discovered texts such as the Gospel of Thomas the Gospel of Mary and even the Dead Sea Scrolls undermine the historical validity of the New Testament Jenkins places the recent controversies surrounding the hidden gospels in a broad historical context and argues that far from being revolutionary such attempts to find an alternative Christianity date back at least to the Enlightenment By employing the appropriate scholarly and historical methodologies he demonstrates that the texts purported to represent pristine Christianity were in fact composed long after the canonical gospels found in the Bible Produced by obscure heretical movements these texts have attracted much media attention chiefly because they seem to support radical feminist and post modern positions in the modern church Indeed Jenkins shows how best selling books on the hidden gospels have been taken up by an uncritical drama hungry media as the basis for a social movement that could have powerful effects on the faith and practice of contemporary Christianity

Maidens, Magic and Martyrs in Early Christianity Jan N. Bremmer,2017-07-13 In this work Jan N Bremmer aims to bring together the worlds of early Christianity and those of ancient history and classical literature worlds that still all too rarely interlock Contextualising the life and literature of the early Christians in their Greco Roman environment he focusses on four areas A first section looks at more general aspects of early Christianity the name of the Christians their religious and social capital prophecy and the place of widows and upper class women in the Christian movement Second the chronology and place of composition of the early apocryphal Acts of the Apostles and Pseudo Clementines are newly determined by paying close attention to their doctrinal contents but also innovatively to their onomastics and social vocabulary The author also analyses the frequent use of magic in the Acts and explains the prominence of women by comparing the Acts to the Greek novel Third an investigation into the theme of the tours of hell suggests a new chronological order shows that the Christian tours were indebted to both Greek and Jewish models and illustrates that in the course of time the genre dropped a large part of its Jewish heritage The fourth and final section concentrates on the most famous and intriguing report of an ancient martyrdom the Passion of Perpetua It pays special attention to the motivation and visions of Perpetua which are analyzed not by taking recourse to modern theories such as psychoanalysis but by looking to the world in which Perpetua lived both Christian and pagan It is only by seeing the early Christians in their ancient world that we might begin to understand them and their emerging communities Publisher s description

Knowledge Lost Martin Mulrow,2025-08-19 A compelling alternative account of the history of knowledge from the Renaissance to the Enlightenment Until now the history

of knowledge has largely been about formal and documented accumulation concentrating on systems collections academies and institutions The central narrative has been one of advancement refinement and expansion Martin Mulso tells a different story Knowledge can be lost manuscripts are burned oral learning dies with its bearers new ideas are suppressed by censors Knowledge Lost is a history of efforts from the Renaissance to the Enlightenment to counter such loss It describes how critics of ruling political and religious regimes developed tactics to preserve their views how they buried their ideas in footnotes and allusions how they circulated their tracts and treatises in handwritten copies and how they commissioned younger scholars to spread their writings after death Filled with exciting stories Knowledge Lost follows the trail of precarious knowledge through a series of richly detailed episodes It deals not with the major themes of metaphysics and epistemology but rather with interpretations of the Bible Orientalism and such marginal zones as magic And it focuses not on the usual major thinkers but rather on forgotten or half forgotten members of the knowledge underclass such as Pietro della Vecchia a libertine painter and intellectual Charles C sar Baudelot an antiquarian and numismatist and Johann Christoph Wolf a pastor Hebrew scholar and witness to the persecution of heretics Offering a fascinating new approach to the intellectual history of early modern Europe Knowledge Lost is also an ambitious attempt to rethink the very concept of knowledge

Huna, Recovering the Ancient Magic Max Freedom Long, 2015-01-09 AFTER an eighteen year study of Magic in its various forms not the spurious magic of the stage but the genuine magic that works miracles I come as a layman to report my findings to other laymen Fourteen years of my study have been spent largely in Hawaii endeavoring to penetrate beyond the externals of native magic and discover its basic secret Months and years slipped by I accumulated more and more data concerning the externals of kahuna magic From that data I constructed theory after theory only to be forced to discard each in turn I gathered more data sorting and sorting trying to match this odd bit with that trying always to find some clue to the secret of power It is my hope that those wiser than myself may be able to correct my theories add what data I have been unable to uncover and so help forward the full recovery of Magic toward the day when even the humblest of God s children will be able to share in the bright heritage so long lost Get Your Copy Today

Messias Puer: Christian Knorr von Rosenroth's Lost Exegesis of Kabbalistic Christianity Anna M. Vilen, Robert J. Wilkinson, 2020-12-15 Previously considered irretrievably lost the discovery of the only manuscript of the Messias Puer composed by Knorr von Rosenroth the leading exponent of Christian Kabbalah in the seventeenth century gives us an important insight into the evolution of his thought and specific vision of the relations between Jews and Christians Moreover the subtle intertwining of both Kabbalah and the emerging biblical criticism at work in this partial commentary on the New Testament Gospels sheds new light on the largely unexplored role of Esotericism during the Modern Era in the construction of the future study of religion This book

includes a critical edition of the original manuscript and an annotated translation *The Globalization of God* Dara Molloy, 2015-11-10 Roman Catholicism was the first multinational corporation Preaching was the forerunner of advertising Roman Catholicism created the template for the spread of commercial globalisation through multinational corporations For global Christianity to succeed all local expressions of Christianity had to be suppressed These included Celtic Christianity For 800 years the Roman church tried to break the independent spirit of Celtic Christianity Despite being defeated in 1014 at the Battle of Clontarf the Irish Vikings through their urban bishops were key actors in the imposition of Roman episcopal structures of church throughout Ireland in the 12th century There was an invasion of Norman monks to Ireland which began in 1142 twenty five years before the military invasion in 1167 The ecclesiastical colonisation of Ireland meant that a Roman episcopal and diocesan structure replaced the Celtic monastic structure Norman colonisers destroyed Celtic monasteries and replaced them with imported European religious orders Cistercian monasteries in Ireland were required to have French abbots and sometimes these were imposed by force no Irishman was allowed to become a bishop or attain any ecclesiastical high office St Malachy of Armagh betrayed his own Celtic heritage and was a key figure in bringing about the ecclesiastical colonisation of Ireland Monotheism is the mythical container for globalization Humans will fail to return to a sustainable way of living on this planet until the mythological container of monotheism is replaced by new bioregional spiritualities that go beyond both monotheism and polytheism **Love Spells and Lost Treasure** Tabitha Stanmore, 2022-12-22 Magic is ubiquitous across the world and throughout history Yet if witchcraft is acknowledged as a persistent presence in the medieval and early modern eras practical magic by contrast performed to a useful end for payment and actually more common than malign spellcasting has been overlooked Exploring many hundred instances of daily magical usage and setting these alongside a range of imaginative and didactic literatures Tabitha Stanmore demonstrates the entrenched nature of service magic in premodern English society This she shows was a type of spellcraft for needs that nothing else could address one well established by the time of the infamous witch trials The book explores perceptions of magical practitioners by clients and neighbours and the way such magic was utilised by everyone from lowliest labourer to highest lord Stanmore reveals that even if technically illicit magic was for most people an accepted even welcome aspect of everyday life *The Lost Pillars of Enoch* Tobias Churton, 2020-12-29 Explores the unified science religion of early humanity and the impact of Hermetic philosophy on religion and spirituality Investigates the Jewish and Egyptian origins of Josephus's famous story that Seth's descendants inscribed knowledge on two pillars to save it from global catastrophe Reveals how this original knowledge has influenced civilization through Hermetic Gnostic Kabbalistic Masonic Hindu and Islamic mystical knowledge Examines how Enoch's Pillars relate to the origins of Hermeticism Freemasonry Newtonian science William Blake and Theosophy Esoteric tradition has long maintained that at the dawn of human civilization there existed a unified science religion a spiritual grasp of the universe and our place in it The biblical Enoch also known as Hermes Trismegistus Thoth or

Idris was seen as the guardian of this sacred knowledge which was inscribed on pillars known as Enoch's or Seth's pillars. Examining the idea of the lost pillars of pure knowledge, the sacred science behind Hermetic philosophy, Tobias Churton investigates the controversial Jewish and Egyptian origins of Josephus's famous story that Seth's descendants inscribed knowledge on two pillars to save it from global catastrophe. He traces the fragments of this sacred knowledge as it descended through the ages into initiated circles influencing civilization through Hermetic, Gnostic, Kabbalistic, Masonic, Hindu, and Islamic mystical knowledge. He follows the path of the pillars' fragments through Egyptian alchemy and the Gnostic Sethites, the Kabbalah, and medieval mystic Ramon Llull. He explores the arrival of the Hermetic manuscripts in Renaissance Florence, the philosophy of Copernicus, Pico della Mirandola, Giordano Bruno, and the origins of Freemasonry, including the revival of Enoch in Masonry's Scottish Rite. He reveals the centrality of primal knowledge to Isaac Newton, William Stukeley, John Dee, and William Blake, resurfacing as the tradition of Martinism, Theosophy, and Thelema. Churton also unravels what Josephus meant when he asserted one Sethite pillar still stood in the Seiriadic land, land of Sirius worshippers. Showing how the lost pillars stand as a twenty-first century symbol for reattaining our heritage, Churton ultimately reveals how the esoteric strands of all religions unite in a gnosis that could offer a basis for reuniting religion and science.

[The Doctrine and Ritual of High Magic](#) Eliphas Lévi, 2017-04-04. Filling a huge gap in our spiritual culture, here at last is a comprehensive and elegant translation of the 1854 French masterwork of occult philosophy. *The Doctrine and Ritual of High Magic* reignited the esoteric spiritual search in the West and led to the emergence of Madame Blavatsky, Manly P. Hall, and the New Age revolution. Lévi's study of magic is an absolute must for every seeker in occult, esoteric, and druidic realms, but this need has been frustrated by dated and inaccurate translations until now. Greer, a respected occult scholar, and Mikituk, a masterful translator, collaborate to restore this landmark work complete with its original illustrations and symbols to the center of the alternative spiritual canon.

[Magic Weapons](#) Sam McKegney, 2007-11-30. The legacy of the residential school system ripples throughout Native Canada; its fingerprints on domestic violence, poverty, alcoholism, drug abuse, and suicide rates that continue to cripple many Native communities. *Magic Weapons* is the first major survey of Indigenous writings on the residential school system and provides groundbreaking readings of life writings by Rita Joe, Miikmaq, and Anthony Apakark Thrasher. Inuit, as well as in-depth critical studies of better-known life writings by Basil Johnston (Ojibway) and Tomson Highway (Cree). *Magic Weapons* examines the ways in which Indigenous survivors of residential school mobilize narrative in their struggles for personal and communal empowerment in the shadow of attempted cultural genocide. By treating Indigenous life writings as carefully crafted aesthetic creations and interrogating their relationship to more overtly politicized historical discourses, Sam McKegney argues that Indigenous life writings are culturally generative in ways that go beyond disclosure and recompense, re-envisioning what it means to live and write as Indigenous individuals in post-residential school Canada.

[The Lost Art of Enochian Magic](#) John DeSalvo, 2010-05-14. A practical guide to Dr. John Dee's angelic magic. Contains instructions for

performing Enochian magic meditations Examines John Dee s original diaries from the British Library Enochian magic is a powerful ancient system for opening portals to heavenly realms and enabling the ascent to God The basis for many of the modern systems of magic including the Golden Dawn Enochian magic is named after the biblical prophet Enoch who received the same knowledge and wisdom that was later conveyed to the astrologer to the court of Queen Elizabeth I Dr John Dee by angels in the 16th century In *The Lost Art of Enochian Magic* John DeSalvo traces the history of magic from the earliest civilizations of the Akadians and Egyptians through the Greco Roman period and up to the present time to reveal how magic has penetrated and influenced our religious beliefs and practices today Through his unprecedented investigation into the angelic magic of Dr John Dee during which time he deciphered Dee s original phonetic notations in the margins of Dee s 16th century diaries DeSalvo learned to properly reproduce the Enochian calls which act like mantras in opening higher realms and invoking angels key to this type of magical practice DeSalvo shows how to use Enochian magic for personal spiritual development and also as protection from negative energies
