 The Lost Language of Plants This is a devastating expose about how we are polluting our environment with the
 pharmaceuticals that Western medicine has developed to heal us We are ingesting Prozac Premarin and antibiotics whether
 we want to or not Yet as we foul air and water with toxic residues we overlook the power of the planet s natural healers
 stabilizers and chemists plants Buhner sees plants as fully sentient beings adjusting and fine tuning to the environment just
 as they have done for the past 500 million years Until recently humans shared the language of plants but increasingly we
 have lost our ability to communicate with the natural world Buhner shows us a path back to our shamanic roots BOOK
