The Treasure House of Early American Rooms John A. H. Sweeney,Henry Francis du Pont Winterthur Museum,1963 Shows the rooms furniture and art objects in Winterthur the former home of Henry Francis du Pont now a museum near Wilmington Delaware and containing one of the handsomest single collections ever assembled **Antiques** ,1928 Own Your Own Home ,1928 *Killer Stuff and Tons of Money* Maureen Stanton,2011-06-09 One dealer s journey from the populist mayhem of flea markets to the rarefied realm of auctions reveals the rich often outrageous subculture of antiques and collectibles Millions of Americans are drawn to antiques and flea market culture whether as participants or as viewers of the perennially popular Antiques Roadshow or the recent hit American Pickers This world has the air of a lottery a 20 purchase might net you four five or six figures Master dealer Curt Avery the unlikely star of Killer Stuff and Tons of Money plays that lottery every day and he wins it more than most Occasionally he gets lucky but more often he draws on a deep knowledge of America s past and the odd fascinating and beautiful objects that have survived it Week in week out Avery trawls the flea and antiques circuit buying selling and advising other dealers in his many areas of expertise from furniture to glass to stoneware and more On the surface he s an improbable candidate for an antiques dealer He wrestled in high school and still retains the pugilistic build he is gruff funny and profane he favors shorts and sneakers even in November and he is remarkably generous toward both competitors and customers who want a break But as he struggles for a spot in a high end Boston show he must step up his game and perhaps more challenging fit in with a white shoe crowd Through his ascent we see the flea osphere for what it truly is less a lottery than a contact sport with few rules and many pitfalls This rich and sometimes hilarious subculture rewards peculiar interests and outright obsessions one dealer specializes in shrunken heads another wants all the postal memorabilia he can get So Avery must be a guerrilla historian and use his hard earned knowledge of America s past to live by and off his wits Only the smartest survive in one of America s most ruthless meritocracies Killer Stuff and Tons of Money is many things an insider s look at a subculture replete with arcane traditions and high drama an inspiring account of a self made man making his way in a cutthroat field a treasure trove of tips for those who seek out old things themselves and a thoroughly fresh vibrant view of history as blood sport *Library Catalog of the Metropolitan Museum of Art* Metropolitan Museum of Art (New York, N.Y.). Library,1977 **War No More: Three Centuries of American Antiwar & Peace Writing (LOA #278)** Lawrence Rosenwald,2016-06-14 A powerful collection of essential American antiwar writings from the Revolution to the war on terror featuring over 150 eloquent provocative voices for peace Library of America presents an unprecedented tribute to a great American literary tradition War has been a reality

of the American experience from the founding of the nation and in every generation there have been dedicated and passionate visionaries who have responded to this reality with vital calls for peace. Spanning from the American Revolution to the war on terror, *War No More* gathers the essential texts of this uniquely American antiwar tradition in one volume for the first time. Classic expressions of conscience like Thoreau's seminal *Civil Disobedience* lay the groundwork for such influential modern theorists of nonviolence as David Dellinger, Thomas Merton, and Barbara Deming. The long arc of the American antiwar movement is vividly traced in the urgent appeals of activists made in soaring oratory and galvanizing song and in dramatic dispatches from the front lines of antiwar protests. The voices of veterans from the Civil War to the Iraq War are prominently represented, as is the firsthand testimony of conscientious objectors. Contemporary writers including Barbara Kingsolver, Jonathan Schell, Nicholson Baker, and Jane Hirshfield demonstrate the ongoing richness of this literature in the years since September 11, 2001. Featuring more than 150 eloquent and provocative writers in all, *War No More* is a bible for activists, a go-to resource for scholars and students, and an inspiring and fascinating story for every reader interested in the crosscurrents of war and peace in American history.
