and Scientologists to SoulCycle and social media gurus use language as the ultimate form of power What makes cults so intriguing and frightening What makes them powerful The reason why so many of us binge Manson documentaries by the dozen and fall down rabbit holes researching suburban moms gone QAnon is because we re looking for a satisfying explanation for what causes people to join and more importantly stay in extreme groups We secretly want to know could it happen to me Amanda Montell s argument is that on some level it already has Our culture tends to provide pretty flimsy answers to questions of cult influence mostly having to do with vague talk of brainwashing But the true answer has nothing to do with freaky mind control wizardry or Kool Aid In Cultish Montell argues that the key to manufacturing intense ideology community and us them attitudes all comes down to language In both positive ways and shadowy ones cultish language is something we hear and are influenced by every single day Through juicy storytelling and cutting original research Montell exposes the verbal elements that make a wide spectrum of communities cultish revealing how they affect followers of groups as notorious as Heaven s Gate but also how they pervade our modern start ups Peloton leaderboards and Instagram feeds Incisive and darkly funny this enrapturing take on the curious social science of power and belief will make you hear the fanatical language of cultish everywhere Conversations with the Universe Simran Singh,Inna Segal,2013-05 Conversations with the Universe How the World Speaks to Us by Simran Singh is the wake up call that we all need in order to listen to and understand what the Universe is saying to us These signs and signals are all around us but often we are unable to translate them without a guide Simran has made it her life s work to help us to become aware of the language of the Universe so we don t miss out on much of the beauty and richness of our experience Simran is a wonderful storyteller and she takes her message of consciousness to unexpected places such as her spiritual stand up comedy and humorous writing Her light engaging voice paints a colorful picture as she advocates for us to expand our
