Long View Perennial Library:

Agricultural Extension and Rural Development Ray Ison, Raymond L. Ison, David Russell, 2007-08-16 This 1999 book proposes an alternative approach to research and development based on the needs of the farming community

Theoretical Approach to Modern American History and Literature W. Lawrence Hogue, 2020-01-10 This book reconfigures the history of modern America showing how multiple and at times vulnerable social economic literary and political movements levels divisions and conditions such as the emergent middle class the labor movement the Progressive Movement the socialist and communist parties the Women's movements the NAACP the Garvey movement Asian and Native American resistance movements writers artists and intellectuals seized upon social gender economic and racial inequalities and challenged a singularly defined modern America This book re-represents the modern American novel accenting the different critical literary voices that come out of the mainstream consumer society but also out of the various unequal social economic gender and political movements and situations In including racial gender sexual colonial class and ethnic others who reject the rigidity the repression the racial and ethnic stereotyping the external and internal colonialism the complication rejection of the past nature and the violence of the institutionalized conformist norm in a discussion of the modern American novel it effects a fundamental recasting of the modern Americanist paradigm one that is de-centered richer more complex and more diverse

The Role of Creative Ignorance: Portraits of Path Finders and Path Creators P. Formica, 2014-12-21 Traditionally company experts and outside collaborators innovate by developing the knowledge map Success or failure of incremental innovation hinges on this path The Role of Creative Ignorance suggests the knowledge map should be abandoned and replaced with a new methodology that of creative ignorance With over 30 years of experience in international economics and entrepreneurship Piero Formica explores the concept of creative ignorance in combination with path creation and its disruptive effect on entrepreneurship Using narrative examples of innovators and companies worldwide he introduces the characteristics of successful path creators that overstep the boundaries set by knowledge maps to open up new unprecedented routes and connect them each other In doing so path creators reveal latent unexpressed needs of consumers and drive innovation forward

A Bit of Earth Andrea G. Burke, 2024-07-31 Prayers poetry and Scripture for a life in the garden In A Bit of Earth Andrea G Burke looks at the seasonal practice and common grace of gardening through a devotional lens Part memoir part prayer book A Bit of Earth weaves care and intent through moments of ordinary living This book is a lifelong resource of Scripture poetry and prose on the life of faith for contemplatives gardeners and believers God walks in the garden at the cool of the day The Lord is with us when we dream about what plants to grow and when we drag our feet to pull weeds He is with us when we preserve the fruit of our hard labors He is with us even when we weep at the desolate snowbound landscape of winter Whether you're new to gardening or already have a green thumb anyone can learn how to garden and cultivate the soil of their hearts through A Bit of Earth

Viewing Jasper Mountain Risa Stephanie

Bear,2010 **The Environment in Rachel Carson's Silent Spring** Gary Wiener,2011-12-01 A foundational text in the conservation movement Rachel Carson's *Silent Spring* challenged prevailing ideas of the health of the environment by showing that pesticides affected organisms other than their targets such as humans and birds The book also accused chemical companies and federal officials of complacency in regulating pesticides Despite challenges from the chemical industry the book reversed pesticide policy leading to a ban on DDT for agricultural use This compelling volume offers an in depth analysis of the life works and importance of Rachel Carson Critical essays focus on how the book put human impact at the center of environmental policy how some felt that Carson exaggerated her claims and how environmentalism stands in the way of human progress The book also offers readers contemporary perspectives on environmental disasters *The Publishers' Trade List Annual* ,1984 **A Desire to Learn** Eric Moon,1993 a readable survey of many of the issues that have faced our profession over the past decades on which Eric Moon spoke out including Vietnam fees for library services and segregation in libraries and library associations AMERICAN LIBRARIES I would commend the volume to anyone who believes libraries and librarianship have a real role and value in society JOURNAL OF LIBRARIANSHIP AND INFORMATION SCIENCE Living with the Coast of Alaska Owen K. Mason,William J. Neal,Orrin H. Pilkey,1997 Another shore book that suggests ways to cope not only with disasters at the coast but with the frequent hazards encountered inland Part of the Living with the Shore Series **Brain, Mind and Internet** D. Staley,2014-08-15 This essay places the emerging brain Internet interface within a broad historical context that the Internet represents merely the next stage in a very long history of human cognition whereby the brain couples with symbolic technologies Understanding this deep history provides a way to imagine the future of brain Internet cognition **The Four Powers Of Leadership** David T. Kyle,1998-05 People who are promoted because of the skills and competencies that have made them successful often experience a dramatic change in behavior when they assume a new higher powered position This book offers readers the ability to move into new positions of leadership with the tools needed to become inspiring leaders **Gardens Across America, East of the Mississippi** John H. Russell,Thomas S. Spencer,2005-07-28 Gardening is one of America's most popular hobbies and attendance at public gardens and arboreta continues to rise Gardens Across America is a comprehensive two volume guide to nearly 2 000 gardens Each entry in this state by state guide contains such basic information as hours of operation and directions as well as a listing of activities educational programs and any unique botanical features Gardens are also indexed by type Japanese children's etc and by designer another index lists plant species and where they can be found Twenty four pages of color plates round out this portable directory of America's public gardens **The Limits of Law** Peter Cleary Yeager,1993-08-27 An analysis of the development of US water pollution laws showing how legal processes and social relations interact as the state struggles to reconcile contradictory responsibilities *Winter's Tales* Kathleen George,2005-09 *Winter's Tales* tackles the question of whether narrative and drama are as different from each other as some scholars have assumed By examining

everything from voice and tense to scene and summary George a theater professor and novelist analyzes the many choices a writer has when framing a story She addresses narrative theoretical ground before focusing on contemporary plays that are novelistic She finishes the study by examining the problems of adaptation from novel to stage Her account is by way of its essayistic style personal at times a writer s journal of reading and writing discoveries In Winter s Tales George demonstrates among other things the ways the diegetic is evident in the very content of frame plays and divided plays she distinguishes between kinds of memory plays by cataloguing the possible stances of the narrator she also covers subjects like multiple narration and she gives accounts of the epic dramatic and lyric solutions to adapting novels Kathleen George is a Professor in the Theatre Arts Department at the University of Pittsburgh The Most Disreputable Trade Thomas F. Bonnell,2008-04-17 A publishing phenomenon began in Glasgow in 1765 Uniform pocket editions of the English Poets printed by Robert and Andrew Foulis formed the first link in a chain of literary products that has grown ever since as we see from series like Penguin Classics and Oxford World Classics Bonnell explores the origins of this phenomenon analysing more than a dozen multi volume poetry collections that sprang from the British press over the next half century Why such collections flourished so quickly who published them what forms they assumed how they were marketed and advertised how they initiated their readers into the rites of mass market consumerism and what role they played in the construction of a national literature are all questions central to the study The collections played out against an epic battle over copyright law and involved fierce contention for market share in the classics among rival publishers It brought despair to the most powerful of London printers William Strahan who prophesied that competition of this nature would ruin bookselling turning it into the most pitiful beggarly precarious unprofitable and disreputable Trade in Britain Samuel Johnson s Lives of the Poets were part of such a collection dubbed Johnson s Poets The third edition of this collection published in 1810 brought the national project to its high water mark it contained 129 poets plus extensive translations from the Greek and Roman classics By this point all the features that characterize modern series of vernacular classics had been established and never since has such an ambitious expression of the poetic canon been repeated as Bonnell shows by peering forward into the nineteenth century and beyond Based on work with archival materials newspapers handbills prospectuses and above all the books themselves Bonnell s findings shed light on all aspects of the book trade Valuable bibliographical data is presented regarding every collection forming an indispensable resource for future work on the history of the English poetry canon **International Operations Management** Gerhard Johannes Plenert,2002 In the new world of e business competition takes on a new intensity and a variety of flavors The unique dynamics of the international online marketplace often requires organizations to pursue multiple simultaneous and seemingly contradictory strategie The Music in African American Fiction Robert H. Cataliotti,2019-09-16 This is the first comprehensive historical analysis of how black music and musicians have been represented in the fiction of African American writers It also examines how music and musicians in fiction have exemplified

the sensibilities of African Americans and provided paradigms for an African American literary tradition The fictional representation of African American music by black authors is traced from the nineteenth century William Wells Brown Martin Delany Pauline E Hopkins Paul Laurence Dunbar through the early twentieth century and the Harlem Renaissance James Weldon Johnson Langston Hughes Claude McKay Zora Neale Hurston to the 1940s and 50s Richard Wright Ann Petry James Baldwin Ralph Ellison and the 1960s and the Black Arts Movement Margaret Walker William Melvin Kelley Leroi Jones Amiri Baraka Henry Dumas In the century between Brown and Baraka the representation of music in black fiction went through a dramatic metamorphosis Music occupied a representative role in African American culture from which writers drew ideas and inspiration The music provided a way out of a limited situation by offering a viable option to the strictures of racism Individuals who overcome these limitations then become role models in the struggle toward equality African American musical forms for both artist and audience also offered a way of looking at the world survival and resistance The black musician became a ritual leader This study delineates how black writers have captured the spirit of the music that played such a pivotal role in African American culture Ph D dissertation State University of New York at Stony Brook 1993 revised with new preface and index

Beyond the Broker State Jonathan J. Bean, 2002-03-01 Focusing on anti chain store legislation beginning in the 1930s and on the establishment of federal small business agencies in the 1940s and 1950s Jonathan Bean analyzes public policy toward small business Beyond the Broker State challenges the long accepted definition of politics as the interplay of organized interest groups mediated by a broker state

God of the Oppressed James H. Cone, 1997-01-01 In his reflections on God Jesus suffering and liberation James H Cone relates the gospel message to the experience of the black community But a wider theme of the book is the role that social and historical context plays in framing the questions we address to God as well as the mode of the answers provided

Conservatives Without Conscience John W. Dean, 2006-07-11 On the heels of his national bestseller Worse Than Watergate John Dean takes a critical look at the current conservative movement In Conservatives Without Conscience John Dean places the conservative movement's inner circle of leaders in the Republican Party under scrutiny Dean finds their policies and mind set to be fundamentally authoritarian and as such a danger to democracy By examining the legacies of such old line conservatives as J Edgar Hoover Spiro Agnew and Phyllis Schlafly and of such current figures as Dick Cheney Newt Gingrich and leaders of the Religious Right Dean presents an alarming record of abuses of power His trenchant analysis of how conservatism has lost its bearings serves as a chilling warning and a stirring inspiration to safeguard constitutional principles
