from the Eastern arm of the central spiral mystical and unafraid to embrace new technology Marching forth victorious the New Order has already conquered a thousand worlds Those who have tried to stand their ground have been cast aside Those who submit become the new frontier in an Empire promising to stretch to the eight corners of the known worlds For the first time in known history the balance of power is shifting away from the Guilds Now perhaps there is nothing to stand in the way of the advancing forces **The Mahabharata** ,2015-06-01 The Greatest Story Ever Told Dispute over land and kingdom may lie at the heart of this story of war between cousins the Pandavas and the Kouravas but the Mahabharata is about conflicts of dharma These conflicts are immense and various singular and commonplace Throughout the epic characters face them with no clear indications of what is right and what is wrong there are no absolute answers Thus every possible human emotion features in the Mahabharata the reason the epic continues to hold sway over our imagination In this superb and widely acclaimed translation of the complete Mahabharata Bibek Debroy takes us on a great journey with incredible ease
