medicinal and pharmacological aspects of over 500 species of Asian medicinal orchids It starts off by explaining the role and limitations of complimentary and herbal medicines and how traditional Asian medicine differs from Western scientific medicine The different Asian medical traditions are described as well as their modes of preparing herbal remedies The core of the book presents individual medicinal orchid species arranged by genera Each species is identified by its official botanical name synonyms and local names Its distribution habitat and flowering season uses and pharmacology are described An overview sums up the research findings on all species within each genus Clinical observations are discussed whenever available and possible therapeutic applications are highlighted The book closes with chapters on the conservation of medicinal orchids and on the role of randomized clinical trials *Religion and Commodification* Vineeta Sinha,2011-04-13

Sustaining a Hindu universe at an everyday life level requires an extraordinary range of religious specialists and ritual paraphernalia At the level of practice devotional Hinduism is an embodied religion and grounded in a materiality that makes the presence of specific physical objects which when used in worship also carry immense ritual and symbolic load an indispensable part of its religious practices Traditionally both services and objects required for worship were provided and produced by occupational communities The almost sacred connection between caste groups and occupation profession has been clearly severed in many diasporic locations but importantly in India itself As such skills and expertise required for producing an array of physical objects in order to support Hindu worship have been taken over by clusters of individuals with no traditional historical connection with caste related knowledge Both the transference and disconnect just noted have been crucial for the ultimate commodification of objects used in the act of Hindu worship and the emergence of an analogous commercial industry as a result These developments condense highly complex processes that need careful conceptual explication a task that is exciting and carries enormous potential for theoretical reflections in key fields of study Using the lens of visibility and materiality Sinha offers insights into the everyday material religious lives of Hindus as they strive to sustain theistic devotional Hinduism in diasporic locations particularly Singapore Malaysia and Tamilnadu where religious objects have become commodified **Journal of the Straits Branch of the Royal Asiatic Society** ,1900 **Journal of**

the Straits Branch of the Royal Asiatic Society Malayan Branch of the Royal Asiatic Society,1898 **A Guide to Families of Common Flowering Plants in the Philippines** Irma Remo Castro,2006 This book is an introduction to the science of plant classification and identification or plant taxonomy It defines terms used in describing a flowering plant and its parts and presents the characteristics of families of common flowering plants in the Philippines For a clearer understanding descriptions are supplemented by drawings and photographs Plants commonly found in gardens parks and vacant lots are used as examples and are therefore readily available for study A section is also devoted to the establishment and maintenance of a herbarium **Dictionary Of British And Irish Botanists And Horticulturalists Including plant collectors, flower painters and garden designers** Ray Desmond,2020-12-23 Over the past four centuries botanists and

gardeners in the British Isles have gathered maintained and propagated many varying species of plants Their work has been documented in innumerable books and articles which are often difficult to trace The Dictionary of British and Irish Botanists and Horticulturalists represents a time saving reference source for those who wish to discover more about the lives and achievements of the horticulturalists listed The dictionary s utility comes not only from indicating the major publications of the named authors but also the location of their herbaria and manuscripts The previous 1977 edition of the Dictionary has for many years been a much used source of information for botanists botanic artists and archivists In this revised edition the scope has been expanded to include among its 13 000 entries flower painters in addition to botanical artists over 1400 entries and for the first time garden designers Finally the Dictionary should have international appeal since so many botanists and gardeners worked on collective plants overseas in particular in North America and the British Commonwealth Each entry gives wherever possible details of dates and places of birth and death educational qualifications professional posts honours and awards publications location of plant collections manuscripts drawings and portraits Its main function however is to provide further biographical references to books and periodicals Comprehensive classified indices facilitate access by professions and activities countries and plant interests
