Workshop, 2007 This volume presents the proceedings of the seventh workshop of the international thematic network Impact of Empire which concentrates on the history of the Roman Empire It focuses on the impact that crises had on the development and functioning of the Roman Empire from the Republic to Late Imperial times Imperial Rome AD 193 to 284 Clifford Ando, 2012-06-20 The Roman empire during the period framed by the accession of Septimus Severus in 193 and the rise of Diocletian in 284 has conventionally been regarded as one of crisis Between 235 and 284 at least eighteen men held the throne of the empire for an average of less than three years a reckoning which does not take into account all the relatives and lieutenants with whom those men shared power Compared to the century between the accession of Nerva and the death of Commodus this appears to be a period of near unintelligibility The middle of the century also witnessed catastrophic if temporary ruptures in the territorial integrity of the empire At slightly different times large portions of the eastern and western halves of the empire passed under the control of powers and principalities who assumed the mantle of Roman government and exercised meaningful and legitimate juridical political and military power over millions The success and longevity of those political formations reflected local responses to the collapse of Roman governmental power in the face of extraordinary pressure on its borders Even those regions that remained Roman were subjected to depredation and pillage by invading armies The Roman peace which had become in the last instance the justification for empire had been shattered In this pioneering history Clifford Ando describes and integrates the contrasting histories of different parts of the empire and assesses the impacts of administrative political and religious change *Power and Status in the Roman Empire, AD 193-284* Inge Mennen, 2011-04-26 This book deals with changing power and status relations between AD 193 and 284 when the Empire came under tremendous pressure and presents new insights into the diachronic development of imperial administration and socio political hierarchies between the second and fourth centuries The Oxford Handbook of Greek and Roman Coinage William E. Hekster, G. de Kleijn, Stephan T.A.M. Mols, Lukas de Blois, 2019-05-28 From the days of the emperor Augustus 27 B C A D 14 the emperor and his court had a quintessential position within the Roman Empire It is therefore clear that when the Impact of the Roman Empire is analysed the impact of the emperor and those surrounding him is a central issue The study of the representation and perception of Roman imperial power is a multifaceted area of research which greatly helps our understanding of Roman society In its successive parts this volume focuses on 1 The representation and perception of Roman imperial power through particular media literary texts inscriptions coins monuments ornaments and insignia but also nicknames and death bed scenes 2 The representation and perception of Roman imperial power in the city of Rome and the various provinces 3 The representation of power by individual emperors **The Cambridge Manual of Latin Epigraphy** Alison Cooley, 2012-09-13 This book explores how Latin inscriptions were used in the Roman world and makes them accessible to students today **Empress Zenobia** Pat Southern, 2008-11-17 The ancient sources for the life and times of Zenobia are sparse and the surviving literary works are biased towards the Roman point of view much as are the sources for two other famous women who challenged Rome Cleopatra and Boudica In Empress Zenobia Pat Southern seeks to tell the other side of the legendary 3rd century queen s place in history As queen of Palmyra present day Syria Zenobia was acknowledged in her lifetime as beautiful and clever gathering round her at the Palmyrene court writers and poets artists and philosophers It was said that Zenobia claimed descent from Cleopatra which cannot be true but is indicative of how she saw herself and how she intended to be seen by others at home and abroad This lively narrative explores the legendary queen and charts the progression of her unequivocal declaration not only of independence from Rome but of supremacy Initially Zenobia acknowledged the suzerainty of the Roman Emperors but finally began to call herself Augusta and her son Vaballathus Augustus There could be no clearer challenge to the authority of Rome in the east drawing the Emperor Aurelian to the final battles and the submission of Palmyra in AD 272 Zenobia s story has inspired many melodramatic fictions but few factual volumes of any authority have been published Pat Southern s book is a lively account that is both up to date and authoritative as well as thoroughly engaging **Studia epigraphica et militaria** Marietta Horster, Olga Pelcer-Vujačić, Snežana Ferjančić, 2024-03-18 The Auctarium series publishes archival material and analyses which supplement the editions of the Corpus Inscriptionum Latinarum CIL The volume has a topographical focus on Pannonia and the surrounding regions CIL III It focuses in particular on the living and working conditions of the military and the Roman provincial lifeworlds
