Ulrich B. Phillips, 2013-01-01 The basis of this discipline must consist in accustoming your negroes to an absolute submission to orders for if you suffer them to disobey in one instance they will do so in another and thus an independence of spirit will be acquired that will demand repeated punishment to suppress it and to re establish your relaxed authority You should therefore lay it down as a rule never to suffer your commands to be disputed and at the same time you should take care to give none but what are reasonable and proper for negroes are penetrating enough into the foibles of their masters If you have any you should conceal them with a good opinion of your temper and judgment from I Plantation Management American historian ULRICH BONNELL PHILLIPS 1877 1934 made a career of studying slavery and the economics of the American South through the 19th century and he was often criticized by his successors for his emphasis on painting slave masters and plantation owners in a positive light But even Phillips detractors acknowledge the valuable work he did in bringing to light the priceless original source material from which we can better understand the period In this two volume work first published in 1909 Phillips creates a portrait of the economic life of the South drawn from the details and minutiae found in legal contracts personal letters and diaries newspaper articles and editorials advertisements plantation records court records warrants and affidavits public notices city ordinances and other hard to find documents From the everyday realities of the usage of slave labor to the working conditions of poor whites to the daily routines and management of plantations what emerges is a unique on the ground perspective of the slaveholding era Excerpts from the table of contents of Volume I Records of a rice plantation Management of scattered plantations Georgia 1844 1849 Diary of work on a sea island cotton plantation Upland cotton methods Uncertainty of returns in tobacco Loses by disease and accidents among the slaves Bad seasons and slave runaways An overseer s testimonial The routine problems and policies of an efficient overseer Classes and conditions of white servants Indented labor useless on a disturbed frontier Convict transportation vicissitudes

Hilliard s book Hog Meat and Hoecake was published in 1972 it was ahead of its time It was one of the first scholarly examinations of the important role food played in a region s history culture and politics and it has since become a landmark of foodways scholarship In the book Hilliard examines the food supply dietary habits and agricultural choices of the antebellum American South including Arkansas Louisiana Mississippi Tennessee Alabama Georgia North Carolina and South Carolina He explores the major southern food sources at the time the regional production of commodity crops and the role of those products in the subsistence economy Far from being primarily a plantation system concentrating on cash crops such as cotton and tobacco Hilliard demonstrates that the South produced huge amounts of foodstuffs for regional consumption In fact the South produced so abundantly that except for wines and cordials southern tables were not only stocked with the essentials but amply laden with veritable delicacies as well Though contrary to popular opinion neither grits nor hominy ever came close to being universally used in the South prior to the Civil War Hilliard s focus on food habits culture and consumption was revolutionary as was his discovery that malnutrition was not a major cause of the South s defeat in the Civil War His book established the methods and vocabulary for studying a region s cuisine in the context of its culture that foodways scholars still employ today This reissue is an excellent and timely reminder of that Confederate Georgia

Thomas Conn Bryan,2009-09-01 Published in 1953 Confederate Georgia describes life in Georgia during the Civil War T Conn Bryan presents the political military economic and social aspects of life including secession preparations for war industry and transportation wartime finance desertion and disloyalty women in the conflict social life and diversions the press and literary pursuits education and religion Although Georgia s relations with the Confederate government are fully treated the main emphasis is on activities within the state Numerous quotations from letters diaries and other source materials give a
