Resigned to a quieter pace of life, she is therefore filled with anticipation when she hears that an eligible bachelor, Lord Moreton, has moved into nearby Elton Hall. Dreaming of an attractive stranger who will sweep her off her feet, Aurora is delighted when her father invites the mysterious Lord for dinner on Christmas Eve. The Sky Above John Howard Casper, 2022-04-15 Looking up at the stars at the age of ten, John Casper dreamed of being a space explorer. *The Sky Above* tells how persistence and determination led to flying in space after serving the nation as a combat fighter pilot and test pilot. Despite life-threatening experiences and failures, his spiritual faith was pivotal in overcoming life's challenges. Through vivid storytelling, the reader rides alongside the author in the cockpit, feeling the fear of enemy anti-aircraft fire and the pressure of high g forces during combat maneuvering. His insider accounts of four Space Shuttle missions vividly describe exhilarating launches, the magical experience of weightlessness, and the magnificent beauty of Earth from hundreds of miles above. A central theme running throughout Casper's life is his faith as he struggles with the loss of fellow pilots and confronts life's inconsistencies and disappointments. This is a story about his growth and trust in his Creator, whose tenacious spirit never left him, even during the devastating Challenger and Columbia disasters. Readers interested in stories of true adventure or overcoming adversity will discover unique drama and insight. Those trying to reach their dreams, whatever they are, will find inspiration; those unsure or challenged in their faith will find encouragement.

A Library of Religious Poetry Philip Schaff, Arthur Gilman, 1880 Religious poetry is the holy of holies of literature. In all ages, poets have been the interpreters of the finer feelings of humanity, and the greatest have treated the loftiest themes that can employ the mind and the heart: the relation of man to his Maker and the duties and privileges which arise from it. It has been the aim of the editors to make the present collection truly catholic. It embraces a body of representative poems of all ages, denominations, and countries. The authors are allowed the fullest liberty of uttering their sentiments in their own words.

Preface **Cracked Earth** J.L. Villarreal, 2013-02-14 An earthquake and nuclear meltdown in Japan has forced the world's governments to inoculate Earth's population against a new form of radiation being used at the Fukushima nuclear plant in Japan. Those inoculated, the majority of the world's population, had a reaction which turned them into violent, primitive humans. With all of the governments gone, a group of survivors must scavenge the abandoned world for supplies and fight off the primitive monsters to keep our civilization and our race from disappearing. With the world's population dwindling, they find out that these primitive beings are not their worst enemies but rather man himself.
