**Censoring Sex** John E. Semonche,2007-07-20 In this gracefully written accessible and entertaining volume John Semonche surveys censorship for reasons of sex from the nineteenth century up to the present He covers the various forms of American media books and periodicals pictorial art motion pictures music and dance and radio television and the Internet The tale is varied and interesting replete with a stock of colorful characters such as Anthony Comstock Mae West Theodore Dreiser Marcel Duchamp Opie and Anthony Judy Blume Jerry Falwell Alfred Kinsey Hugh Hefner and the Guerilla Girls Covering the history of censorship of sexual ideas and images is one way of telling the story of modern America and Semonche tells that tale with insight and flair Despite the varieties of censorship running from self censorship to government bans a common story is told Censorship whether undertaken to ward off government regulation to help preserve the social order or to protect the weak and vulnerable proceeds on the assumption that the censor knows best and that limiting the choices of media consumers is justified At various times all of the following groups were perceived as needing protection from sexually explicit materials children women the lower classes and foreigners As social and political conditions changed however the simple fact that someone was a woman or a day laborer did not support stereotyping that person as weak or impressionable What would remain as the only acceptable rationale for censorship of sexual materials was the protection of children and unconsenting adults For each mode of media Semonche explains via abundant examples how and why censorship took place in America Censoring Sex also traces the story of how the cultural territory contested by those advocating and opposing censorship has diminished over the course of the last two centuries Yet Semonche argues the censorship of sexual materials that continues in the United States poses a challenge to the free speech that is part of the foundation upon which the nation is built Indeed in an era in which sexual images are pervasive and the need for reliable information about sex and sexuality is growing he questions the remaining rationales for censorship and the justification for placing obscenity outside the protection of the U S Constitution      **Nebraska History** Addison Erwin Sheldon,James Lee Sellers,James C.
