## **Nurturing The Leader Within Your Child:**

**Nurturing the Leader Within Your Child** John C. Maxwell, Tim Elmore, 2004-08-11 Informative challenging and often humorous this work explores mentoring the basic types of children and provides real life insights on how to help them reach their full potential Whether you have a driver a diplomat or a dreamer you need to give your child permission to dream big and to dream right Nurturing the Leader Within Your Child provides the tools for parents who want more than average for their children and who seek to inspire the pursuit of vision larger than they are *Nurturing the Leader Within Your Child* Tim Elmore, 2005 *The Parent Adventure* Rodney Wilson, Selma Wilson, Scott McConnell, 2009-01-01 Informed by research that reveals destructive parenting patterns are being handed down through most American families including Christian households The Parent Adventure looks to the church to help break this cycle and teach moms and dads how to prepare their kids for a lifetime with God The problem starts when parents raise children based on their personal experiences growing up instead of using the Bible as the timeless authoritative guide Although seemingly painful at first the parental attitude of letting go must begin intentionally at birth keeping in mind that each child s life is more about knowing God than anything else With this outlook established the future focused mom and dad will move more joyfully through each stage in the adventure of parenting as detailed in the book Knowing God has a lifelong plan for each family member parents and kids will grow closer to each other just as sure as they will grow closer to God **Parenting Your Child Leader** Darryl Bodkin, 2013-05-24 Darryl Bodkin has written a wonderful treatise on child development and leadership He writes from a child s perspective on parenting and provides invaluable insight on the subject of leadership growth and development When I was 11 years of age my life was torn apart by the loss of my father in a tragic construction accident It was a defining moment for me Fortunately my godly grandmother sat down with me and told me that I had to be the leader in our home since I was the oldest child From that moment leadership was thrust upon me Reading this book has caused me to reflect on that landmark day in my own childhood when I started on a leadership journey I commend Darryl Bodkin s book to you for your enjoyment and personal growth I believe every parent who reads it will benefit from the lessons taught on parenting and will gain an understanding of how to encourage the development of leadership qualities in children Proverbs 3:5-6 is a sterling reminder of the potential for vital Christian leadership within every child that is born into God s big world Dr Stan A Toler Bestselling Author Oklahoma City Oklahoma Leadership Parenting Sanjay Kalla , Authors Tree Publishing, 2024-09-30 Parents play a multifaceted role in shaping their children s lives specifically focusing on the tension between fostering independence and recognizing individual potential While parents are undoubtedly crucial figures in a child s development acting as primary educators and guides their influence can sometimes inadvertently neglect the child s unique needs and aspirations This potential conflict arises within the social context Parents often drawing upon societal expectations and their own experiences navigate a path toward independence for their children While providing a foundation this established

structure may only partially account for the diverse spectrum of individual strengths and weaknesses exemplified by frameworks like Howard Gardner's theory of multiple intelligences. Furthermore, the current parenting model prioritizes independence over fostering a long-term supportive relationship with the child. This oversimplification overlooks the complexity of healthy parent-child relationships, which can encompass individual autonomy and a strong sense of connection. It is important to acknowledge that the limitations of traditional parenting approaches are not solely the result of individual shortcomings. Unlike most professions, parenting lacks formal instruction, relying largely on on-the-job learning and adapting to diverse situations. This reality necessitates further exploration of alternative approaches and support systems that can empower parents to navigate this complex and crucial role while recognizing each child's unique potential. It is critical to understand and emphasize the undeniable importance of parents in their children's lives while urging a critical examination of current practices. By recognizing the potential tension between established structures and individual needs, we can foster a dialogue that leads to a more nuanced and effective approach to raising future generations. While parents undoubtedly guide us from dependence to independence, equipping us for life's journey, this traditional approach often overlooks the unique spark within each child. This book challenges that notion. Leadership Parenting champions a new perspective. Here, we move beyond simply providing for our children's needs. We explore how to nurture their strengths, aspirations, and intellectual, emotional, and social potential. Forget the one-size-fits-all model. This is a call to action to embrace the constant learning inherent in parenting. You'll discover tools and strategies to navigate the complexities of modern parenthood, fostering independence and a supportive long-term relationship with your child. **Homegrown Disciples** David Sunde, 2025-05-06

Teach what you know, reproduce who you are, and trust that God is at work in your family's journey. Christian parents long to instill a lasting faith in our children, but the challenge of balancing spiritual teaching with academic, extracurricular, and social demands can be overwhelming. Many feel inadequate or unqualified to lead their children spiritually. In *Homegrown Disciples*, David Sunde offers seven rhythms to help discipling parents know God better, experience him more fully, and leverage their faith for the benefit of their children. Find out how to reproduce a living faith in your kids' lives through the seven rhythms of apprenticeship: renewal, hospitality, community, compassion, generosity, and gratitude. Learn how to experience God's presence and grace through the highs and lows of raising children. Create a nurturing environment where faith can grow naturally. Use everyday interactions to reveal God's heart and truth to your children. Embrace the idea that both you and your children are learning and growing together in faith. Nurturing the Leader in Your Child Aditi Chopra, 2014-05-24 Giving children the best environment in their impressionable age is a must in developing an effective leader within them. There are so many aspects of leadership that the sooner children start to comprehend that the better leaders they will become. As parents, we can guide our children by not only providing the best possible environment but also by empowering them and holding their hands as and when needed. Pivotal Praying John Hull, Tim Elmore, 2002-09-01 We all face critical forks in the

road marriage the death of a loved one the birth of a child or a personal health crisis How are we to pray at these junctures Perhaps our instinct is to send up a quick 911 prayer but authors John Hull and Tim Elmore demonstrate how by praying the right prayer at the right time we can see the incredible impact of what God can do Scripture offers countless examples of men and women who prayed strategically and saw results Remember Solomon s prayer for wisdom He received it and wealth beyond his imagination as well And how about Hannah s desire for a child God honored her prayer her son Samuel became the greatest judge in Israel s history Pivotal Praying uses these examples and others to illustrate the power of effective and ineffective praying For those seeking to enlarge their prayer vision and alter their circumstances for God s glory Pivotal Praying is an ideal resource
