Lopez Guerra:

López Guerra Francisco López-Guerra, 2000 Amongst the members of the new generations of architecture and his commitment to his profession **Citizenship Acquisition and National Belonging** G. Calder, P. Cole, J. Seglow, 2009-11-12 What does it take to become a citizen of a particular nation Is it justified to restrict membership of a society and if so on what grounds This book explores a series of pressing controversial issues surrounding the acquisition of citizenship in theory and practice **The Ethics of Exile** Ashwini Vasanthakumar, 2021-11-04 Exiles have long been transformative actors in their homelands they foment revolution sustain dissent and work to create renewed political institutions and identities back home Ongoing waves of migration ensure that they will continue to play these vital roles Rather than focus on what exiles mean for the countries they enter a perspective that often treats them as passive victims The Ethics of Exile recognises their political and moral agency and explores their rich and vital relationship to the communities they have left It offers a rare view of the other side of the migration story Engaging with a series of case studies this book identifies the responsibilities and rights exiles have and the important roles they play in homeland politics It argues that exile politics performs two functions it can correct defective political institutions back home and it can counter asymmetries of voice and power abroad In short exiles can act both as a linchpin and a buffer between political communities in crisis and the international actors who seek to variously aid and exploit them When we think about the duties we owe to those forced to leave their homes we should consider how to enable rather than thwart these roles *Against Democracy* Jason Brennan, 2017-09-26 A bracingly provocative challenge to one of our most cherished ideas and institutions Most people believe democracy is a uniquely just form of government They believe people have the right to an equal share of political power And they believe that political participation is good for us it empowers us helps us get what we want and tends to make us smarter more virtuous and more caring for one another These are some of our most cherished ideas about democracy But Jason Brennan says they are all wrong In this trenchant book Brennan argues that democracy should be judged by its results and the results are not good enough Just as defendants have a right to a fair trial citizens have a right to competent government But democracy is the rule of the ignorant and the irrational and it all too often falls short Furthermore no one has a fundamental right to any share of political power and exercising political power does most of us little good On the contrary a wide range of social science research shows that political participation and democratic deliberation actually tend to make people worse more irrational biased and mean Given this grim picture Brennan argues that a new system of government epistocracy the rule of the knowledgeable may be better than democracy and that it's time to experiment and find out A challenging critique of democracy and the first sustained defense of the rule of the knowledgeable *Against Democracy* is essential reading for scholars and students of politics across the disciplines Featuring a new preface that situates the book within the current political climate and discusses other alternatives beyond epistocracy

Against Democracy is a challenging critique of democracy and the first sustained defense of the rule of the knowledgeable

Transatlantic Ties in the Spanish Empire Ida Altman, 2000-06-01 Between 1560 and 1620 a thousand or more people left the town of Brihuega in Spain to migrate to New Spain now Mexico where nearly all of them settled in Puebla de los Angeles New Spain's second most important city A medium sized community of about four thousand people Brihuega had been a center of textile production since the Middle Ages but in the latter part of the sixteenth century its industry was in decline a circumstance that induced a significant number of its townspeople to emigrate to Puebla where conditions for textile manufacturing seemed ideal The immigrants from Brihuega played a crucial role in making Puebla the leading textile producer in New Spain and they were otherwise active in the city's commercial industrial sector as well Although some immigrants penetrated the higher circles of poblano society and politics for the most part they remained close to their entrepreneurial and artisanal origins Closely associated through business kinship marital and compadrazgo ties and in residential patterns the Brihuega immigrants in Puebla constituted a coherent and visible community This book uses the experiences and activities of the immigrants as a basis for analyzing society in Brihuega and Puebla making direct comparisons between the two cities by examining such topics as mobility and settlement politics and public life economic activity religious life social relations and marriage family and kinship In tracing the socioeconomic cultural and institutional patterns of a town in Spain and a city in New Spain in all their connections continuities and discontinuities the book offers a new basis for understanding the process and implications of the transference of these patterns within the early modern Hispanic world

Power to the People Mark V. Tushnet, Bojan Bugarič, 2021 Power to the People proposes that some forms of populism are inconsistent with constitutionalism while others aren't By providing a series of case studies some organized by nation others by topic the book identifies these populist inconsistencies with constitutionalism and importantly when and how they are not Opening a dialogue for the possibility of a deeper populist democracy the book examines recent challenges to the idea that democracy is a good form of government by exploring possibilities for new institutions that can determine and implement a majority's views without always threatening constitutionalism

The Epistemology of Democracy Hana Samaržija, Quassim Cassam, 2023-04-03 This is the first edited scholarly collection devoted solely to the epistemology of democracy Its fifteen chapters published here for the first time and written by an international team of leading researchers will interest scholars and advanced students working in democratic theory the harrowing crisis of democracy political philosophy social epistemology and political epistemology The volume is structured into three parts each offering five chapters The first part Democratic Pessimism covers the crisis of democracy the rise of authoritarianism public epistemic vices misinformation and disinformation civic ignorance and the lacking quantitative case for democratic decision making The second part Democratic Optimism discusses the role of hope and positive emotions in rebuilding democracy proposes solutions to myside bias and criticizes dominant epistocratic approaches to forming political administrations The third and

final part Democratic Realism assesses whether we genuinely require emotional empathy to understand the perspectives of our political adversaries discusses the democratic tension between mutual respect for others and a quest for social justice and evaluates manifold top down and bottom up approaches to policy making

Stories from the Barrio Carlos Eliseo Cuéllar, 2003 This work offers a new look at the history of Fort Worth The history of this people includes the stories of early Mexicanos escaping the hardships of the Mexican revolution to the attempts of second generation Mexican Americans to assimilate to their political voice and freedoms

Childhood in Liberal Theory Nicolás Brando, 2024 Childhood in Liberal Theory offers a novel perspective on the concept of childhood and children's rights within the tradition of liberal theories of justice Brando questions the strict opposition of childhood and adulthood as social categories and proposes an Adaptive model of childhood as an alternative foundation

Joseph Carens: Between Aliens and Citizens Matthias Hoesch, Nadine Mooren, 2020-08-11 This book offers a critical discussion of Joseph Carens's main works in migration ethics covering themes such as migration naturalization citizenship culture religion and economic equality The volume is published on the occasion of the annual Münster Lectures in Philosophy held by Joseph Carens in the fall of 2018 It documents the intellectual exchange with the well known philosopher Joseph Carens by offering critical contributions on Carens's work and commentaries of Carens as a reply to these critical contributions With his various works on migration ethics Joseph Carens must be seen as one of the leading academics in the political and ethical discourse of migration in the last years The topic of migration raises questions not only regarding naturalization and citizenship but also cultural economic and religious differences between aliens citizens and persons whose status lies in between and calls for further determination Such questions gain more and more importance in our globalized world as can be seen for example in the context of the refugee crisis in the European Union and the U S The book covers different systematic topics of Carens's work as can be found in his widely read book The Ethics of Immigration but also in further publications It provides papers with critical discussions of Carens's work as well as his responses to these thus enabling and documenting the fruitful dialogue between the contributors and Carens himself The aim of this book is to sharpen and shed light on Carens's arguments concerning migration by offering new and critical perspectives and fine grained analyses

Citizenship Rights Igor Štiks, 2017-05-15 In today's world all claims tend to be founded on or justified by rights be they political social economic or private The ubiquity of this discourse has led to a blurring of the definition of what exactly constitutes rights not to mention a blurring of the boundaries between different bundles of rights their sources and the various institutional practices through which they are enjoyed or asserted Particular attention needs to be paid to the category of citizenship rights Exactly how are they distinguished from human rights This volume presents some of the most important reflections and studies on citizenship rights both past and present The contributions provide both thorough description and incisive analysis and place the question of citizenship rights into a wider historical social and political perspective As such it offers a timely introduction to the current debates surrounding the rights

and duties of both citizens and non citizens alike with a focus on the many ways in which citizenship is contested in the contemporary world The volume is invaluable to scholars and students of citizenship studies political and critical theory human rights sociology urban development and law **Democratic Speech in Divided Times** Maxime Lepoutre,2021 Democratic Speech in Divided Times develops a sustained account of the norms that should govern public discourse in deeply divided circumstances and demonstrates that when governed by the right set of norms public speech can be a powerful force for good even amidst profound social divisions **The Ashgate Research Companion to Migration Law, Theory and Policy** Satvinder S. Juss,2016-03-23 The Ashgate Research Companion to Migration Law Theory and Policy complements the already successful Ashgate series Law Migration established in 2006 which now has a number of well regarded monographs to its credit The purpose of this Companion is to augment that Series by taking stock of the current state of literature on migration law theory and policy and to sketch out the contours of its future long term development in what is now a vastly expanded research agenda The Companion provides readers with a definitive and dependable state of art review of current research in each of the chosen areas that is all embracing and all inclusive of its subject matter The chapters focus on the regional and the sub regional as well as the national and the global In so doing they aim to give a snap shot that is contextual coherent and comprehensive The contributors are both world renowned scholars and newer voices and include scholars practitioners former judges and researchers and policy makers who are currently working for international organisations

The Superior Courts Network European Court of Human Rights,2025-05-01 A network designed to facilitate dialogue between the European Court of Human Rights and the national superior courts Launched by the European Court of Human Rights in 2015 the Superior Courts Network SCN has matured into a vibrant operational level community in the service of human rights the rule of law and justice Ten years on and spanning 111 member courts in all 46 Council of Europe member States the SCN remains dedicated to sharing knowledge and know how for the mutual benefit of judiciaries across Europe and beyond This anniversary compilation offers unique perspectives on the Network s genesis and evolution as well as on its influence on domestic jurisprudence These insights make a strong case for the added value of judicial dialogue and collaboration in the shared implementation of the European Convention on Human Rights *Against Sortition?* Geoffrey Grandjean,2024-05-07 Sortition is widely used in our political systems to constitute citizen panels It is now possible to study the limits of this method of selecting our political representatives This book presents the institutionalization of sortition while questioning its political consequences in terms of representation and deliberation Several examples are used such as the Citizens Climate Convention in France and the Conference on the Future of Europe In the end the book helps to identify the consequences of using sortition with regard to the principles of equality and inclusion Above all it offers readers the possibility of continuing to reflect on this method of random selection while promoting the implementation of greater equality between citizens **Spain After Franco** Richard Gunther,Giacomo Sani,Goldie Shabad,2023-11-15 **Young People's**

Human Rights and the Politics of Voting Age Sonja C. Grover, 2010-10-05 *Young People's Human Rights and The Politics of Voting Age* explores the broader societal implications of voting age eligibility requirements and the legislative bar against youth voting in North America and in Commonwealth countries where youth is defined as persons 16 and over but under age 18. The issue is raised as to whether the denial of the youth vote undermines democratic principles and values and ultimately the human dignity of youth. This is the first book to address the topic of the youth vote in depth as a fundamental human rights concern relating to the entitlement in a democracy to societal participation and inclusion in influencing policy and law which profoundly affects one's life. Also examined are international perspectives on the issue of voting age eligibility. The book would be extremely valuable for instructional purposes as one of the primary texts in undergraduate or graduate courses on children's human rights, political psychology, political science, sociology of law or society and as a supplementary text for courses on human rights or constitutional law and would be of interest also to members of the general public concerned with children's human rights issues.

Brazilians Abroad Bruno Mascitelli, 2018-06-11 Emigrant voting has been implemented in more than 150 countries in the world allowing emigrants to take part in the elections of their home country. This phenomenon is a consequence of global migration and political transnationalism. Looking at the experience of Brazil, this book explores the changed nature of Brazilian emigration and analyses how emigrant voting was initially introduced and subsequently permitted in all presidential elections. The book also investigates what external voting rights represent to the Brazilian emigrant community and if and how Brazilian emigrants engage politically with their country of origin. It is based on original research and data collected from Brazilians abroad across the seven countries with the most Brazilian emigrants.

Chronic Lymphocytic Leukemia: New Insights for the Healthcare Professional: 2011 Edition, 2012-01-09 *Chronic Lymphocytic Leukemia: New Insights for the Healthcare Professional: 2011 Edition* is a ScholarlyBrief that delivers timely, authoritative, comprehensive and specialized information about Chronic Lymphocytic Leukemia in a concise format. The editors have built *Chronic Lymphocytic Leukemia: New Insights for the Healthcare Professional: 2011 Edition* on the vast information databases of ScholarlyNews. The Frontiers of Democracy L. Beckman, 2009-08-20 *The Frontiers of Democracy* offers a comprehensive examination of restrictions on the vote in democracies today. For the first time, the reasons for excluding people, prisoners, children, intellectually disabled, non-citizens from the suffrage in contemporary societies is critically examined from the point of view of

democratic theory

memorie d una ragazza perbene simone de beauvoir - Aug 12 2023

web jun 10 2014 le tappe obbligate d una educazione sentimentale l inevitabile scontro con la famiglia e l ambiente sociale dell alta borghesia francese conservatrice e bigotta i

4 4 the properties of protons neutrons and electrons - Sep 05 2022

web may 20 2018 protons have a positive electrical charge of one 1 and a mass of 1 atomic mass unit amu which is about 1 67 10 27 kilograms together with neutrons they make up virtually all of the mass of an atom neutrons atoms of all elements except for most atoms of hydrogen have neutrons in their nucleus

atom calculator protons symbolab - Jun 02 2022

web how do you calculate the number of protons in an atom the atomic number is the same as the number of protons in the nucleus of an atom the atomic number of an element can be found in the periodic table how do you calculate the atomic charge to calculate the atomic charge subtract the number of electrons from its atomic number

how to calculate the number of protons neutrons and electrons - Jul 15 2023

web we know that the mass number a number of protons the number of neutrons and therefore the number of protons is equal to p 35 18 17 and therefore the element is cl the number of protons from electrons for a neutral atom the number of protons and the number of electrons are equal this is what makes the atom charge free

2 3 calculating atomic masses problems chemistry libretexts - Jan 29 2022

web determine the number of protons neutrons and electrons in the following isotopes that are used in medical diagnoses a atomic number 9 mass number 18 charge of 1 b atomic number 43 mass number 99 charge of 7 c atomic number 53 atomic mass number 131 charge of 1 d atomic number 81 atomic mass number 201 charge of 1

atomic number atomic mass and isotopes khan academy - Mar 31 2022

web together the number of protons and the number of neutrons determine an element s mass number mass number protons neutrons if you want to calculate how many neutrons an atom has you can simply subtract the number of protons or atomic number from the mass number a property closely related to an atom s mass number is its atomic

4 4 the properties of protons neutrons and electrons - Nov 07 2022

web protons and neutrons have approximately the same mass but they are both much more massive than electrons approximately 2 000 times as massive as an electron the positive charge on a proton is equal in magnitude to the negative charge on an electron

atomic structure practice khan academy - Feb 27 2022

web choose 1 answer protons neutrons and photons a protons neutrons and photons positrons neutrons and electrons b positrons neutrons and electrons protons electrons and positrons c protons electrons and positrons protons neutrons and electrons d protons neutrons and electrons stuck

atomic number and mass number atomic structure aqa bbc - Aug 04 2022

web atomic structure atoms consist of a nucleus containing protons and neutrons surrounded by electrons in shells the number of subatomic particles in an atom can be calculated from the

protons neutrons and electrons atomic structure ccea bbc - Jun 14 2023

web you can use these numbers to calculate the number of protons neutrons and electrons in an atom number of protons number of electrons atomic number number of neutrons mass number

it s elemental element math game thomas jefferson national - Dec 28 2021

web if you don t know how to calculate the number of protons neutrons electrons or nucleons that are in an atom of an element reading this page may help you would you like to practice only the first 36 elements would you like the challenge of having questions with just big atomic numbers

4 4 protons neutrons and electrons chemistry libretexts - Dec 08 2022

web protons and neutrons have approximately the same mass but they are both much more massive than electrons approximately 2 000 times as massive as an electron the positive charge on a proton is equal in magnitude to the negative charge on an electron

how to calculate the number of protons neutrons and electrons - Mar 11 2023

web sep 8 2018 this chemistry video tutorial explains how to calculate the number of protons neutrons and electrons in an atom or in an ion it also explains the difference between atomic number mass

2 6 protons neutrons and electrons in atoms - Apr 12 2023

web jul 29 2022 describe the locations charges and masses of the three main subatomic particles determine the number of protons and electrons in an atom write and interpret symbols that depict the atomic number mass number and charge of an atom or ion define the atomic mass unit and average atomic mass

how to find number of protons neutrons and electrons - May 13 2023

web the easiest way to find the atomic number is to look on a periodic table the atomic number is in the upper left corner or is the largest number on the square finding the number of protons the number of protons in an atom is equal to the atomic number of the element for example let s use oxygen

number of protons neutrons and electrons in an atom - Feb 10 2023

web jun 2 2019 number of protons atomic number of the element number of electrons number of protons number of

neutrons mass number atomic number find the number of protons each element is defined by the number of protons found in each of its atoms no matter how many electrons or neutrons an atom has the element is defined

isotope composition counting protons electrons and neutrons - May 01 2022

web how many protons electrons and neutrons does the following isotope contain 13 text c 13c protons electrons neutrons show calculator

how to find the number of protons neutrons and electrons - Jul 03 2022

web jul 27 2017 the nuclide notation the letter s in the middle is the symbol of the element the number on the bottom left corner is the atomic number which tells you the number of protons the number on the upper left corner is the mass number which is equal to the neutrons and protons added together lastly the charge is on the upper right corner

atom calculator calctool - Oct 06 2022

web sep 14 2022 atom calculator created by davide borchia last updated sep 14 2022 table of contents what is an atom what can we calculate in an atom how to calculate protons neutrons and electrons how to find the atomic number and much more how to calculate the mass of an atom

atom calculator neutrons symbolab - Jan 09 2023

web how to calculate the atomic number the atomic number on an element is the same as the number of protons in the nucleus of its atom how do you calculate the number of neutrons in an atom to calculate the number of neutrons n in an atom subtract its atomic number from its atomic mass

how to find the number of protons neutrons and electrons wikihow - Aug 16 2023

web jul 25 2023 part 1 calculating protons electrons and neutrons 1 get a periodic table of elements the periodic table is a chart that organizes elements by their atomic structure it is color coded and assigns each element a unique 1 or 2 letter abbreviation other elemental information includes atomic weight and atomic number 1
