Bernardino de Sahagun Miguel Leon-Portilla, 2012-09-13 He was sent from Spain on a religious crusade to Mexico to detect the sickness of idolatry but Bernardino de Sahag n c 1499 1590 instead became the first anthropologist of the New World The Franciscan monk developed a deep appreciation for Aztec culture and the Nahuatl language In this biography Miguel Le n Portilla presents the life story of a fascinating man who came to Mexico intent on changing the traditions and cultures he encountered but instead ended up working to preserve them even at the cost of persecution Sahag n was responsible for documenting numerous ancient texts and other native testimonies He persevered in his efforts to study the native Aztecs until he had developed his own research methodology becoming a pioneer of anthropology Sahag n formed a school of Nahua scribes and labored with them for more than sixty years to transcribe the pre conquest language and culture of the Nahuas His rich legacy our most comprehensive account of the Aztecs is contained in his Primeros Memoriales 1561 and Historia General de las Cosas de Nueva Espa a 1577 Near the end of his life at age 91 Sahag n became so protective of the Aztecs that when he died his former Indian students and many others felt deeply affected Translated into English by Mauricio J Mixco Le n Portilla s absorbing account presents Sahag n as a complex individual a man of his times yet a pioneer in many ways

Carlos Monsiv is Linda Egan, 2001-09 One of Mexico s foremost social and political chroniclers and its most celebrated cultural critic Carlos Monsiv is has read the pulse of his country over the past half century The author of five collections of literary journalism pieces called cr nicas he is perhaps best known for his analytic and often satirical descriptions of Mexico City s popular culture This comprehensive study of Monsiv is s cr nicas is the first book to offer an analysis of these works and to place Monsiv is s work within a theoretical framework that recognizes the importance of his vision of Mexican culture Linda Egan examines his ideology in relation to theoretical postures in Latin America the United States and Europe to cast Monsiv is as both a heterodox pioneer and a mainstream spokesman She then explores the poetics of the contemporary chronicle in Mexico reviewing the genre s history and its relation to other narrative forms Finally she

focuses on the canonical status of Monsivís work devoting a chapter to each of his five principal collections Egan argues that the five books that are the focus of her study tell a story of ever renewing suspense we cannot know the end until Monsivís is through constructing his literary project Despite this she observes his work between 1970 and 1995 documents important discoveries in his search for causes effects and deconstructions of historical obstacles to Mexico's passage into modernity While anthropologists and historians continue to introduce new paradigms for the study of Mexico's cultural space Egan's book provides a reflexive twist by examining the work of one of the thinkers who first inspired such a critical movement More than an appraisal of Monsivís it offers a valuable discussion of theoretical issues surrounding the study of the chronicle as it is currently practiced in Mexico It balances theory and criticism to lend new insight into the ties between Mexican society social conscience and literature

human perception and aesthetics In this context envisioning the fruits of language mapping is a fascinating and inspiring endeavor not just for experts With its accessible texts and wealth of full color images the handbook not only represents a comprehensive manual serving the interests of a variety of readers it also fills a gap in the ongoing linguistic discourse
