important historical events which imbues the collection with a sense of immediacy Rituals traditions community commemorations self concepts and historical revisionism all play key roles Contributors include both prominent and emerging scholars united by their interest in and fascination with the distinctiveness of Nuevomexicano culture *Santa Fe* Elizabeth West,2012 This question and answer book contains 400 reminders of what is known and what is sometimes forgotten or misunderstood about a city that was founded more than 400 years ago Not a traditional history book this group of questions is presented in an apparently random order and the answers occasionally meander off topic as if part of a casual conversation Landmark Essays on Rhetorics of Difference Damian Baca, Ellen Cushman, Jonathan Osborne, 2024-11-01 Landmark Essays on Rhetorics of Difference challenges the Eurocentric perspective from which the field of rhetoric is traditionally viewed Taking a step beyond the creation of alternative rhetorics that maintain the centrality of the European and Greco Roman tradition this volume argues on behalf of pluriversal rhetorics that coexist as equally important on their own terms A timely addition to the respected Landmark Essays series it will be invaluable to students of history of rhetoric literacy composition and writing studies **Mexican Indigenous Languages at the Dawn of the Twenty-First Century** Margarita Hidalgo, 2008-08-22 This volume explores the reversing language shift RLS theory in the Mexican scenario from various viewpoints The sociohistorical perspective delves into the dynamics of power that emerged in the Mexican colony as a result of the presence of Spanish It examines the processes of external and internal Indianization affecting the early European protagonists and the varied dimensions of language shift and maintenance of the Mexican colonial period The Mexican case sheds light upon language contact from the time in which Western civilization came into contact with the Mesoamerican peoples for the encounter began with a demographic catastrophe that motivated a recovery mission While the recovery of Mexican indigenous languages MIL was remarkable RLS ended after fifty years of abundant productivity in MIL Since then the slow process of recovery is related to demographic changes socioreligious movements rebellion confrontation and survival strategies that have fostered language maintenance with bilingualism and language shift with culture preservation The causes of the Chiapas uprising are analyzed in connection with the language attitudes of the indigenous peoples while language policy is discussed in reference to the new Law of Linguistic Rights of the Indigenous Peoples 2003 A quantitative classification of the MIL is offered with an overview of their geographic distribution trends of macrosocietal bilingualism use in the home domain and permanence in the original Mesoamerican settlements Innovative models of bilingual education are presented along with relevant data on several communities and the philosophies and methodologies justifying the programs A model of Mazahua language use is presented along the Graded Intergenerational Disruption Scale **Ethnic Positioning in Southwestern Mixed Heritage Writing** Judit Ágnes Kádár, 2022-04-04 Ethnic Positioning in Southwestern Mixed Heritage Writing explores how Southwestern writers and visual artists provide an opportunity to turn a stigmatized identity into a self conscious holder of valuable assets cultural attitudes and memories The problem of mixed

ethno cultural heritage is a relevant feature of North American populations faced by millions. Narratives on blended heritage show how mixed race authors utilize their multiple ethnic experiences, knowledge, archives, and sensibilities. They explore how individuals attempt to cope with the cognitive anxiety, stigmas, and perceptions that are intertwined in their blended ethnic heritage, family, and social dynamics, and the renegotiation of their ethnic identity. The Southwest is a region riddled by Eurocentric and Colonial concepts of identity yet at the same time highly treasured in the Frontier experiences of physical mobility and mental and spiritual journeys and transformations. Judith K. Orr argues that the process of ethnic positioning is a choice made by mixed heritage people that results in renegotiated identities leading to more complex and engaging concepts of themselves.

Misplaced Objects Silvia Spitta, 2009-07-01. When things move, things change. Starting from this deceptively simple premise, Silvia Spitta opens a fascinating window onto the profound displacements and transformations that have occurred over the six centuries since material objects and human subjects began circulating between Europe and the Americas. This extended reflection on the dynamics of misplacement starts with the European practice of collecting objects from the Americas into Wunderkammern, literally cabinets of wonders. Stripped of all identifying contexts, these exuberant collections, including the famous Real Gabinete de Historia Natural de Madrid, upset European certainties, forcing a reorganization of knowledge that gave rise to scientific inquiry and to the epistemological shift we call modernity. In contrast, cults such as that of the Virgin of Guadalupe arose out of the reverse migration from Europe to the Americas. The ultimate marker of mestizo identity in Mexico, the Virgin of Guadalupe is now fast crossing the U.S.-Mexico border, and miracles are increasingly being reported. Misplaced Objects then concludes with the more intimate and familial collections and recollections of Cuban and Mexican American artists and writers that are contributing to the Latinization of the United States. Beautifully illustrated and radically interdisciplinary, Misplaced Objects clearly demonstrates that it is not the awed viewer but rather the misplaced object itself that unsettles our certainties, allowing new meanings to emerge.

Mestiz@ Scripts, Digital Migrations, and the Territories of Writing D. Baca, 2008-05-26. Conventional scholarship on written communication positions the Western alphabet as a precondition for literacy. Thus, pictographic, non-verbal writing practices of Mesoamerica remain obscured by representations of lettered speech. This book examines how contemporary Mestiz scripts challenge alphabetic dominance, thereby undermining the colonized territories of writing. Strategic weavings of Aztec and European inscription systems not only promote historically grounded accounts of how recorded information is expressed across cultures but also speak to emerging studies on visual multimodal education. Baca Espinosa argues that Mestiz literacies advance new ways of reading and writing applicable to diverse classrooms of the twenty-first century.

Lived Religion Meredith B. McGuire, 2008-08-22. How can we grasp the complex religious lives of individuals such as Peter, an ordained Protestant minister who has little attachment to any church but centers his highly committed religious practice on peace and justice activism? Or Hannah, a devout Jew whose rich spiritual life revolves around her women's spirituality group?

and the daily practice of meditative dance Or Laura who identifies as Catholic but rarely attends Mass and engages daily in Buddhist style meditation at her home altar arranged with symbols of Mexican American popular religion Diverse religious practices such as these have long baffled scholars whose research often starts with the assumption that individuals commit or refuse to commit to an entire institutionally framed package of beliefs and practices Meredith McGuire points the way forward toward a new way of understanding religion She argues that scholars must study religion not as it is defined by religious organizations but as it is actually lived in people s everyday lives Drawing on her own extensive fieldwork as well as recent work by others McGuire explores the many seemingly mundane ways that individuals practice their religions and develop their spiritual lives By examining the many eclectic and creative practices of body mind emotion and spirit that have been invisible to researchers she offers a fuller and more nuanced understanding of contemporary religion

Américo Paredes José E. Limón, 2012-10-15 Several biographies of Américo Paredes have been published over the last decade yet they generally overlook the paradoxical nature of his life's work Embarking on an in depth critical exploration of the significant body of work produced by Paredes José E. Limón one of Paredes's students and now himself one of the world's leading scholars in

Mexican American studies puts the spotlight on Paredes as a scholar citizen who bridged multiple arenas of Mexican American cultural life during a time of intense social change and cultural renaissance. Serving as a counterpoint to hagiographic commentaries, *Am rico* Paredes challenges and corrects prevailing readings by contemporary critics of Paredes's Asian period and of such works as the novel *George Washington Gomez*, illuminating new facets in Paredes's role as a folklorist and public intellectual. Limón also explores how the field of cultural studies has drifted away from folklore or the poetics of everyday life while he examines the traits of Mexican American expressive culture. He also investigates the scholarly paradigm of ethnography itself, a stimulating inquiry that enhances readings of Paredes's best known study, *With His Pistol in His Hand*, and other works. Underscoring Paredes's place in folklore and Mexican American literary production, the book questions the shifting reception of Paredes throughout his academic career, ultimately providing a deep hermeneutics of widely varied work. Offering new conceptions, interpretations, and perspectives, *Am rico* Paredes gives this pivotal literary figure and his legacy the critical analysis they deserve.
