Looking Backward 2000 1887:

Looking Backward Edward Bellamy, 1982-12-16 Edward Bellamy's prophetic novel about a young Boston man who is mysteriously transported from the 19th to the 21st century from a world of war and want to a world of peace and plenty. The year is 2000. The place Utopian America. The hero anyone who has ever longed for escape to a better life. Translated into more than twenty languages and the most widely read novel of its time. *Looking Backward* is more than a brilliant visionary's view of the future. It is a blueprint of the perfect society, a guidebook that stimulated some of the greatest thinkers of our age. Today in the very era it attempted to visualize it is even more compelling than ever. With an Introduction by Walter James Miller and an Afterword by Eliot Fintushel. **Looking Backward** Edward Bellamy, 2018-11-11 *Looking Backward* by Edward Bellamy. Set in Boston on December 26, 2000 but written before the turn of the nineteenth century, this classic Utopian novel is more significant and relevant than ever with its reappearance this millennium. Addressing moral and material concerns of late nineteenth century industrial America through romantic narrative, Bellamy suggests a fictionalized society in which war, poverty, and malice do not exist. *Looking Backward, 2000-1887* Edward Bellamy, 1889. *Looking Backward, 2000-1887* Edward Bellamy, 2003. First published in 1888 and a phenomenal best seller, *Looking Backward* is Edward Bellamy's utopian novel about a nineteenth century Bostonian who awakes after a sleep for more than one hundred years to find himself in the year 2000 in a world of near perfect cooperation, harmony, and prosperity. More than just a fanciful novel, *Looking Backward* was in effect Bellamy's blueprint for a socialist type state conceived in response to problems of the Gilded Age brought on in part by the pace of the late nineteenth century industrialization. The novel had an enormous impact at the time of its publication, setting in motion a wave of reform activity and creating a vogue for utopian novels that continued over the next three decades. In addition to an extensive introduction, Daniel Borus's new edition of *Looking Backward* contains a chronology of Bellamy's life, a bibliography, questions to consider when reading the novel, and an index.

Looking Backward, 2000 To 1887 Edward Bellamy, 2018-04-07 It is the year 2000 and full employment, material abundance, and social harmony can be found everywhere. This is the America to which Julian West, a young Bostonian, awakens after more than a century of sleep. West's initial sense of wonder, his gradual acceptance of the new order, and a new love and Bellamy's wonderful prophetic inventions—electric lighting, shopping malls, credit cards, electronic broadcasting—ensured the mass popularity of this 1888 novel. But however rich in fantasy and romance, *Looking Backward* is a passionate attack on the social ills of nineteenth century industrialism and a plea for social reform and moral renewal. In her introduction, Cecelia Tichi discusses how the novel echoes the anguish and hopes of its own age while it embodies a sustaining myth of the American literary tradition that man's perfectibility is attainable in the New World. *Looking Backward 2000 - 1887* Edward Bellamy, 2017-09-30 *Looking Backward 2000 1887* By Edward Bellamy. *Looking Backward 2000 1887* is a utopian science fiction novel by Edward Bellamy, a journalist and writer from Chicopee Falls, Massachusetts. science fiction novel by Edward Bellamy a journalist and writer from Chicopee Falls Massachusetts it was first published in
1888 It was the third largest bestseller of its time It influenced a large number of intellectuals Erich Fromm writes It is one
of the few books ever published that created almost immediately on its appearance a political mass movement Bellamy s
novel tells the story of a hero figure named Julian West a young American who towards the end of the 19th century falls into
a deep hypnosis induced sleep and wakes up one hundred and thirteen years later He finds himself in the same location
Boston Massachusetts but in a totally changed world It is the year 2000 and while he was sleeping the United States has
been transformed into a socialist utopia The remainder of the book outlines Bellamy s thoughts about improving the future
The major themes include problems associated with capitalism a proposed socialist solution of a nationalization of all
industry the use of an industrial army to organize production and distribution as well as how to ensure free cultural
production under such conditions In the United States alone over 162 Bellamy Clubs sprang up to discuss and propagate the
book s ideas Owing to its commitment to the nationalization of private property and the desire to avoid use of the odious term
Socialism this political movement came to be known as Nationalism not to be confused with the political concept of
nationalism The novel also inspired several utopian communities Looking Backward Edward Bellamy,2020-03-18 I first
saw the light in the city of Boston in the year 1857 What you say eighteen fifty seven That is an odd slip He means nineteen
fifty seven of course I beg pardon but there is no mistake It was about four in the afternoon of December the 26th one day

after Christmas in the year 1857 not 1957 that I first breathed the east wind of Boston which I assure the reader was at that remote period marked by the same penetrating quality characterizing it in the present year of grace 2000 These statements seem so absurd on their face especially when I add that I am a young man apparently of about thirty years of age that no person can be blamed for refusing to read another word of what promises to be a mere imposition upon his credulity Nevertheless I earnestly assure the reader that no imposition is intended and will undertake if he shall follow me a few pages to entirely convince him of this If I may then provisionally assume with the pledge of justifying the assumption that I know better than the reader when I was born I will go on with my narrative As every schoolboy knows in the latter part of the nineteenth century the civilization of to day or anything like it did not exist although the elements which were to develop it were already in ferment Nothing had however occurred to modify the immemorial division of society into the four classes or nations as they may be more fitly called since the differences between them were far greater than those between any nations nowadays of the rich and the poor the educated and the ignorant I myself was rich and also educated and possessed therefore all the elements of happiness enjoyed by the most fortunate in that age Living in luxury and occupied only with the pursuit of the pleasures and refinements of life I derived the means of my support from the labor of others rendering no sort of service in return My parents and grand parents had lived in the same way and I expected that my descendants if I had any would enjoy a like easy existence

Looking Backward Edward Bellamy, 2018-06 First published in 1888 Looking Backward 2000 1887 is the highly influential work of utopian science fiction by American journalist Edward Bellamy In the years following the American Civil War a growth in inequality led to an increase in social and economic turmoil The rise of ever larger and less competitive firms was causing wages to stagnate and created an appetite amongst the populace for solutions to help mitigate the negative effects of an unrestrained and increasingly plutocratic form of capitalism This appetite gave rise to a popular new literary genre the utopian socialist novel of which Looking Backward is arguably one of the most famous examples of It is the story of young Julian West who is induced by hypnosis into a deep 113 year sleep When he awakes in the year 2000 he finds that America has been transformed into a socialist utopia Upon waking West readily encounters Doctor Leete who explains to him what has transpired since he has slept Society through a combination of technological advancement and the nationalization of the productive capacity of the United States has become a world in which people work together in mutual cooperation and harmony Looking Backward was one of the best selling novels of the 19th century one which would inspire a large number of people to promote more socialistic public policies This edition is printed on premium acid free paper and includes an introduction by Sylvester Baxter
