Lost Brides:

"*The Gospel According to the Lamb's Bride*" Barbara Ann Mary Mack, 2007-09-12 The Gospel According To The Lamb s Bride consists of the compilation of ten books written by the author within the past five years The author refers to this book as a Bible because it consists of a spiritual dialogue between the author and Almighty God The Gospel According To The Lamb s Bride consists of prophetic utterances that were conveyed to the author by God Barbara speaking to Jesus the Lamb of God My Lord I thank You for allowing your bride Barbara the opportunity to share in the agony that You experienced when You walked among Your children O Holy Spouse of mine you have graced me with the privilege to share in the agony that comes with being the wife of the wounded Lamb of God You have blessed me with divine strength so that I will endure the suffering that accompanies my mission of Love O gracious spouse of mine shine on your chosen bride so that I will have the strength to withstand the agony that follows me to my destination with you God the father speaking of his brides Barbara exit from heaven 5 Let the Gates of Heaven open wide as you exit My daughter Let the Heavens sound its trumpets as you exit My love Let the doors to Paradise open wide as you exit **Longman's Magazine** ,1885 *The Lost Wedding-ring* Cortland Myers,1902 **Wedding Dreams** Debbie Macomber, Sheila Roberts, 2016-08-01 It s not the wedding of her dreams or is it First Comes Marriage by Debbie Macomber Janine Hartman loves her grandfather but balks at his plan to choose her a husband Zach Thomas the intended groom has recently merged his business with the Hartman family firm and that s the only Hartman Thomas merger he wants But Grandfather has other ideas ideas belonging to a different place a different time It would be a perfect match he insists Zach and Janine don t agree In fact they agree on only one thing that Gramps is a stubborn meddling old man But what if he s right There s no wedding in her dreams or is there Sweet Dreams on Center Street by Sheila Roberts previously published as Better Than Chocolate Sweet Dreams Chocolate Company has been in the Sterling family for generations but now it looks as if they re about to lose it to the bank That would be a disaster for the family and for the town of Icicle Falls Washington Can Samantha the eldest daughter and new head of the company come up with a way to save it Unfortunately the fate of Sweet Dreams is in the hands of her archenemy Blake Preston the bank manager with the football hero good looks It s enough to drive her to chocolate But Blake s also enough to convince her that believe it or not there s something even better than chocolate [Archaeo-Astronometria](#) Dean Clarke, 2008-10-23 There have been many books on the origin of astronomy some good and some very poorly address the issues of ancient mans interests in the stars The ancient Sumer and Egyptian notions of music mostly confirms how ancient this notion is in their chorded progressions of tone This notion is more an Upper Paleolithic celestial idea In a sense man during this time man was beginning to have a concept of north south east and west in spatial terms It involves the curvature of the ribs of Nut the Egyptian Sky Goddess as a ribbed vaulted sky and sometimes in a horizon sense of a bowing arch of a stars path or the curve of a bone in the stars moving path The half way point of this fall for say our Nut Adam and Eve would thus be about 27 000

BC which falls in a significant period Ice Age re emergence and a deserts expanding in equator regions These are only a small part of what had to addressed in origins of night sky studies The point being this piece as fake or not is that the components of the animals man plants and mans artifacts were very early on displayed We might ask in such a condition what was their night sky If we look at all of these constellations they fall below the Celestial Equator in the South Pole region mostly It would seem that all these birds to them being placed in the night sky like the stars and as they watched what directions the birds along with stars as to where they went in order to ascertain their relations to dusk or dawn night sky What caused the South Africa plight of 80 000 BC The Antarctica had been growing ice forms from 170 000 BC to 80 000 BC towards the north and then around 70 000 BC there seemed to be a melting trend back south In an astronomy sense we can thank him for larger game entering in the pantheon of the constellations or the leaf otter and some constellations lost to time like the mammoths What does this have to do with constellations taboos or the advent of Cro Magnon man well in the depictions of constellation images Slowly from east to west the stars move but then it did not take man not long after 70 000 BC to note that some planets or stars seemed to move retrograde in the night sky This book address what ideas did they show or have before or after these earth changes As ideas such as Maybe it was a lasso constellation for some animals capture as a God of Capture And Somewhere around the time of 50 000 BC in the region of northern England to the region above the Black Sea there occurred a melting phase between the ice ages and cultures began to spread The evidence of this is found by different locations in Europe and Central Europe of the use of rock shadows stars noted by hands in movement and certain hand symbols by star images or dots as stars not just stab marks Ironical again that Man beside Woman on the pole treetop does not have strong reminders of the Adam Eve Tree and the Serpent as maybe Draco The symbol anciently always shows the snake at the foot of the tree or ascended the tree at the apex of the trunk which if astronomy wise would mean an ascended constellation to the Zenith or the Pole Draco thus deposed Adam and Eve from their own constellation garden and domain by it ascending as an ancient Pole Axis Mundi Thus the smoke screen really is a tied between this local area of France and Late Paleolithic Mans ideas of that region in the night sky of a certain year or month period of hunting Although we have jumped forward in the time of ancient astronomy beginnings in a way really in this sense we have not To the real beginnings of little known ancient astronomy
