Speusippus doctrinal deviation from or preservation of Plato's doctrine as the effort of a genuine Platonist the first to reshape his Platonic credentials in the backdrop of Aristotle's critiques In offering a new reconstruction of the philosophical views of Speusippus the book provides new points of departure for research on the Early Academy and challenges previous ideas regarding the early development of Platonism Speusippus A Forgotten Voice of Platonism is of interest to students and scholars of Speusippus as well as those working on Platonism the Academy and ancient philosophy more broadly
