and San Gimignano satisfy us with their seemingly unbroken panoramas onto historical moments untouched by time but elsewhere modern intrusions alter and obstruct the view to the landscapes of our expectations As seasonal tourist or seasoned historian we edit the encroachments time and change have wrought on our image of Italy The learning of history is always a complex task one that in the Italian environment is complicated by the changes wrought everywhere over the past 250 years Culture on the peninsula continues to evolve with characteristic vibrancy Italy is not a museum To think of it as such as a disorganized yet phenomenally rich museum unchanging in its exhibits is to misunderstand the nature of the Italian cultural condition and the writing of history itself
