The Most Hated Man in Kentucky Brad Asher, 2021-07-27 A revealing biography of Stephen Gano Burbridge the controversial Union Army general known as the Butcher of Kentucky For the last third of the nineteenth century Union General Stephen Gano Burbridge enjoyed the unenviable distinction of being the most hated man in Kentucky From mid 1864 just months into his reign as the military commander of the state until his death in December 1894 the mere mention of his name triggered a firestorm of curses from editorialists and politicians By the end of Burbridge's tenure Governor Thomas E Bramlette concluded that he was an imbecile commander whose actions represented nothing but the blundering of a weak intellect and an overwhelming vanity In this revealing biography Brad Asher explores how Burbridge earned his infamous reputation and adds an important new layer to the ongoing reexamination of Kentucky during and after the Civil War Asher illuminates how

Burbridge as both a Kentuckian and the local architect of the destruction of slavery became the scapegoat for white Kentuckians including many in the Unionist political elite who were unshakably opposed to emancipation Beyond successfully recalibrating history s understanding of Burbridge Asher s biography adds administrative and military context to the state s reaction to emancipation and sheds new light on its postwar pro Confederacy shift A solid reassessment of Kentucky s most controversial and reviled Union general and one that will help readers understand the state s complex place and Burbridge s complex place in Civil War history Stuart W Sanders author of *Murder on the Ohio Belle* A superb biography of one of the most pivotal figures in Kentucky s Civil War history There has been a lot of revisionist literature in the last fifteen years on Kentucky s belated Confederate identity but no work up to now has addressed Burbridge himself Brad Asher has filled a very important gap in the literature on wartime and postwar memory of Kentucky Aaron Astor author of *Rebels on the Border* Civil War Emancipation and the Reconstruction of Kentucky and Missouri 1860 1872 Asher does a terrific job of weaving together the military political social and economic threads that made Kentucky such a complex story in and of itself during the Civil War Emerging Civil War Book Reviews [The Science of Health](#) Anonymous,2025-07-23 Reprint of the original first published in 1874 The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage *The Great harmonia v. 4, 1884* Andrew Jackson Davis,1884 **Confidence Man** Maggie Haberman,2025-06-10 The 1 New York Times bestseller Now in paperback Updated with new reporting through the 2024 election This is the book Trump fears most Axios Will be a primary source about the most vexing president in American history for years to come Joe Klein The New York Times A uniquely illuminating portrait Sean Wilentz The Washington Post A monumental look at Donald Trump and his presidency David Shribman Los Angeles Times From the Pulitzer Prize winning New York Times reporter who has defined Donald J Trump s presidency like no other journalist Confidence Man is a magnificent and disturbing reckoning that chronicles his life and its meaning from his rise in New York City to his tortured post presidency Few journalists working today have covered Donald Trump more extensively than Maggie Haberman And few understand him and his motivations better Now demonstrating her majestic command of this story Haberman reveals in full the depth of her understanding of the 45th president himself and of what the Trump phenomenon means Interviews with hundreds of sources and numerous interviews over the years with Trump himself portray a complicated and often contradictory historical figure Capable of kindness but relying on casual cruelty as it suits his purposes Pugnacious Insecure Lonely Vindictive Menacing Smarter than his critics contend and colder and more calculating than his allies believe A man who embedded himself in popular culture galvanizing support for a run for high office that he began preliminary spadework for 30 years ago to ultimately become a president who pushed American democracy to the brink The through line of Trump s life and his presidency is the enduring question of what is in it for him or what he needs to say to survive short increments of time in the pursuit of his own interests

Confidence Man is also inevitably about the world that produced such a singular character giving rise to his career and becoming his first stage It is also about a series of relentlessly transactional relationships The ones that shaped him most were with girlfriends and wives with Roy Cohn with George Steinbrenner with Mike Tyson and Don King and Roger Stone with city and state politicians like Robert Morgenthau and Rudy Giuliani with business partners with prosecutors with the media and with the employees who toiled inside what they commonly called amongst themselves the Trump Disorganization That world informed the one that Trump tried to recreate while in the White House All of Trump s behavior as President had echoes in what came before In this revelatory and newsmaking book Haberman brings together the events of his life into a single mesmerizing work It is the definitive account of one of the most norms shattering and consequential eras in American political history

Tough Girls Sherrie A. Inness,2018-01-09 Tough girls are everywhere these days Whether it is Ripley battling a swarm of monsters in the Aliens trilogy or Captain Janeway piloting the starship Voyager through space in the continuing Star Trek saga women strong in both body and mind have become increasingly popular in the films television series advertisements and comic books of recent decades In *Tough Girls* Sherrie A Inness explores the changing representations of women in all forms of popular media and what those representations suggest about shifting social mores She begins her examination of tough women in American popular culture with three popular television shows of the 1960s and 70s *The Avengers* *Charlie s Angels* and *The Bionic Woman* and continues through such contemporary pieces as a recent ad for Calvin Klein jeans and current television series such as *The X files* and *Xena Warrior Princess* Although all these portrayals show women who can take care of themselves in ways that have historically been seen as uniquely male they also variously undercut women s toughness She argues that even some of the strongest depictions of women have perpetuated women s subordinate status using toughness in complicated ways to break or bend gender stereotypes while simultaneously affirming them Also of interest *Madcaps Screwballs and Con Women The Female Trickster in American Culture* Lori Landay
