Alex Fradkin revisits some of the same places they explored together in the early 1970s. From their written and visual approaches, this father-son team brings a unique generational perspective to the subject. Mixing history, geography, interviews, personal experiences, and photographs, they find a wealth of stories and memorable sights in the multiplicity of landscapes defined by them as the Wild, Agricultural, Residential, Tourist, Recreational, Industrial, Military, and Political coasts. Alex Fradkin's expressive photographs add a layer of meaning, enriching the subject with their distinctive eloquence while bringing a visual dimension to his father's words. In this way, the book becomes the story of a close relationship within a probing study of a varied and contested coastline.

Imperial William T. Vollmann, 2009-07-30 From the author of *Europe Central*, winner of the National Book Award, a journalistic tour de force along the Mexican American border, a finalist for the National Book Critics Circle Award. For generations of migrant workers, Imperial Country has held the promise of paradise and the reality of hell. It sprawls across a stirring accidental sea across the deserts, date groves, and labor camps of Southeastern California, right across the border into Mexico. In this eye-opening book, William T. Vollmann takes us deep into the heart of this haunted region, exploring polluted rivers and guarded factories and talking with everyone from Mexican migrant workers to border patrolmen. Teeming with patterns, facts, stories, people, and hope, this is an epic study of an emblematic region.

Chicano Communists and the Struggle for Social Justice Enrique M. Buelna, 2019-04-02 In the 1930s and 1940s, the early roots of the Chicano Movement took shape. Activists like Jesus Cruz and later Ralph Cuarón sought justice for miserable working conditions and the poor treatment of Mexican Americans and immigrants through protests and sit-ins. Lesser known is the influence that Communism and socialism had on the early roots of the Chicano Movement, a legacy that continues today. Examining the role of Mexican American working class and radical labor activism in American history, Enrique M. Buelna focuses on the work of the radical Left, particularly the Communist Party (CP) USA. Buelna delves into the experiences of Cuarón in particular, as well as those of his family. He writes about the family's migration from Mexico, work in the mines in Morenci, Arizona, move to Los Angeles during the Great Depression, service in World War II, and experiences during the Cold War as a background to exploring the experiences of many Mexican Americans during this time period. The author follows the thread of radical activism and the depth of its influence on Mexican Americans struggling to achieve social justice and equality. The legacy of Cuarón and his comrades is significant to the Chicano Movement and in understanding the development of the labor and civil rights movements in the United States. Their contributions, in particular during the 1960s and 1970s, informed a new generation to demand an end to the Vietnam War and to expose educational inequality, poverty, civil rights abuses, and police brutality.
