Harris, Leslie Irvine, 2018-11-01 An engaging text that enables readers to understand the world through symbolic interactionism This lively and accessible book offers an introduction to sociological social psychology through the lens of symbolic interactionism It provides students with an accessible understanding of this

perspective to illuminate their worlds and deepen their knowledge of other people's lives as well as their own. Written by noted experts in the field, the book explores the core concepts of social psychology and examines a collection of captivating empirical studies. The book also highlights everyday life, putting the focus on the issues and concerns that are most relevant to the readers' social context. *The Social Self and Everyday Life* bridges classical theories and contemporary ideas, joins abstract concepts with concrete examples, and integrates theory with empirical evidence. It covers a range of topics including the body, emotions, health, and illness, the family, technology, and inequality. Best of all, it gets students involved in applying concepts in their daily lives. Demonstrates how to use students' social worlds, experiences, and concerns to illustrate key interactionist concepts in a way that they can emulate. Develops key concepts such as meaning, self, and identity throughout the text to further students' understanding and ability to use them. Introduces students to symbolic interactionism, a major theoretical and research tradition within sociology. Helps to involve students in familiar experiences and issues and shows how a symbolic interactionist perspective illuminates them. Combines the best features of authoritative summaries: clear definitions of key terms with enticing empirical excerpts and attention to popular ideas. Clear and inviting in its presentation. *The Social Self and Everyday Life: Understanding the World Through Symbolic Interactionism* is an excellent book for undergraduate students in sociology, social psychology, and social interaction. Along with the quest, Nu Erth is also given the ability to use knowledge of any and all magic by the strange voice. Yet Nu Erth must discover what magic is first. Oh, and did we forget to mention that Nu Erth is the only hatchling dragon of his kind on the new world where he is birthed. Being the only hatchling dragon of his kind on this new world, what awaits Nu Erth as he begins his adventures to do the quest given to him by the strange voice from the sphere of light? Does Nu Erth make any friends along his adventures? Does Nu Erth meet other hatchling dragons or even dragons of his own kind? Only Nu Erth's adventures can tell you that, and what awaits our hatchling dragon. **Opening Acts** Judith Hamera, 2006 *Opening Acts: Performance in/as Communication and Cultural Criticism* offers new, rigorous ways to analyze communication and culture through performance.
