life on the Russian stage bears testimony to the appeal of its exuberance the life asserting and life loving nature of its dances Natalia Roslavleva Generations of Russian ballet masters and dancers preserved these dances in essence and the ballet is still part of the Russian repertory given today in all Russian and Siberian companies in the Moscow version of Alexander Gorsky in three acts and seven or eight scenes Petipa's version of Don Quixote with its life affirming music by Minkus has during the 20th century spread throughout the world not least because of the work of Rudolf Nureyev who made a film version of the Australian Ballet production in 1971 that became very famous It co starred Robert Helpmann and Lucette Aldous and made world history in being the first ballet to be produced with full film technique so providing wider scope for imaginative handling of the famous story Don Quixote has become the standard ballet version of the Cervantes tale and one of the most popular pieces of the international repertory Much of its emotional fervour is captured in the celebrated virtuoso Grand Pas de Deux for the wedding of Kitri and Basilio in the last scene This piece with a spectrum of feeling enshrined in its rapturous melodies and irresistible rhythmic lan has assumed a life of its own as a concert piece in countless renditions wherever ballet is performed The piano score of the St Petersburg version was published as Don Quichotte St Petersburg Theodore Stellovsky c 1882 This version is reproduced here *Papers of Robert Helpmann* Sir Robert Helpmann, 1960 Two scripts for the 1973 filmed version of the ballet Don Quixote starring Helpmann Rudolf Nureyev and members of The Australian Ballet along with an unpublished essay that Helpmann wrote for Rudolf Nureyev on the subject of ballet on film a script for a stage version of Dracula directed by Helpmann in 1979 for J C Williamson starring John Waters a script for Justin Fleming's play The Cobra directed by Richard Wherrett for the Sydney Theatre Company in 1983 which co starred Helpmann as Lord Alfred Douglas a script for Ruth Wolff's play Sarah in America about actress Sarah Bernhardt which Helpmann directed and a collection of theatre programmes and related ephemera The scripts have handwritten annotations by Helpmann and some are also signed by him Don Quixote, a Ballet in Three Acts, 1970 Performances by the Australian Ballet part of the 1970 Adelaide Festival of Arts performing Don Quixote music by Ludwig Minkus arranged by John Lanchbery production and choreography by Rudolf Nureyev after Marius Petipa scenery and costumes designed by Barry Kay

The Real Nureyev Carolyn Soutar, 2006 A backstage memoir takes an intimate look at the complicated life endless search for perfection and outrageous experiences of one of ballet's greatest icons and heroes **Ludwig Minkus, Don Quixote** Robert Ignatius Letellier, 2010-03-08 The ballet Don Quixote with music by Ludwig Minkus and scenario and original choreography by Marius Petipa is one of the most enduring creations to have emerged from the flowering of the ballet in late 19th century Russia Still popular it has become a standard repertory piece in ballet companies all over the world The work was first performed in Moscow at the Bolshoi Theater on 14 26 December 1869 The plot in four acts and eight scenes was based on an episode which Petipa had developed from the second part of Cervantes's novel relating the love story of Quiteria known as Kitri in the ballet and Basilio Petipa devised the original version to suit the unsophisticated taste of Moscow's

audiences Soon after he prepared a version for St Petersburg using the same music and designs but with major choreographic revisions This St Petersburg version premiered on 9 21 November 1871 was in five acts eleven episodes a prologue and an epilogue It took into account the Imperial capital s preference for a more classical interpretation of the ballet and amounted to a new and very different version Alexander Gorsky staged his Moscow revival of Don Quixote in 1900 using Petipa s St Petersburg scenario and some of his choreography and reducing the work to four acts Two years later in 1902 the director of the Imperial Theatres Vladimir Teliakovsky invited Gorsky to restage an updated version of Don Quixote at the Maryinsky Theatre in St Petersburg The ballet became a staple of the repertoires of the Moscow Bolshoi Ballet and the Leningrad Kirov Ballet and was regularly modified as it was continually restaged ending up as three acts with a prologue and six scenes This version of the score containing several interpolated pieces by other repertory dance composers is the standard performing edition used in Russia Don Quixote was first seen outside of Russia in an edited two act version danced by Pavlova and her company in England in 1924 The first time the full work was staged for a Western company was by the English Ballet Rambert in 1962 by Witold Borkowski Notable productions outside of Russia to Minkus s music were those by Rudolf Nureyev for the Vienna State Opera 1966 and Mikhail Baryshnikov for American Ballet Theatre 1978 which for the most part followed the traditional versions they had performed in Russia Another major source of publicity for the ballet came in 1976 when the iceskater John Curry s inspired routine to music from the ballet won him a gold medal at the European Figure Skating Championship the World Figure Skating Championship and the Winter Olympics No standard editions of Minkus s scores have ever been produced and no full score of Don Quixote has been published Every ballet company usually comes up with its own arrangements of his music the revisions by John Lanchbery being the most widely known Lanchbery s work however tampers with both the orchestration and more seriously the harmony of Minkus s music and is often closer to a rewriting than an arrangement The resurgent popularity of Minkus s Don Quixote and La Bayad re as well as his additions to Deldevez s Paquita have revealed the innate skill and charm of his music despite the ubiquity of the arrangements and distortions of his scores Minkus s writing like so much Romantic ballet is closely allied to operatic conventions with arias duets and ensembles that are enacted rather than sung and with each ballet sustaining its own special atmosphere The Town Square Gypsy Camp and Dream Sequence in Don Quixote are full of musical buoyancy and melodic verve demonstrating a careful use of tonality and dramatic style The famous Grand Pas de Deux from the finale is lively well crafted and ablaze with attractive invention Ian Woodward Until such times as a definitive version of the manuscript score can be established this performing edition as used in Russia acknowledges the living tradition of this work and the vibrancy of Minkus s splendid music Nureyev John Percival,1977 Nureyev Clive Barnes,1982 Numerous photographs accompany interview excerpts and the author s comments regarding Nureyev s talent
